How to Democratize Europe Stéphanie Hennette, Thomas Piketty, Guillaume Sacriste, Antoine Vauchez, 2019-05-08 An all star cast of scholars and politicians from Europe and America propose and debate the creation of a new European parliament with substantial budgetary and legislative power to solve the crisis of governance in the Eurozone and promote social and fiscal justice and public investment The European Union is struggling The rise of Euroskeptic parties in member states economic distress in the south the migrant crisis and Brexit top the news But deeper structural problems may be a greater long term peril Not least is the economic management of the Eurozone the nineteen countries that use the Euro How can this be accomplished in a way generally acceptable to members given a political system whose structures are routinely decried for a lack of democratic accountability How can the EU promote fiscal and social justice while initiating the long term public investments that Europe needs to overcome stagnation These are the problems a distinguished group of European and American scholars set out to solve in this short but valuable book Among many longstanding grievances is the charge that Eurozone policies serve large and wealthy countries at the expense of poorer nations It is also unclear who decides economic policy how the interests of diverse member states are balanced and to whom the decision makers are accountable The four lead authors Stéphanie Hennette Thomas Piketty Guillaume Sacriste and Antoine Vauchez describe these and other problems and respond with a draft treaty establishing a parliament for economic policy its members drawn from national parliaments We then hear from invited critics who express

support objections or alternative ideas How to Democratize Europe offers a chance to observe how major thinkers view some of the Continent's most pressing issues and attempt to connect democratic reform with concrete changes in economic and social policies

European Union Policies at a Time of Crisis Tomasz Grzegorz Grosse, 2017-03-02

In recent years and more specifically since the outbreak of the Eurozone crisis in 2010 the model of integration has changed The rising political power of the strongest Member States and the political segmentation of the European Union into separate circles of integration have become the new reality These processes have been accompanied by a range of related changes such as the growing politicisation of the European Commission increasing institutionalisation of the euro area and petrification of the geographical and political division into central and peripheral states in the EU At this point it is difficult to predict whether these changes will prove temporary or permanent and what will be their systemic consequences or in other words how will they impact Europe's political system It is similarly difficult to judge how the changes will influence specific EU policies An attempt to answer these difficult but compelling questions is the objective of our book

Zbigniew Czach r author of *The Crisis and Disrupted Dynamics of the European Union* The volume edited by Tomasz G Grosse promises to be a very valuable contribution to Polish European studies It belongs to the broader field of critical reflections on European integration and as such it opens new possibilities of constructive debate about the present and the future of the European Union
