Beyond Zuccotti Park RONALD SHIFFMAN; RICK BELL.,Ron Shiffman,Lance Jay Brown,Lynne Elizabeth, **Beyond Zuccotti Park** Ronald Shiffman,Rick Bell,Lance Jay Brown,Lynne Elizabeth,2012-10-02 Protests from Tahrir Square to Zuccotti Park have brought the crisis of public space to the forefront of our attention Where can the public congregate How can city planning design and policies support First Amendment rights to public assembly and free speech Forty experts in social science planning design civil liberties urban affairs and the arts use the Occupy movement as a springboard for original multidisciplinary essays that address these exigent questions This foundational book puts issues of democracy and civic engagement back into the center of dialogue about the built environment *Public Spaces, Marketplaces, and the Constitution* Anthony Maniscalco,2015-10-15 Examines how the Supreme Court has banished free expression from shopping malls and other public spaces In spite of their public attractions and millions of visitors most shopping malls are now off limits to free speech and expressive activity The same may be said about many other public spaces and marketplaces in American cities and suburbs leaving scholars and other observers to wonder where civic engagement is lawfully permitted in the United States In *Public Spaces Marketplaces and the Constitution* Anthony Maniscalco draws on key legal decisions social theory and urban history to demonstrate that public spaces have been split apart from First Amendment protections while the expression of political ideas has been excluded from privately owned publicly accessible malls Today the traditional indoor suburban shopping mall that icon of modern American capitalism and culture is being replaced by outdoor retail centers Yet the law and courts have been slow to catch up Maniscalco argues that scholars students and the public must confront these innovations in commercial design and consumer practices as well as what they portend for contemporary metropolitan America and its civic spaces Defining Landscape Democracy Shelley Egoz,Karsten Jørgensen,Deni Ruggeri,2018-06-29 This stimulating book explores theories conceptual frameworks and cultural approaches with the purpose of uncovering a cross cultural understanding of landscape democracy a concept at the intersection of landscape democracy and spatial justice The authors of *Defining Landscape Democracy* address a number of questions that are critical to the contemporary discourse on the right to landscape Why is democracy relevant to landscape How do we democratise landscape How might we achieve landscape and spatial justice **The Arsenal of Exclusion & Inclusion** Interboro Partners,Tobias Armbrorst,Daniel D'Oca,2021-06-28 With contributions from over fifty architects planners geographers historians and journalists *The Arsenal* offers a wide ranging view of the forces that shape our cities Who gets to be where *The Arsenal of Exclusion Inclusion* examines some of the policies practices and physical artifacts that have been used by planners policymakers developers real estate brokers community activists and other urban actors in the United States to draw erase or redraw the lines that divide *The Arsenal* inventories these weapons of exclusion and inclusion describes how they have been used and speculates about how they might be deployed or retired for the sake of more open cities in which more people

have access to more places With contributions from over fifty architects planners geographers historians and journalists The Arsenal offers a wide ranging view of the forces that shape our cities With contributions from some of the best minds in architecture such as Julie Behrens Bill Bishop Lisa Brawley Ava Bromberg Marshall Brown Common Room Charles Connerly Nathan Connolly Margaret Crawford Alexander D Hooghe Elizabeth Evitts Dickenson David Freund Gerald Frug Vincent James Jeffrey Johnson Michael Kubo Kaja Kuhl Matthew Lassiter Amy Lavine Setha Low Thomas Oles Michael Piper Wendy Plotkin Jenny Polak Albert Pope Mathan Ratinam Brian Ripel James Rojas Theresa Schwarz Roger Sherman Susan Sloan Lior Strahilevitz Meredith TenHoor William TenHoor Thumb Projects Graphic Design Stephen Walker and Jennifer Yoos among others This publication won a Graham Foundation Grant **Design for the Crowd** Joanna Merwood-Salisbury,2019-10-03 Situated on Broadway between Fourteenth and Seventeenth Streets Union Square occupies a central place in both the geography and the history of New York City Though this compact space was originally designed in 1830 to beautify a residential neighborhood and boost property values by the early days of the Civil War New Yorkers had transformed Union Square into a gathering place for political debate and protest As public use of the square changed so too did its design When Frederick Law Olmsted and Calvert Vaux redesigned the park in the late nineteenth century they sought to enhance its potential as a space for the orderly expression of public sentiment A few decades later anarchists and Communist activists including Emma Goldman turned Union Square into a regular gathering place where they would advocate for radical change In response a series of city administrations and business groups sought to quash this unruly form of dissidence by remaking the square into a new kind of patriotic space As Joanna Merwood Salisbury shows us in Design for the Crowd the history of Union Square illustrates ongoing debates over the proper organization of urban space and competing images of the public that uses it In this sweeping history of an iconic urban square Merwood Salisbury gives us a review of American political activism philosophies of urban design and the many ways in which a seemingly stable landmark can change through public engagement and design Published with the support of Furthermore a program of the J M Kaplan Fund The Routledge Handbook of Urban Design Research Methods Hesam Kamalipour,Patricia Aelbrecht,Nastaran Peimani,2023-08-24 As an evolving and contested field urban design has been made unmade and remade at the intersections of multiple disciplines and professions It is now a decisive moment for urban design to reflect on its rigour and relevance This handbook is an attempt to seize this moment for urban design to further develop its theoretical and methodological knowledge base and engage with the question of what urban design can be with a primary focus on its research This handbook includes contributions from both established and emerging scholars across the global North and global South to provide a more field specific entry point by introducing a range of topics and lines of inquiry and discussing how they can be explored with a focus on the related research designs and methods The specific aim scope and structure of this handbook are appealing to a range of audiences interested and or involved in shaping places and public spaces What makes this book quite distinctive from conventional

Modernism in the Streets Marshall Berman,2017-04-25 Marshall Berman was one of the great urbanists and Marxist cultural critics of the twentieth and twenty first centuries and his brilliant nearly sui generis book *All That Is Solid Melts Into Air* is a masterpiece of the literature on modernism But like many New York intellectuals the essay was his characteristic form accommodating his multifarious interests and expressing his protean searching exuberant mind This collection includes early essays from and on the radical 60s on New York City on literary figures from Kafka to Pamuk and late essays on rock hip hop and gentrification Concluding with his last essay completed just before his death in 2013 this book is Berman s intellectual autobiography tracing his career as a thinker through the way he read the signs in the street

Landscape and Utopia Jody Beck,2022-12-22 This book examines three landmark utopian visions central to 20th century landscape

architectural planning and architectural theory The period between the 1890s and the 1940s was a fertile time for utopian thinking Significant geographic shifts of large populations radically altered relations between capital and labor rapid technological developments large investments in transportation and energy infrastructure and repetitive economic disruptions motivated many individuals to wholly reimagine society including the connections between social relations and the built environment Landscape and Utopia examines the role of landscapes in the political imaginations of the Garden City the Radiant City and Broadacre City Each project uses landscapes to propose a reconstruction of the relationships between land labor and capital but while the projects are well known the role played by landscapes has been largely left unexamined Similarly the radical anti capitalism that underpinned each project has similarly been for the most part left out of contemporary discussions This book sets these projects within a historical and philosophical context and opens a discussion on the role of landscapes in society today This book will be a must read for instructors students and researchers of the history and theory of landscape architecture planning and architecture as well as utopian studies cultural and social history and environmental theory

Letters on the Autonomy Project Janet Matina Sarbanes, 2022 In the face of rising authoritarianism and on the heels of urgent struggle autonomy calls to us How might we excavate the theory and history of autonomous politics to arrive at new possibilities for radical democracy and the radical imaginary How can we rethink the ways in which artistic autonomy is theorized and practiced beyond the shrunken horizon of liberal individualism How might we understand political and artistic autonomies as linked rather than diametrically opposed And what role does radical pedagogy have to play in all of this Framed by the thought of Cornelius Castoriadis and engaging with Marxist Black Radical and Feminist approaches to liberation as well as movements such as Occupy Black Lives Matter Me Too Letters on the Autonomy Project understands

autonomy to be the capacity of a society a community or an individual to modify its form As Castoriadis argues the struggle for self determination requires unlimited questioning of the way things are but also that we do or make something new in light of this interrogation Autonomy is thus equally a project for thought for education for politics and for art Provided by publisher Revisiting "Social Factors" Georgia Lindsay,Lusi Morhayim,2015-09-18 Research in Social Factors also called Environment and Behavior Studies or Person Environment Relations is research into the human experience of the built environment Even since its heyday in the 1970s and 1980s as a response to the perceived failures of Modernism Social Factors continues to ask questions about how people use space and what meaning that space holds This edited collection brings together cutting edge research and contemporary issues into one book Divided into two parts the chapters in this collection demonstrate the continuing relevance of and the wide array of topics in the field The first section History and Future Outlook addresses the field itself investigating its history and common terms and updating seminal work The second section Perspectives on the User surveys contemporary research into the human side of design understanding the built environment through the lens of valuing the user a term which encompasses everyone from Native Americans to children to adults with disabilities to entire cities devastated by tornadoes Contributors to this volume include emerging and established scholars as well as practitioners and touch on issues of sustainability history culture new media disaster recovery health and recreation This book will particularly appeal to scholars looking to keep abreast of current issues students of the field endeavouring to understand their chosen subject and practitioners exploring new strategies in understanding the clients they serve The array of topics and perspectives examined here demonstrates a renaissance of Social Factors **Demanding Justice in The Global South** Jean Grugel,Jewellord Nem Singh,Lorenza Fontana,Anders Uhlin,2016-12-10 The politics of claiming rights and strategies of mobilisation exhibited by marginalised social groups lie at the heart of this volume Theoretically the authors aims to foster a holistic and multi faceted understanding of how social and economic justice is claimed either through formal corporatist or organised mechanisms or through ad hoc informal or individualised practices as well as the implications of these distinctive activist strategies The collection emphasises both the difficulties of political mobilisation and the distinctive methods employed by various social groups across a variety of contexts to respond and overcome these challenges Crucially the authors approach involves a conceptualisation of social movements and local mobilisation in terms of the language of rights and justice claims making through more organised as well as everyday political practices In so doing the book bridges the literature on contentious politics the politics of claiming social justice and everyday politics of resistance Pre-trial detention in 20th and 21st Century Common Law and Civil Law Systems Marion Charret-Del Bove,Fabrice Murlon,2014-06-19 Pre trial detention refers to the period when a person after being arrested is detained so as to determine the nature of the offences and the characterization of the charges This notion is part and parcel of the legal proceedings of a criminal investigation and aims at striking a fragile balance between protecting the State and

respecting individual freedoms Lots of examples can be quoted to illustrate the various pre trial detention modalities in common law and civil law traditions including the duration of custody custody rights right to silence right to the presence of a lawyer modalities and control of pre trial detention and procedures in case of wrongful detention This book makes an important contribution to the newly researched topic of pre trial detention from a theoretical and empirical point of view Papers alternatively consider various issues they analyse the philosophical principles and policies underlying pre trial detention and look at the different forms it takes according to several countries on a more technical and pragmatic level they raise the question of the use of an appropriate terminology and the problem of translation that may arise from the differences between the studied legal systems Finally they consider the checks and balances mechanisms put in place to limit the negative effects of the measures restricting liberty This volume contains a selection of contributions by academics specialized in law and comparative criminal procedure political science history sociology linguistics and legal translation and offers a comparative analysis of countries with differing legal traditions

Anti-Oppressive Social Work Practice Karen Morgaine, Moshoula Capous-Desyllas, 2014-07-01

Anti Oppressive Social Work Practice is the first text to fully integrate concepts of anti-oppressive practice with generalist practice course content. This comprehensive approach introduces concepts of social justice and offers detailed insight into how those principles intersect with the practice of social work at the micro, mezzo, and macro levels. The book covers ethics, values, and social work theory and discusses the fundamentals of working with individuals, families, groups, organizations, and communities. The book also highlights policy and social movement activism and practice within a global context. Maintaining an integrative approach throughout, authors Karen Morgaine and Moshoula Capous-Desyllas effectively bridge the gap between anti-oppressive principles and practice and offer a practical, comprehensive solution to schools approaching reaccreditation under the mandated CSWE Standards. Provides an important step in the ongoing evolution of generalist practice in social work. It continues a rich tradition that challenges the profession to become more and more explicit about the revolutionary aspect of practice.

Christian Itin, Metropolitan State University of Denver
