Beyond Capitalism Building Democratic Alternatives For Today And The Future:

Beyond Capitalism Jeff Shantz, José Brendan Macdonald, 2013-04-25 Capitalism as a global system barely allows the needs of the majority of the world's population to be met. Whether from an industrialized country such as the US or from South Africa, the need for an alternative can be felt all over the world. It is clear nowadays that due to the non-democratic nature and inadequacies of capitalism, another system must take its place. Such a process has already begun through the cooperative movement, which this book examines along with other initiatives. Featuring essays by international scholars and activists from various spheres of the anti-capitalist left, the work features many examples from the north and the south to cover both the historically advanced and late capitalist economies. It discusses such initiatives as participatory economics, the Mondragon experience, worker cooperatives in Europe and Latin America, solidarity economy in South Africa, and more. Written in an accessible manner, *Beyond Capitalism* will be an invaluable resource for any student of social movements and political thought and for anyone looking for an alternative to today's ongoing systemic crises.

Globalization against Democracy Guoguang Wu, 2017-04-27 This book explores how global capitalism has reconfigured state-market relations and how interactions among capital, labor, and consumption threaten democracy. It is for specialists in political economy, political science, economics, sociology, international relations, and development studies and for supplemental use on undergraduate and graduate courses on globalization, capitalism, development, and democracy.

Organizing Resistance and Imagining Alternatives in India Rohit Varman, Devi Vijay, 2022-11-10 This volume examines the political economy of neoliberalism in India and offers cases of resistance and alternative organizing. It departs from existing conversations that focus on the state's policies and decisions and focuses on the violence unleashed by corporate forces. It should be of interest to anyone curious about the collapse of crucial infrastructures such as healthcare and the news media or the rhetoric of corporate social responsibility and why there are people's movements and organizations rising from different geographies. While offering in-depth case studies of organizations within India such as The Wire, The People's Archive of Rural India, Kudumbashree, and Left Word Books, it also informs conversations across the world on alternative forms of organizing. These accounts have two imperatives: first, to train our attention on corporations and where capitalism produces its vast waste lands; second, to imagine the possibilities of another world. The contributors to this volume write to resist the status quo, explore alternative ways of organizing, re-imagine social relations, and rekindle hope.

South-North Dialogues on Democracy, Development and Sustainability Cristina Fróes de Borja Reis, Tatiana Berringer, 2023-05-31 This book shows how bringing together experts from the Global South and the Global North can help us to understand and combat global economic, political, and social inequalities. For too long, the world's problems have been viewed through the narrow conceptual lenses of the Global North. This book lays the groundwork for a new approach, a truly global approach to political economy. We are currently facing multiple and overlapping international crises. The current economic crisis, characterized by deepening inequalities, is closely

intertwined with intensifying geopolitical rivalries and the environmental crisis The dialogues in this book aim to move beyond the Eurocentric tradition and bring voices from the Global South to the forefront of the debate Covering 11 key themes drawn from the United Nations Agenda 2030 the book conceptualizes democracy development and sustainability not only as strategies but also as values that are integrated into the same and continuously changing analytical process This book will be of great interest to students researchers and experts in international relations global development and international political economy and to anyone looking for new perspectives on pernicious problems **A Love Letter to the Many**

Vishwas Satgar,2024-07-01 South Africa was the hope of the world It had an impressive and rich tradition of left politics At the heart of post apartheid democracy making was a revolutionary nationalist ANC the oldest Communist Party in Africa the SACP and one of the most militant labour union federations in the world COSATU Yet South Africa is at a crossroads and many are deeply concerned about its future This book explains through a political economy ecology analysis why and how the degeneration of national liberation politics has happened while making praxis centered arguments for a new transformative left politics *Classic Writings in Anarchist Criminology* Anthony J. Nocella II,Mark Seis,Jeff Shantz,2020-05-12

Anarchists were among the earliest modern thinkers to offer a systemic critique of criminal justice and among the first to directly criticize academic criminology while formulating a critical criminology They identified the sources of social problems in social structures and relations of inequality and recognized that the institutions preferred by mainstream criminologists as would be solutions to social problems were actually the causes or enablers of those harms in the first place This volume collects critical writings on criminology from radicals and thinkers like William Godwin Pierre Joseph Proudhon Mikhail Bakunin Peter Kropotkin Lucy Parsons Emma Goldman and many others Common Good Politics Colin Tyler,2016-11-04 This book examines the British tradition of common good politics both historically and in the contemporary world We live in a time when many anti Conservative parties and voters feel a profound sense of crisis and disorientation over political principles and policy directions As a result many people are turning to common good politics as an alternative to state centred socialism and laissez faire individualism Colin Tyler explores the practical and intellectual history of the British idealist tradition which flourished from the 1870s to the 1920s before applying the principles of common good politics to contemporary issues These issues include the positive roles that can be played by conflict within democratic societies the radical demands of social justice in a diverse world the continuing influence of Bush s war on terror international society and free speech under Tony Blair and David Cameron and the relationships between economic migration social justice and the common good The book will appeal particularly to students and scholars interested in British politics internationalism and political theory **From Financial Crisis to Social Change** Torsten Geelan,Marcos González Hernando,Peter William

Walsh,2018-03-16 This edited collection critically engages with a range of contemporary issues in the aftermath of the North Atlantic financial crisis that began in 2007 From challenging the erosion of academic authority to the myth that

parliamentary democracy is not worth engaging with it addresses three interrelated questions facing young people today how to reclaim our universities how to revitalise our democracy and how to recast politics in the 21st century This book emphasises the crucial importance of generational experience as a wellspring for progressive social change For it is the young generations who have come of age in a world marred by crises that are at the forefront of challenging the status quo With insight into new social movements and protests in the UK Canada Greece and Ukraine this stimulating collection of works will be invaluable for those teaching studying and campaigning for alternatives It will also be of relevance to scholars in social movement studies the sociology and anthropology of economic life the sociology of education social and political theory and political sociology

Regime of Obstruction William K. Carroll, 2021-04-23 Rapidly rising carbon emissions from the intense development of Western Canada's fossil fuels continue to aggravate the global climate emergency and destabilize democratic structures The urgency of the situation demands not only scholarly understanding but effective action Regime of Obstruction aims to make visible the complex connections between corporate power and the extraction and use of carbon energy Edited by William Carroll this rigorous collection presents research findings from the first three years of the seven year SSHRC funded partnership the Corporate Mapping Project Anchored in sociological and political theory this comprehensive volume provides hard data and empirical research that traces the power and influence of the fossil fuel industry through economics politics media and higher education Contributors demonstrate how corporations secure popular consent and coopt disorganize or marginalize dissenting perspectives to position the fossil fuel industry as a national public good They also investigate the difficult position of Indigenous communities who while suffering the worst environmental and health impacts from carbon extraction must fight for their land or participate in fossil capitalism to secure income and jobs The volume concludes with a look at emergent forms of activism and resistance spurred by the fact that a just energy transition is still feasible This book provides essential context to the climate crisis and will transform discussions of energy democracy Contributions by Laurie Adkin Angele Alook Clifford Atleo Emilia Belliveau Thompson John Bermingham Paul Bowles Gwendolyn Blue Shannon Daub Jessica Dempsey Emily Eaton Chuka Ejeckam Simon Enoch Nick Graham Shane Gunster Mark Hudson Jouke Huizer Ian Hussey Emma Jackson Michael Lang James Lawson Marc Lee Fiona MacPhail Alicia Massie Kevin McCartney Bob Neubauer Eric Pineault Lise Margaux Rajewicz James Rowe JP Sapinsky Karena Shaw and Zoe Yunker

Manufacturing Phobias Hisham Ramadan, Jeff Shantz, 2016-01-01 Fear is a powerful emotion and a formidable spur to action a source of worry and when it is manipulated a source of injustice Manufacturing Phobias demonstrates how economic and political elites mobilize fears of terrorism crime migration invasion and infection to twist political and social policy and advance their own agendas The contributors to the collection experts in criminology law sociology and politics explain how and why social phobias are created by pundits politicians and the media and how they target the most vulnerable in our society Emphasizing how social phobias reflect the interests of those with political economic and cultural power this

work challenges the idea that society's anxieties are merely expressions of individual psychology Manufacturing Phobias will be a clarion call for anyone concerned about the disturbing consequences of our culture of fear

Locating the Left in Difficult Times Gordon Hak, 2017-08-08 This book investigates notions of the individual society the state economic relations and historical change that exist in the political left by drawing on contemporary philosophical political and social thought Using a discourse perspective this work brings together the many fractious strains in the left including social democracy anarchism communism and market socialism and discusses them in terms of their relationships with each other Not only does the study disentangle the left from liberal capitalism and progressive movements such as those against racism and inequality it sees the current left as intertwined with its history and its visions of the future

Towards Just and Sustainable Economies Peter North, Molly Scott Cato, 2017-04-19 Academics from a range of disciplines and from a number of European and Latin American countries come together to question what it means to have a sustainable society and to ask what role alternative social and solidarity economies can play
