heartfelt caring You may be completely ignoring your own needs in favor of everyone else s You may not really be helping the people you care about You might even be infantilizing someone by not believing that they can handle their own life If you are tired of this pattern and would like to make a change this book is for you It will help you understand the fears and needs that are behind your Caretaking These fears are usually unconscious and come from unresolved childhood pain This book will help you to work through your fears so you can learn to take care of yourself It will help you set up a practice for letting go of caretaking It will help you learn how to become more attentive to your own needs and trust other people to take care of themselves You can make this change without giving up your genuine caring for people This book will help you to know what you need and to take initiative to get it while still being attentive to other people s needs You will have an equal say in what happens and people will take you seriously This doesn t mean that you will stop caring about other people and wanting the best for them However you won t be doing this from a place of fear or need When you do care for people and help them to feel good it will come purely from a loving place in you You will care for yourself and your needs as well and you ll also be respecting other people s ability to take care of themselves You will develop the ability to look out for yourself while still being a kind and loving person This book is based on the Pattern System a comprehensive and detailed map of the human psyche Beyond Caretaking is more than a book It includes An online workbook An online quiz Recorded guided meditations An online community
