Beyond Regionalism The International Political Economy Of New Regionalisms:

Beyond Regionalism? Matteo Legrenzi, 2016-04-15 Regional cooperation regionalism and regionalization in the Middle East are usually considered to be weak and rather ceremonial However since September 11 2001 a new regional order is emerging and the impact of geostrategic changes in the international environment has yet to be satisfactorily studied With older regional organizations suffering from weaknesses new forms appear to be developing and flourishing due either to European support or growing sub regional identities This volume offers refined theoretical models and approaches which are attuned to the new dynamics and contradictions of a wide range of regionalist projects in the contemporary Middle East Case studies of the most important regional organizations in different policy fields offer comprehensive overviews of the main actors institutions historical development and current issues *The EU and World Regionalism* Dr Michael Schulz, Dr Philippe De Lombaerde, 2013-03-28 Much has been said about the driving forces of region building processes or regionalization worldwide yet few systematic and comparative studies have been conducted on how regions can contribute to the building of other regions and more concretely how the European Union has pushed for regionalization worldwide This comparative book investigates the impact that the EU has on regionalization elsewhere through its inter regional relations Covering agriculture trade ASEAN NAFTA MERCOSUR and Commonwealth amongst other topics it investigates whether the EU contributes directly as well as indirectly to increased regional integration in different parts of the world *Clash or Cooperation of Civilizations?* Dr Wolfgang Zank, 2013-03-28 For decades North Africa and the Middle East have experienced overlapping identities and integration processes With the exception of Morocco the countries of North Africa have supported the re launch of pan Africanism in the form of the African Union and its growing institutionalization but they also share an Arab identity and are members of the Arab League Islamism commands wide support among the regions of North Africa and the Middle East and the impact of European integration can increasingly be seen in varying forms This comprehensive volume focuses on overlapping identities and integration processes in the Mediterranean basin and queries to what extent these various identities and integration processes are compatible or in conflict Incorporating both theoretical and empirical material it unites contributions from a variety of countries thus exploring these issues from different perspectives Our North America Julián Castro-Rea, 2016-05-23 What we call North America today is a human space that has been constructed over the centuries perceived from time immemorial by its original inhabitants as a unified whole and named Turtle Island What is North America today Is it more than the sum of its parts Does it qualify as a distinct global region Is it just a market or also something else This book explores several neglected aspects of the key relationships between Canada Mexico and the United States Studies of societal relations in North America have typically been limited to trade investment and intergovernmental relations In contrast the authors in this book address other vital issues which bind this global region together including Indigenous peoples security migration civil societies democracy identities and culture Via a thorough

examination of these issues the historical sociological economic and political aspects of regional linkages are highlighted Rather than dealing with each country in isolation each chapter in this collection considers North America as a single unit of analysis therefore systematically addressing the regional dynamic as a whole and engaging the country specific differences in a truly comparative way By providing the analytical tools needed this important book makes sense of the different aspects of the complex societies of contemporary North America

The Making of Northeast Asia Kent Calder, Min Ye, 2010-08-16 This book offers a detailed analysis of the domestic politics of regionalism in the three major nations of Northeast Asia China Japan and Korea as well as in the most important external actor the United States

The BRICS and Beyond Li Xing, 2016-03-16 The world is in an era of great transformations Globalization transnational capitalism September 11 the 2008 global financial crises and the emergence of the second world in general and the BRICS in particular are characterized by a diffusion of power away from the traditional North Western powers and towards the global South Such great transformations have reshaped the terrain and parameters of social economic and political relations both at the national and the global levels and have exerted pressure on the exiting international order in terms of both opportunities and constraints This new era also urges the need for re conceptualizing the changing world order especially with regard to one of the core conceptual categories and analytical apparatus in the studies of IR and IPE hegemony The world will witness a new era of interdependent hegemony in which both the existing First World and the emerging Second World are intertwined in a constant process of shaping and reshaping the international order in the nexus of national interest regional orientation common economic and political agenda political alliance and potential conflicts This collection juxtaposes from different perspectives and approaches the discussion on the political economy of the emerging world order with a focus on the rising powers

Closing or Widening the Gap? Andrea Ribeiro Hoffmann, Anna van der Vleuten, 2016-05-23 Combining normative analysis and theory driven empirical research in a comparative framework this volume clarifies and explains the connections between regional international governance legitimacy and democracy It focuses on the quality of democracy and the legitimacy of policy making in multilevel regional systems The volume offers a much needed clarification of confusing concepts such as legitimacy democracy and civil society in non national political systems It critically assesses the quality of democracy and legitimacy within different Regional International Organizations RIOs it examines how networks of non state actors become a kind of transnational civil society and assesses their potential for solving legitimacy deficits and it investigates the impact of democratic conditionality in different RIOs The contributors deepen our understanding of a relatively new non state actor on the international scene the regional international organization and investigate the potential contribution of transnational non state actors to the quality of governance at the regional level

Comparative Regional Integration Finn Laursen, 2010 This volume features up to date studies of regional integration efforts particularly those made in North America South America and East Asia Comparisons are drawn between these efforts and those made in the

EU where integration has progressed much further The book asks what explains the variation in achievements What kind of agreements are needed to produce regional integration Is pooling and delegation of sovereignty necessary How important is regional leadership *Comparative Regional Integration* Dr Finn Laursen, 2013-03-28 This volume features up to date studies of regional integration efforts in all major parts of the world especially North America South America and East Asia Comparisons are drawn between these efforts and those made in the EU where integration has progressed much further The book asks what explains the variation in achievements What kind of agreements and institutions are needed to produce regional integration Is pooling and delegation of sovereignty necessary to overcome collective action problems How important is regional leadership This work is a major new contribution to the literature on regional integration and will appeal to theorists policymakers students and other readers concerned about world developments It will also be of value to courses covering international political economy international relations and regional integration at both undergraduate and graduate level

Roads to Regionalism Tanja A. Börzel, Lukas Goltermann, Kai Striebinger, 2016-04-08 Over the past few decades states all around the globe have intensified institutionalized cooperation at the regional level To deepen our understanding of state led regionalism the authors use an analytical framework comprising four main strands First they describe and explain the genesis and growth of regional organizations Second they account for institutional design looking at important similarities and differences Third they examine the interaction between organizations and member states in an attempt to reveal factors that shape the level of commitment to and compliance with regional initiatives Finally they consider the impact of regional organizations on their member states They conclude by providing a foundation for future research on the dynamic development of regionalism

Regionalism, Globalisation and International Order Jens-Uwe Wunderlich, 2016-03-23 New regionalism and globalization have been prominent themes in academic and political debates since the beginning of the 1990s Despite the considerable amount of scholarly attention that the new regionalism has received in recent years its full empirical and theoretical potential has yet to be fully investigated This illuminating study provides an overview of new avenues in theorizing regionalism and proposes a consolidated framework for analysis and comparison Offering a comparative historical perspective of European and Southeast Asian regionalism it presents new and imaginative insights into the theory and practice of regionalism and the links between regional developments globalization and international order

The Rise of China and the Capitalist World Order Assoc Prof Li Xing, 2013-03-28 China's rise within global society and politics has brought it into the spotlight for social scientists the country's long and dramatic transformations in the twentieth and twenty first centuries make it an ideal case study for research on political and economic development and social changes China's size integration and dynamism are impacting on the functioning of the capitalist world system This book offers a non conventional analysis of the possible outcomes from China's transformation and provides a dialectical understanding of the complexities and underlying dynamics brought about by the rise of modern day China The

theoretical and methodological approaches will prove useful for students and researchers of development studies and international relations **New Regionalism in the Global Political Economy** Shaun Breslin, Christopher W.

Hughes, Nicola Phillips, Ben Rosamond, 2002-08-22 Following the financial crisis at the end of the twentieth century regionalisms in the global political economy have evolved in a number of ways This informative book brings together the leading scholars in the field to provide cutting edge analyses of contemporary regions and regionalist projects Providing an innovative integration of theoretica *Advancing East Asian Regionalism* Melissa Curley, Nicholas Thomas, 2012-10-12

Developments in East Asia have progressed rapidly in terms of regionalism since the 1997 crisis The end of the Asian miracle called into question not only the capacity of regional states to meet the needs of their attendant peoples but also challenged the viability of regional organizations such as ASEAN to adapt and respond to the changing circumstances *Advancing East Asian Regionalism* looks at the ways in which ASEAN has expanded since the crisis and evaluates the potential of East Asia to come together in a regional formation one capable of representing the region as a whole akin to the European Community It draws upon the knowledge and perspectives of academics and policy makers actively engaged in the contradictory issues of regionalism Coupling case study material on regionalism institutions and sectoral cooperation with theoretical debates on regionalization this book is an invaluable resource that pushes our understanding of East Asian regionalism forward

Regional Integration, Development, and Governance in Mesoamerica Alina Gamboa, 2019-09-13 This book provides an overview of governance and development in the Mesoamerican Region MAR the design and scope of the Plan Puebla Panam PPP its relationship to pre existing regional organisms and its transformation into Proyecto Mesoam rica The PPP was introduced as a holistic project that would reverse the cycles of poverty in Mesoamerica However the plan incited huge opposition from many groups within Mesoamerica and throughout its duration few of its objectives were met The author analyses the plan and describes the regional setting and precursors as well as the US policy towards the Mesoamerican countries Using this approach with an analysis of governance in Mesoamerica this monograph shows a more complete picture of why this ambitious development project did not reach its goals and draws applicable insights to other regions where governance is complex *The European Union after Lisbon* Søren Døsenrode, 2016-02-17 A few years have passed since the Lisbon Treaty came into force but the question still remains of what the Lisbon Treaty has actually brought about Was it just relatively insignificant as some scholars have claimed or was it something more This book sets out to look at this question and it does so by applying a classical division polity politics and policy One of the book s conclusions is that the Lisbon Treaty might have been plan b compared to the aborted Constitutional Treaty but it is certainly a substantial step forward on the European path of integration The Lisbon Treaty strengthened the EU both as a polity its stateness and in its politics the rules and procedures and in spite of the fact that the treaty was not really a policy treaty it has extended the Union s field by federalizing most of the policies within the area of Justice and Home Affairs This anthology brings together

scholars from four European countries each of them a specialist within the fields they are analyzing Each scholar adds insights from their area of competence to the book leaving it an important contribution to the study of today s European Union

Comparative Environmental Regionalism Lorraine Elliott,Shaun Breslin,2011-04-05 This volume focuses on environmental governance as a key issue of analysis to provide an important new conceptualisation of region and regional power

Comparative Regional Security Governance Shaun Breslin,Stuart Croft,2013-03-01 This book seeks to understand the role of regions in the provision of security and insecurity practices across the globe Specialists with expertise in the regions they examine present eight case studies and analyses of the Americas Africa and the Middle East South and East Asia and Europe Discussing both The State and people in the context of security this book examines four categories inter state security transnational criminal practices the drugs trade human trafficking migration proliferation issues both nuclear and non nuclear and issues of domestic state collapse The book uses an inclusive definition of security to include traditional and non traditional conceptions and incorporates the use of force and the threat of the use of force as well as issues related to the integrity of peoples The chapters weave theory and case studies to provide a rich description of a variety of regional governance forms and where applicable the absence of them to move beyond regionalism to consider the key determining features of regional governance Comparative Regional Security Governance will be of interest to students and scholars of international security international relations and governance

Asymmetric Trade Negotiations Sanoussi Bilal,Dr Diana Tussie,Dr Philippe De Lombaerde,2013-04-28 The slow pace of the Doha Round has boosted the proliferation of regional and bilateral trade agreements Paradoxically the more powerful actors the US and the European Union who at the same time have benefited the most from the multilateral system have also been engaged in bilateral and regional negotiations in order to sign WTO plus agreements with developing countries Combining a clear theoretical exposition with systematic cross regional analysis Asymmetric Trade Negotiations offers a coherent picture of strategic design and political economy aspects of North South trade negotiation processes from African Asian and Latin American perspectives Skilled area specialists gather to provide negotiators and policy makers in the South with recommendations best practices and benchmarks and contribute to the understanding of these recent processes

The Role of the European Union in Asia Eija Limnell,Juha Jokela,Dr Bart Gaens,2013-03-28 Establishing strategic partnerships is a key objective for the European Union These partnerships provide frameworks for flexible and long term cooperation with global and regional players This book focuses on the EU s strategy toward China and India and explores ways of promoting a stronger and more versatile role for the EU in Asia The volume examines the emergence of China and India as global powers and the implications for the EU s common policies and strategies It focuses on the role of the EU within Asia in terms of its political security related and cultural impact in addition to economic presence and it explores the interplay of the EU China and India in global governance and in utilizing and promoting multilateralism especially in the context of climate change and energy security The contributors discuss

avenues for the EU to pursue its interests in Asia and to achieve its objectives in global governance and multilateralism through partnerships with China and India while retaining its special relationship with the United States
