Bakhtin And Religion Bakhtin And Religion:

Bakhtin and Religion Susan M. Felch, Paul J. Contino, 2001 This work investigates the role of religious thought in shaping and framing Bakhtin's writings The authors explore Bakhtin's idea of faith as an abstract codification of a belief system and a feeling for faith which involves the active participation of persons both human and divine **Religion in the Thought of Mikhail Bakhtin** Hilary B. P. Bagshaw, 2013 *Religion in the Thought of Mikhail Bakhtin* Hilary B.P. Bagshaw, 2016-04-08 This book examines the significance of religion in the work of the twentieth century philosopher Mikhail Bakhtin Exploring Bakhtin's contribution to debates on methodology in the study of religion this book argues that his use of religious terminology is derived from his source material in philosophy of religion and not from his confessional commitment to Russian Orthodox Christianity Critiquing Gavin Flood's important work *Beyond Phenomenology* Hilary Bagshaw explains how Bakhtin's work on outsideness presents invaluable insights for scholars of religion particularly pertinent to the contemporary insider/outsider debate *Mikhail Bakhtin* Katerina Clark, Michael Holquist, 1984 Traces the life of Bakhtin a Russian literary critic recently rediscovered and discusses his major works on Freud Dostoevsky Rabelais Marxism and the philosophy of language [Christianity in Bakhtin](#) Ruth Coates, 1999-02-13 The work of the great Russian theorist Mikhail Bakhtin has been examined from a wide variety of literary and theoretical perspectives None of the many studies of Bakhtin begins to do justice however to the Christian dimension of his work *Christianity in Bakhtin* for the first time fills this important gap Having established the strong presence of a Christian framework in his early philosophical essays Ruth Coates explores the way in which Christian motifs though suppressed continue to find expression in the work of Bakhtin's period of exile and re-emerge in texts written during the time of his rehabilitation Particular attention is paid to the themes of Creation Fall Incarnation and Christian love operating within metaphors of silence and exile concepts which inform Bakhtin's world view as profoundly as they influence his biography **Reason and Faith** Hilary Beatrix Pandora Bagshaw, 2012

Literature and Spirit David Patterson, *The Cambridge Introduction to Mikhail Bakhtin* Ken Hirschkop, 2021-11-04 A concise readable and up to date introduction to Bakhtin which provides students with an accessible but sophisticated guide to his work **The Oxford Handbook of Russian Religious Thought** Caryl Emerson, George Pattison, Randall A. Poole, 2020 A comprehensive collection exploring the role of ideas institutions and movements in the evolution of Russian religious thought Contains cutting edge scholarship that expands understanding of one of the richest aspects of Russian cultural and intellectual life Considers the influence of Russian religious thought in the West and the role of religion in aesthetics music poetry art film and the novel An authoritative reference for students and scholars Book jacket **Central and Eastern European Literary Theory and the West** Michał Mrugalski, Schamma Schahadat, Irina Wutsdorff, 2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region

known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the history of translations transformations and migrations that conditioned its relationship with the West

Through the Russian Prism Joseph Frank, 1990 Essays probe the culture that spawned the great novels of Dostoevsky and explore the author's influence on world literature

Critical Essays on Mikhail Bakhtin Caryl Emerson, 1999 Essays represent the best known works of this Russian philosopher and literary theorist Includes distinctions between Bakhtin as social critic and philosopher

The Strategic Smorgasbord of Postmodernity Deborah Bowen, 2011-05-25 Contemporary Christian critique often talks about postmodernism apocalyptically in terms of cultural crisis and decline instead the contributors to this volume believe that there is a new place for Christian entries on the academic Smorgasbord of postmodernity and they see the postmodern turn as an opportunity for fresh perspectives on the spiritual dimensions of reading literature These twenty scholars are an eclectic group differing in theological and theoretical commitments but all identifying as Christian In this collection they enter into dialogue with a wide range of contemporary literary theorists and theoretical perspectives and offer new readings of primary texts informed by both these theoretical constructs and their Christian faith The manuscript strikes out in important new directions in its sympathetic reading of postmodern theory from a Christian perspective and even more significantly in its careful and measured dialogic approach to the relationship of Christian thought and contemporary literary theory

Daniel Coleman Canada Research Chair in Critical Ethnicity and Race Studies Department of English and Cultural Studies McMaster University Too often Christian literary critics and theologians have preemptively dismissed postmodern theory even as secular critics have been equally dismissive about the contributions that the Christian faith tradition makes to the study of literature This volume successfully brings these two worlds together in innovative at times challenging and always rich ways I do not know of a similar volume in existence a work that gathers in one convenient publication a wide ranging set of discussions of contemporary literary theory by Christian scholars The editor has gathered an impressive and important set of papers here and I believe the volume will raise much interest and provoke a good deal of constructive debate

Bakhtinian Thought Simon Dentith, 2003-09-02 First published in 1994 Mikhail Bakhtin and the writers associated with him have come to be recognised

as writers of trail blazing importance Working in the extraordinarily difficult conditions of Stalinist Russia they nevertheless produced a body of writing in literary theory linguistics the history of the novel philosophy and what Bakhtin called philosophical anthropology which continues to inspire and challenge people working in a number of different areas Above all Bakhtin insists on locating all utterances whether spoken or literary between the participants in a dialogue and thus involves them in considerations of power and authority This introduction and reader serves a double function In the first place Simon Dentith provides a lucid and approachable introduction of the work of Bakhtin and his circle taking the reader helpfully through the many areas of their thought and indicating the points of controversy difficulty and excitement This introductory section culminates in a discussion of the particular emphases lent by Bakhtin to current debates in literary theory The other feature of the book is the anthology of writing by Bakhtin Voloshinov and Medvedev drawn from all the major areas of their work This provides an especially helpful reader for a body of work otherwise published in disparate and relatively inaccessible forms Special emphasis has been given to the still unsurpassed linguistic thought of Voloshinov and the practical analyses of the novel found in Bakhtin's writing on Dostoevsky and Dickens This book will be especially interesting to readers new to the work of Bakhtin and his circle The combination of an introduction and an anthology will allow such readers a context for their reading of Bakhtin an indication of his importance for contemporary debates in literature language and social history and the opportunity to engage directly with the writings of this important and indeed for the student of literary theory essential writer

Russian Thought After Communism: The Rediscovery of a Philosophical Heritage James P. Scanlan, 2016-09-16

An examination of Russia's philosophical heritage. It extends from the Slavophiles to the philosophers of the Silver Age from emigre religious thinkers to Losev and Bakhtin and assesses the meaning for Russian culture as a whole. Bakhtinian Thought: Intro Read Simon Dentith, 2003-09-02 First published in 1994 Routledge is an imprint of Taylor Francis an informa company. Scholarship and Christian Faith Douglas Jacobsen, Rhonda Hustedt Jacobsen, 2004-04-08 This book enters a lively discussion about religious faith and higher education in America that has been going on for a decade or more. During this time many scholars have joined the debate about how best to understand the role of faith in the academy at large and in the special arena of church-related Christian higher education. The notion of faith-informed scholarship has of course figured prominently in this conversation. But argue Douglas and Rhonda Jacobsen the idea of Christian scholarship itself has been remarkably under-discussed. Most of the literature has assumed a definition of Christian scholarship that is Reformed and evangelical in orientation a model associated with the phrase the integration of faith and learning. The authors offer a new definition and analysis of Christian scholarship that respects the insights of different Christian traditions e.g. Catholic Lutheran Anabaptist Wesleyan Pentecostal and that applies to the arts and to professional studies as much as it does to the humanities and the natural and social sciences. The book itself is organized as a conversation. Five chapters by the Jacobsens alternate with four contributed essays that sharpen illustrate or complicate the material in the preceding chapters. The goal is both to map the complex terrain of Christian scholarship as it actually exists and to help foster better connections between Christian scholars of differing persuasions and between Christians and the academy as a whole. **Literature as Communication and Cognition in Bakhtin and Lotman** Allan Reid, 2016-08-19 This title first published in 1990 argues for the existence of a significant connection between the theories of literature and culture of Mikhail Mikhailovich Bakhtin 1895-1975 and Iurii Mikhailovich Lotman 1922-1993. There is general agreement in the academic or scholarly community that there is such a connection however it is generally held to refer to Bakhtin's influence on Lotman which he expressed late in his life. The major aim of this study meanwhile is to demonstrate that the critical theories of Lotman and Bakhtin are highly compatible independent of and prior to any direct influence. This title will be of interest to students of literature and literary theory. Reason and Faith, 2011
