Bang And Olufsen Beosound Century Manual:

Environmental Assessment of Products Henrik Wenzel, Michael Z. Hauschild, L. Alting, 2000-05-31 This major two volume work presents a new decision making tool which enables manufacturers and scientists to undertake life cycle assessment LCA of new products from the design and development stages The methodology allows the environmental consequences of a product to enter into decision making in the same way as traditional commercial parameters such as price quality etc Significantly it is in accordance with international consensus as defined by SETAC Society of Environmental Toxicology and Chemistry and ISO International Organization for Standardization Moreover the individual steps have been made operational through the creation of a collection of tools for assessment The books are derived from the Environmental Design of Industrial Products EDIP programme organized by the Technical University of Denmark and five leading Danish companies The project was sponsored by the Danish Environmental Protection Agency EPA and the Confederation of Danish Industries
