The Grand Jihad Andrew C McCarthy,2012-01-17 The real threat to the United States is not terrorism The real threat is the sophisticated forces of Islamism which have collaborated with the American Left not only to undermine U S national security but to shred the fabric of American constitutional democracy freedom and individual liberty In The Grand Jihad How Islam and the Left Sabotage America bestselling author Andrew C McCarthy provides a harrowing account of how the global Islamist movement s jihad involves far more than terrorist attacks and how it has found the ideal partner in President Barack Obama whose Islamist sympathies run deep McCarthy is the former federal prosecutor who convicted the notorious Blind Sheikh and other jihadists for waging a terrorist war that included the 1993 World Trade Center bombing In his national bestseller Willful Blindness A Memoir of the Jihad Encounter 2008 he explored government s conscious avoidance of the terrorist threat which made the nation vulnerable to mass murder attacks In The Grand Jihad he exposes a more insidious peril government s active concealment of the Islamist ideology that unabashedly vows to conquer America With the help of witting and unwitting accomplices in and out of government Islamism doesn t merely fuel terrorism but spawns America hating Islamic enclaves in our midst and gradually foists Islam s repressive law sharia on American life The revolutionary doctrine has made common cause with an ascendant Left that also seeks radical transformation of our constitutional order The prognosis for liberty could not be more dire *Economics 101 for Senators and Representatives* Wallace

Hoffman,2022-08-24 The mission of this book is to inform all American citizens how their senators and representatives vote in Washington Do your senators and your representative fulfill the responsibilities of government in the Constitution and vote in your favor If that is true they are your friends Or do your senators and your representatives violate the Constitution and vote against your best interest If that is true they are your enemies If you vote for and reelect your enemies they will be your enemies the next two or six years President Obama s legacy of deficit spending is characterized by average deficit spending of more than a trillion dollars annually During those eight years every American household went to bed each evening fifty dollars deeper in debt regardless of how hard they worked or whether they spent any money The national debt more than doubled during President Obama s eight years in office Each person s share of debt increased from 30 000 to 70 000 **The**

UnAmerican: The Resident's Story and Our Country's Last Chapter James Rogers, 2016-04-03 An American understands the United States was not built overnight and may never be a completed project Formed to ensure that life liberty and the pursuit of happiness is cherished and protected the journey over hundreds of years isn't complete and it's their responsibility to leave it to the next generation in an improved state But there has been relentless progress over the past century to overturn the American Revolution The Progressive movement has been able to take control of the levers of power in the Federal Government and is now in position to deal its final blow **To Save America** Newt Gingrich, 2011-01-04 The message of this extraordinary election in November 2010 is clear enough the American citizenry has rejected the secular dogma socialist policies and machine driven politics that comprise the Obama agenda Now the question is whether President Obama and his Democratic Party will accept the will of the people and change the destructive course upon which they have set this country First and foremost Republicans must fight to dislodge the secular socialist machine whose methods and goals are described in this book This machine has driven America so deeply into debt and has so fundamentally changed the relationship between the American citizenry and our government that our children's future is now imperiled We cannot assume that after the 2010 election the machine will simply accept the will of the people After all the very purpose of a political machine is to thwart the will of the people **Activism, Feminism, Politics and**

Parliament Margaret Wilson, 2021-08-13 Margaret Wilson has always lived a political life From her days as a child growing up in the Waikato in a Catholic family attuned to fairness an unlikely law student in the 1960s in a class with a few other women and an emerging socialist feminist who read radical texts and attended women s conventions her key concerns became cemented early the rights of women and equality for all under the law This is the story of one of New Zealand s most eminent political actors A policy focused campaigner reluctant to join a political tribe and uncomfortable with the combative attitudes and personal jockeying that politics seemed to entail Wilson nevertheless rose to become the president of the Labour Party during the turbulent mid 1980s Going on to become a central far sighted occasionally controversial minister in the Clark government Wilson held significant roles as Attorney General and Speaker of the House Activism Feminism Politics and Parliament is a powerful analysis of political life in New Zealand over four decades From pay equity to a home grown Supreme Court employment relations legislation to paid parental leave the policies Wilson championed were based always in the long held principles of a true conviction politician *The Progressive Revolution* Ellis Washington, 2016-12-13 His tenth book *The Progressive Revolution* Volume V continues his legal historical and literary series based on Natural Law Natural Rights and the original political philosophy of the constitutional Framers and original jurisprudence of the U S Supreme Court Washington systematically chronicles both the historical significance and political deconstruction that the Progressive Revolution or the Progressive Age circa 1860 present has perpetrated against Western Civilization and American society even to this day These volumes are a collection of selected essays articles and Socratic dialogues from Washington s weekly columns published in RenewAmerica.com an essential news and opinion website of primarily conservative writers and ideas This opus Volume V 2014 15 Writings which rather than being arranged chronologically by date are organized topically according to their subject matter of 16 intellectual disciplines including Law Politics Foreign Policy Philosophy Aesthetics the Academy Religion Economics Science Medicine Math Engineering Culture Society History and Legal Scholarship *The Other Worldview* Peter Jones, 2015-06-24 A must read for every concerned American and especially for every Christian who weeps at the graveside of his culture R C Sproul A cataclysmic change has occurred as our culture has shifted toward belief in Oneism Every religion and philosophy fits into one of two basic worldviews Oneism asserts that everything is essentially one while Twoism affirms an irreducible distinction between creation and Creator The Other Worldview exposes the pagan roots of Oneism traces its spread throughout Western culture and demonstrates its inability to save For bodily holiness and transformed thinking we depend entirely on one amazing thing the incredibly powerful message of the Gospel to a sinful world which is the ultimate expression and goal of Twoism The only hope is in Christ alone *The New Reagan Revolution* Michael Reagan, Jim Denney, 2025-06-25 There are cynics who say that a party platform is something that no one bothers to read and it doesn t very often amount to much Whether it is different this time than it has ever been before I believe the Republican Party has a platform that is a banner of bold unmistakable colors with no pastel shades Ronald Reagan 1976

Republican National Convention When Ronald Reagan was called to the podium by President Ford during the 1976 Republican National Convention he had no prepared remarks But the unrehearsed speech he gave that night is still regarded as one of the most moving speeches of his political career The reason he was able to give such a powerful speech on a moment's notice was that he was proclaiming the core principles of his heart and soul which he had been teaching and preaching for years The New Reagan Revolution reveals new insights into the life thoughts and actions of the man who changed the world during the 1980s The challenges and threats we face today are eerily similar to the conditions in the world before the beginning of the Reagan era The good news is that we already know what works Ronald Reagan has given us the blueprint This book is not merely a diagnosis of our nation's ills but a prescription to heal our nation rooted in the words and principles of Ronald Reagan In these pages you'll find a plan for returning America to its former greatness soundness and prosperity It's the plan Ronald Reagan developed over years of study observation and reflection It's a plan he announced to the nation straight from his heart one summer evening during America's 200th year It's the plan he put into action during his eight years in office as the most effective president of the 20th century and it is the plan we can use today to help return America to its former greatness soundness and prosperity *The Politics of Deception* Capt. John Pulsinelli USN (ret), 2020-11-12 The Politics of Deception Target America addresses the age-old subject of deception in politics as it has occurred throughout our nation's history with warnings we have received through scripture and iconic spiritual leaders and others concerning its menacing presence Never has its presence in our domestic and international political environments been so apparent and pervasive The hostile and polarizing state of those environments is the result of decades of deception corruption influence peddling and espionage to support the infiltration and subversion of our government educational and religious institutions and society It is much more apparent since the 2016 presidential election that we are witnessing a resurgence of the radical Left Their militant secularist and socialist ideology and agenda is being aided and abetted by elements of our own and foreign intelligence services and corrupt establishment career politicians Our nation culture and society are in peril We are currently engaged in an uncivil and unholy war It's a war between starkly different political ideologies and visions of America's future fueled from within and outside our national boundaries by the Bolsheviks Alinsky disciples and revolutionaries of the Left The radical Left with their domestic and international allies are demons of demagoguery and deception and intend on hijacking our presidency democratic electoral process with the heart and soul of America and our wealth and freedoms The ideological battle lines between Right and Left Republican and Democrat are drawn right versus wrong light versus darkness culture of life versus culture of death individualism versus collectivism jobs versus welfare God and family first versus godless me too first spirit of Christ versus spirit of the antichrist American exceptionalism versus American mediocrity rule of law versus lawlessness less government versus more intrusive government The stakes are high the choices clear Choose wisely God bless America [Tikkunim: \(Corrections\)](#) Jesse

Bogner,2018-05-08 After the success of his spiritual memoir *The Egotist* Jesse Bogner used his tools of perception to write articles about the climate of the world This compilation is more than merely the sum of its parts It s a journey through the mind of someone s spiritual transformation commenting on the corporeal plane of existence From Trump to anti Semitism to Israel Bogner uses the issues of his time to express the hidden nature of reality In Bogner s words I began writing articles about politics and the spiritual roots of a world in crisis A world of contradictions that reveals the flawed development of man using rational systems These rational systems that cannot cope with an irrational world and the seemingly irrational nature of the creatures that inhabit it It began as supplemental work to the novel I was working on before becoming an obsession a calling from above The more I explored political tropes the more my perception changed The earth is crying out for its correction and Kabbalah is its remedy Kabbalah is the method to reveal the world to come in one s lifetime A tool that connects the corporeal world to the spiritual plane that contains a memory of and all the force of all the great spiritual titans of Israel
