examining the formation of evangelical leaders in two seminary communities Southern Baptist Theological Seminary inspires a vision of human flourishing through gender differentiation and male headship Men practice Godly Manhood and are taught to act as the head of a family while their wives are socialized into codes of Godly Womanhood that prioritize prescribed gender roles This power structure privileges men yet offers agency to their wives in women centered spaces and through marital relationships Meanwhile Asbury Theological Seminary promises freedom from gendered hierarchies Appealing to a story of gender blind equality Asbury welcomes women into classrooms administrative offices and pulpits But the institution's construction of egalitarianism obscures the fact that women are rewarded for adapting to an existing male centered status quo rather than for developing their own voices as women Featuring high profile evangelicals such as Al Mohler and Owen Strachan along with young seminarians poised to lead the movement in the coming decades Stained Glass Ceilings illustrates the liabilities of white evangelical toolkits and argues that evangelical culture upholds male centered structures of power even as it facilitates meaning and identity

What the Bible Actually Teaches on Women Kevin Giles, 2018-10-19 Kevin Giles has been writing on women in the Bible for over forty years In this book What the Bible Actually Teaches on Women he gives the most comprehensive account to date of the competing conclusions to this question and the issues surrounding it To understand the bitter and divisive debate among evangelicals over the status and ministry of women it needs to be understood that those who since 1990 have called themselves complementarians argue that in creation before the fall God set the man over the woman Thus the leadership of the man and the subordination of the woman in the home the church and wherever possible in the world the whole creation is the God given ideal that is pleasing to God It is this theology that Kevin Giles deconstructs and shows to be without a biblical foundation Giles shows that he is fully conversant with the complementarian position and yet is unpersuaded by it He sees it as an appeal to the Bible to preserve male privilege similar to the appeals to the Bible to validate slavery and Apartheid appeals to the Bible made by some of the best Reformed and evangelical biblical scholars and now seen to be special pleading Carefully studying the limited number of texts on which complementarians predicate their theology of the sexes Giles finds not one of them actually teaches what complementarians claim Furthermore complementarians too often ignore the texts that are very difficult for them In this book the ordination of women gets only passing mention The constant focus is on whether or not the Bible subordinates women to men as an abiding theological principle
