Communities,2004 **Within Language, Beyond Theories (Volume II)** Anna Bloch-Rozmej,Karolina Drabikowska,2015-06-18 This is the second volume in a series of three books called Within Language Beyond Theories which focuses on current linguistic research surpassing the limits of contemporary theoretical frameworks in order to provide new insights into the structure of the language system and to offer more comprehensive accounts of linguistic phenomena from a number of the world s languages The volume is composed of eighteen chapters each focusing on a significant issue in the field of applied linguistic Beyond the Boundaries: Changing Contexts in Language Learning Roberta Lavine,2001-03-15 McGraw Hill World Languages is pleased to announce our collaboration with the Northeast Conference on the Teaching of Foreign Languages in the publication of their annual conference report commencing with the 2001 report The chapters in Beyond the Boundaries reflect and comment on the new contexts for language learning that continue to emerge in this country These changes motivated by factors such as changing societal attitude towards language learning globalization of U S economy and increased global awareness include a growing interest in study abroad opportunities community based outreach programs and life long learning Beyond the Boundaries is ideal for use in teacher education and methods courses or for undergraduate and graduate seminars that deal with issues in language education or language acquisition Refusals in instructional contexts and beyond Otilia Martí-Arnándiz,Patricia Salazar-Campillo,2013-08-01 Little exposure and few opportunities for practice are two main drawbacks for learners in instructional contexts These problems are intensified when dealing with face threatening acts such as refusals as learners are not fully capable of expressing their meanings and miscommunication is a likely by product The present volume aims at exploring factors and production of refusals in different instructional settings by means of ten original papers which address key questions dealing with the speech act of refusals The relevance of the volume lies in the individual contributions which embrace innovative perspectives on refusals in order to provide an excellent contribution to this field of enquiry The book is an obligatory reading for researchers and students interested in the field of interlanguage pragmatics who will benefit from the range of educational contexts in which refusals are investigated **First Language Use in Second and Foreign Language Learning** Miles Turnbull,Jennifer Dailey-O'Cain,2009 This book focuses on the use of the first language in communicative or immersion type classrooms Through the intersection of theory practice curriculum and policy the volume calls for a reconceptualization of code switching as something that both proficient and aspiring bilinguals do naturally and as a practice that is inherently linked with bilingual code switching **Second Language Acquisition and Lifelong Learning** Simone E. Pfenninger,Julia Festman,David Singleton,2023-05-05 Language fundamentally defines and distinguishes us as humans as members of society and as individuals As we go through life our relationship with language and with learning shifts and changes but it remains significant This book is an up to date resource for graduate students and researchers in second language L2 acquisition who are interested in language learning across the lifespan The main goal is to survey and evaluate what is known about the

linguistic cognition affect associations that occur in L2 learning from birth through senescence passing through the stages of childhood adolescence adulthood and third age the extent to which L2 acquisition may be seen as contributing to healthy and active aging the impact of the development of personalized technology enhanced communicative L2 environments and how these phenomena are to be approached scientifically and methodologically The effects of certain specific variables such as gender socio economic background and bilingualism are also analyzed as we argue that chronological age does not determine the positioning of L2 learners across the lifespan age is part of a complex web of social distinctions such as psychological and individual factors that intersect in the construction of a learner s relative status and opportunities
