**Constructed Movements** Ragini Shah, 2024-12-03 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more At once theoretically sophisticated and poignantly written *Constructed Movements* centers stories from communities in Mexico profoundly affected by emigration to the United States to show how migration extracts resources along racial lines Ragini Shah chronicles how three interrelated dynamics the maldistribution of public resources the exploitation of migrant labor and the US immigration enforcement regime entrench the necessity of migration as a strategy for survival in Mexico She also highlights the alternative visions elaborated by migrant community organizations that seek to end the conditions that force migration Recognizing that reform without recompense will never right an unjust migratory system Shah concludes with a forceful call for the US and Mexican governments to make abolitionist investments and reparative compensation to directly counteract this legacy of extraction

**Voices of Marginality** Gregory Lee Cuéllar, 2008 *Voices of Marginality* is theoretically grounded in the theology of the diaspora which according to Fernando F Segovia has been forged in the migratory experience of American Hispanics This theological perspective views Judean exiles 587 B C E and contemporary Mexican migrants as part of a recurring diasporic human experience The present analysis reads across from the exile and return envisioned in the poetry of Second Isaiah 40 55 to the corridos ballads about Mexican immigration to the United States More specifically the diasporic categories of exile and return in Second Isaiah inform our reading of exile and return in the Mexican immigrant corridos Conversely the rhetorical ability of these corridos to transmit a collective Mexican identity for immigrants in the United States provides a compelling lens for understanding the images of exile and return in Second Isaiah Ultimately both literary productions reflect voices of marginality

**Beyond Tahiti** Bud Higgins, 2011-02-10 Nathan Thomas Cole a disillusioned product of the Gen X tribe seemingly has it all but he still lacks true happiness He doesnt know it yet but Nathan is about to have his greatest wish finally fulfilled Nathan awakens one morning to discover he has become the master of his own universe He soon realizes he is completely alone on a deserted tropical island unsure of how he arrived how long he has been there or if he is even really there at all Quickly his nightmarish transcendence into mental and physical survival begins every minute bringing a new and unusual experience He encounters moments of tranquility and happiness as well as moments of uncertainty and terror Unexplained events and scattered scenes from Nathans life begin to play out in random sequence as characters from his past bring him face to face with the shocking truth he has been desperately chasing As the island begins to come alive Nathan must decide if his subconscious mind has come out to play or if the mysterious island is truly providing him with an exclusive key back to his own lost past unlocking the present and propelling him perilously forward into a dark and questionable future

**Beyond Smoke and Mirrors** Douglas S. Massey, Jorge Durand, Nolan J. Malone, 2002-03-14 Migration between Mexico and the United States is part of a historical process of increasing North American integration This process acquired new momentum with the passage of the North American Free Trade Agreement in 1994 which lowered barriers to the movement of goods capital services and information But rather than include labor in this new regime the United States continues to resist the integration of the labor markets of the two countries Instead of easing restrictions on Mexican labor the United States has militarized its border and adopted restrictive new policies of immigrant disenfranchisement Beyond Smoke and Mirrors examines the devastating impact of these immigration policies on the social and economic fabric of the Mexico and the United States and calls for a sweeping reform of the current system Beyond Smoke and Mirrors shows how U S immigration policies enacted between 1986 1996 largely for symbolic domestic political purposes harm the interests of Mexico the United States and the people who migrate between them The costs have been high The book documents how the massive expansion of border enforcement has wasted billions of dollars and hundreds of lives yet has not deterred increasing numbers of undocumented immigrants from heading north The authors also show how the new policies unleashed a host of unintended consequences a shift away from seasonal circular migration toward permanent settlement the creation of a black market for Mexican labor the transformation of Mexican immigration from a regional phenomenon into a broad social movement touching every region of the country and even the lowering of wages for legal U S residents What had been a relatively open and benign labor process before 1986 was transformed into an exploitative

underground system of labor coercion one that lowered wages and working conditions of undocumented migrants legal immigrants and American citizens alike *Beyond Smoke and Mirrors* offers specific proposals for repairing the damage Rather than denying the reality of labor migration the authors recommend regularizing it and working to manage it so as to promote economic development in Mexico minimize costs and disruptions for the United States and maximize benefits for all concerned This book provides an essential user's manual for readers seeking a historical theoretical and substantive understanding of how U S policy on Mexican immigration evolved to its current dysfunctional state as well as how it might be fixed

**Beyond Politics** William Mitchell, 2021-12-13 Traditional public policy and welfare economics have held that market failures are common requiring the intervention of government in order to serve and protect the public good In *Beyond Politics* William C Mitchell and Randy T Simmons carefully scrutinize this traditional view through the modern theory of public choice The authors enlighten the relationship of government and markets by emphasizing the actual rather than the ideal workings of governments and by reuniting the insights of economics with those of political science *Beyond Politics* traces the anatomy of government failure and a pathology of contemporary political institutions as government has become a vehicle for private gain at public expense In so doing this brisk and vigorous book examines a host of public issues including social welfare consumer protection and the environment Offering a unified and powerful perspective on the market process property rights politics contracts and government bureaucracy *Beyond Politics* is a lucid and comprehensive book on the foundations and institutions of a free and humane society

*Moving Beyond Borders* Alberto Lopez Pulido, Barbara Driscoll de Alvarado, Carmen Samora, 2024-03-18 *Moving Beyond Borders* examines the life and accomplishments of Julian Samora the first Mexican American sociologist in the United States and the founding father of the discipline of Latino studies Detailing his distinguished career at the University of Notre Dame from 1959 to 1984 the book documents the history of the Mexican American Graduate Studies program that Samora established at Notre Dame and traces his influence on the evolution of border studies Chicano studies and Mexican American studies Samora's groundbreaking ideas opened the way for Latinos to understand and study themselves intellectually and politically to analyze the complex relationships between Mexicans and Mexican Americans to study Mexican immigration and to ready the United States for the reality of Latinos as the fastest growing minority in the nation In addition to his scholarly and pedagogical impact his leadership in the struggle for civil rights was a testament to the power of community action and perseverance Focusing on Samora's teaching mentoring research and institution building strategies *Moving Beyond Borders* explores the legacies challenges and future of ethnic studies in United States higher education Contributors are Teresita E Aguilar Jorge A Bustamante Gilberto C rdenas Miguel A Carranza Frank M Castillo Anthony J Cortese Lydia Espinosa Crafton Barbara Driscoll de Alvarado Herman Gallegos Phillip Gallegos Jos R Hinojosa Delfina Landeros Paul L pez Sergio X Madrigal Ken Mart nez Vilma Mart nez Alberto Mata Amelia M Mu oz Richard A Navarro Jesus Chuy Negrete Alberto L pez Pulido Julie Leininger Pycior Olga Villa Parra

Jenna M. Loyd,Matt Mitchelson,Andrew BurrIDGE,2013-12-01 The crisis of borders and prisons can be seen starkly in  
statistics In 2011 some 1 500 migrants died trying to enter Europe and the United States deported nearly 400 000 and  
imprisoned some 2 3 million people more than at any other time in history International borders are increasingly militarized  
places embedded within domestic policing and imprisonment and entwined with expanding prison industrial complexes  
*Beyond Walls and Cages* offers scholarly and activist perspectives on these issues and explores how the international  
community can move toward a more humane future Working at a range of geographic scales and locations contributors  
examine concrete and ideological connections among prisons migration policing and detention border fortification and  
militarization They challenge the idea that prisons and borders create safety security and order showing that they can be  
forms of coercive mobility that separate loved ones disempower communities and increase shared harms of poverty Walls and  
cages can also fortify wealth and power inequalities racism and gender and sexual oppression As governments increasingly  
rely on criminalization and violent measures of exclusion and containment strategies for achieving change are essential  
*Beyond Walls and Cages* develops abolitionist no borders and decolonial analyses and methods for social change showing  
how seemingly disconnected forms of state violence are interconnected Creating a more just and free world whether in the  
Mexico U S borderlands the Morocco Spain region South Africa Montana or Philadelphia requires that people who are most

### **Religious and Ethical Perspectives on Global Migration**

Elizabeth W. Collier, Charles R. Strain, 2014-06-05 Religious and Ethical Perspectives on Global Migration examines the complicated social ethics of migration in today s world Editors Elizabeth W Collier and Charles R Strain bring the perspectives of an international group of scholars toward a theory of justice and ethical understanding for the nearly two hundred million migrants who have left their homes seeking asylum from political persecution greater freedom and safety economic opportunity or reunion with family members Migrants move out of fear desperation hope love for their families or a myriad of other complex motivations Faced with both the needs and flows of people and the walls that impede them what actions ought we both individually and collectively take What is the moral responsibility of those of us in particular who reside comfortably in our native lands There is no univocal response to these questions Instead multiple perspectives on migration must be examined This book begins by looking at different geographic regions around the world and highlighting particular issues within each Finding that religious traditions represent the strongest countervailing sources of values to the homogenizing tendencies of economic globalization the study then offers a plurality of religious perspectives The final chapters examine the salient issues and the proposed solutions that have emerged specifically within the U S context These studies range from militarization of the U S border with Mexico to the impact of migrants on native born low skilled workers Encompassing a wide range of cultural and scholarly voices Religious and Ethical Perspectives on Global Migration provides insight for ethics moral philosophy social and political philosophy religious studies social justice globalization and identity formation
