Major, Sarah A. Queen, Andrew Seth Meyer, Harold D. Roth, 2010-04-14 Compiled by scholars at the court of Liu An king of Huainan in the second century B C E The Huainanzi is a tightly organized sophisticated articulation of Western Han philosophy and statecraft Outlining all that a modern monarch needs to know the text emphasizes rigorous self cultivation and mental discipline brilliantly synthesizing for readers past and present the full spectrum of early Chinese thought The Huainanzi locates the key to successful rule in a balance of broad knowledge diligent application and the penetrating wisdom of a sage It is a unique and creative synthesis of Daoist classics such as the Laozi and the Zhuangzi works associated with the Confucian tradition such as the Changes the Odes and the Documents and a wide range of other foundational philosophical and literary texts from the Mozi to the Hanfeizi The product of twelve years of scholarship this remarkable translation preserves The Huainanzi s special rhetorical features such as parallel prose and verse and showcases a compositional technique that conveys the work s powerful philosophical appeal This path breaking volume will have a transformative impact on the field of early Chinese intellectual history and will be of great interest to scholars and students alike *Record of Miraculous Events in Japan* , 2013-07-23 The Nihon ryoiki a collection of setsuwa or anecdotal tales compiled by a monk in late eighth or early ninth century Japan records the spread of Buddhist ideas in Japan and the ways in which Buddhism s principles were adapted to the conditions of Japanese society Beginning in the time before Buddhism was introduced to Japan the text captures the effects of the nation s initial contact with Buddhism brought by emissaries from the king of the Korean state of Paekche and the subsequent adoption and dissemination of these new teachings in Japanese towns and cities The Nihon ryoiki provides a crucial window into the ways in which Japanese Buddhists began to make sense of the teachings and texts of their religion incorporate religious observances and materials from Korea and China and articulate a popularized form of Buddhist practice and belief that could extend beyond monastic centers The setsuwa genre would become one of the major textual projects of classical and medieval Buddhism with nearly two dozen collections appearing over the next five centuries The Nihon ryoiki serves as a vital reference for these later works with the tales it contains finding their way into folkloric traditions and becoming a major source for Japanese authors well into the modern period The Platform Sutra of the Sixth Patriarch , 2012-04-03 Dating back to the eighth century C E the Platform Sutra of the Sixth Patriarch is a foundational text of Chan Zen Buddhism that reveals much about the early evolution of Chinese Chan and the ideological

origins of Japanese Zen and Korean Son Purported to be the recorded words of the famed Huineng who was understood to be the Sixth Patriarch of Chan and the father of all later Chan Zen Buddhism the Platform Sutra illuminates fundamental Chan Buddhist principles in an expressive sermon that describes how Huineng overcame great personal and ideological challenges to uphold the exalted lineage of the enlightened Chan patriarchs while realizing the ultimate Buddhist truth of the original pure nature of all sentient beings Huineng seems to reject meditation the value of good karma and the worship of the buddhas conferring instead a set of formless precepts on his audience marked by embedded notes in the text In his central message an inherent perfect buddha nature stands as the original true condition of all sentient beings which people of all backgrounds can experience for themselves Philip Yampolsky's masterful translation contains extensive explanatory notes and an edited amended version of the Chinese text His introduction critically considers the background and historical setting of the work and locates Huineng's place within the history and legends of Chan Buddhism This new edition features a foreword by Morten Schlatter further situating the Platform Sutra within recent historical research and textual evidence and an updated glossary that includes the modern pinyin system of transcription

Language Arts in Asia 2 Christina DeCoursey, 2014-06-19 This volume is the second of a series deepening the research understanding and academic study of Language Arts as an English language teaching paradigm Previously used extensively in native speaking countries Language Arts has been taken up in the past decade in many parts of Asia Language Arts uses intrinsically motivating materials such as literature drama and popular culture to help students develop mastery of written and spoken language and text types In recent years Language Arts has embraced media and multiliteracies as well as critical and creative thinking intercultural sensitivity civics and ethics This volume offers a breadth of topics which embody methodologically sophisticated and contemporary language arts research These include multimodal analysis virtual environments the use of comics anime and film in second language teaching and learners experiences of drama and literary tourism The use of literature and the arts in humanist education has a long history within Europe It was traditionally appreciated for its ability to instill ethics and finer sensibilities and teach leadership But the traditional program was marred by its function in inculcating and preserving elitist high culture voices texts and values The post colonial incarnation of Language Arts has been informed by critical and linguistic theory helping it to embrace a popular scope and include a wide array of authentic social and media texts The movement of English language teaching beyond native speaker shores has

given rise to a vibrant variety of World Englishes whose literary and media works are now represented within Language Arts. The explosion of media over the past few decades has given rise to an increasing array of media to use in language teaching. These trends invite scholarly analysis and this is clearly reflected in the chapters in this volume. Linguistics has long had a connection to and a natural role to play in analysing the creative verbal and visual arts. As a paradigm, Language Arts now takes an inclusive view of the continuum of spoken, written and performed languages and texts. Cutting edge Language Arts research is now also supported through the new journal *Language Arts and Linguistics* (Taylor and Francis).

The Columbia Anthology of Chinese Folk and Popular Literature Victor H. Mair, Mark Bender, 2011. In *The Columbia Anthology of Chinese Folk and Popular Literature*, two of the world's leading sinologists, Victor H. Mair and Mark Bender, capture the breadth of China's oral-based literary heritage. This collection presents works drawn from the large body of oral literature of many of China's recognized ethnic groups, including the Han, Yi, Miao, Tu, Daur, Tibetan, Uyghur, and Kazak, and the selections include a variety of genres. Chapters cover folk stories, songs, rituals, and drama, as well as epic traditions and professional storytelling, and feature both familiar and little-known texts, from the story of the woman warrior Hua Mulan to the love stories of urban storytellers in the Yangtze delta, the shaman rituals of the Manchu, and a trickster tale of the Daur people from the forests of the northeast. *The Cannibal Grandmother* of the Yi and other strange creatures and characters unsettle accepted notions of Chinese fable and literary form. Readers are introduced to antiphonal songs of the Zhuang and the Dong who live among the fantastic limestone hills of the Guangxi Zhuang Autonomous Region, work and matchmaking songs of the mountain-dwelling She of Fujian province, and saltwater songs of the Cantonese-speaking boat people of Hong Kong. The editors feature the Mongolian epic poems of Geser Khan and Jangar, the sad tale of the Qeo family girl from the Tu people of Gansu and Qinghai provinces, and local plays known as rice sprouts from Hebei province. These fascinating juxtapositions invite comparisons among cultures, styles, and genres, and expert translations preserve the individual character of each thrillingly imaginative work.

The Essential Huainanzi An Li, King of Huainan, 2012-03-20. Compiled in the second century B.C.E., the *Huainanzi* clarifies a crucial period in the development of Chinese conceptions of the cosmos, human nature, and the social order. Outlining all that a modern monarch needs to know, the text emphasizes rigorous self-cultivation and mental discipline, attributing successful rule to a balance of broad knowledge, diligent application, and penetrating wisdom. In 2010, the editors of this volume completed the first complete English language translation of the *Huainanzi*, opening exciting new pathways in the study of philosophy, Asian studies, political science, and Asian literature. This abridgement contains essential selections from each of the *Huainanzi*'s twenty-one chapters and adds a new introduction and chapter descriptions. The text represents a remarkable synthesis of Daoist classics such as the *Laozi* and the *Zhuangzi*, works associated with the Confucian tradition such as the *Changes*, the *Odes*, and the *Documents*, and a range of other foundational philosophical and literary works from the *Mozi* to the *Hanfeizi*. The abridgement preserves the *Huainanzi*'s special rhetorical

features such as its parallel prose verse and unique compositional techniques For decades Western scholars overlooked the Huainanzi s sophisticated structure creative content and rich historical value yet all that changed with the translation of the full text Designed for classroom use and general readers The Essential Huainanzi continues to increase awareness of this brilliant work and change our understanding of early Chinese history **The Book of Swindles** Yingyu Zhang,2017-09-05
