The London Olympics and Urban Development Gavin Poynter, Valerie Viehoff, Yang Li, 2015-07-24 As London sought to use the Olympics to achieve an ambitious programme of urban renewal in the relatively socially deprived East London it attracted global attention and sparked debate This book provides an in depth study of the transformation of East London as a result of the 2012 Summer Olympic and Paralympic Games Government and event organisers use legacies of urban renewal to justify hosting the world's leading sports mega event this book examines and evaluates those legacies The London Olympics and Urban Development the mega event city is composed of new research conducted by academics and policy makers It combines case study analysis with conceptual insight into the role of a sports mega events in transforming the city It critically assesses the narrative of legacy as a framework for legitimizing urban changes and examines the use of this framework as a means of evaluating the outcomes achieved This book is about that process of renewal with a focus on the period following the 2012 Games and the diverse social political and cultural implications of London's use of the narrative of legacy

History Peter Claus, John Marriott, 2017-04-07 Demystifying the subject with clarity and verve History An Introduction to Theory Method and Practice familiarizes the reader with the varied spectrum of historical approaches in a balanced comprehensive and engaging manner

Global in scope and covering a wide range of topics from the ancient and medieval worlds to the twenty first century it explores historical perspectives not only from historiography itself but from related areas such as literature sociology geography and anthropology Clearly written accessible and student friendly this second edition is fully updated throughout to include An increased spread of case studies from beyond Europe especially from American and imperial histories New chapters on important and growing areas of historical inquiry such as environmental history and digital history Expanded sections on political cultural and social history More discussion of non traditional forms of historical representation and knowledge like film fiction and video games Accompanied by a new companion website www.routledge.com/cw/claus containing valuable supporting material for students and instructors such as discussion questions further reading and web links this book is an essential introduction for all students of historical theory and method

Modern Murders Lee Michael-Berger, 2023-05-03 *Modern Murders* is the first comprehensive study of murder representations during the turn of the century drawing on previously neglected archival material to explore the intellectual cultural and artistic contexts of the period Most studies view the abundance of murder representations throughout the nineteenth century as an indicator of a supposedly typical Victorian appetite for sensation and melodrama *Modern Murders* however demonstrates the turn of the century's backlash against melodramatic and sensational representations of murder and reads them as an important component in the struggles for better aesthetic standards in art and entertainment and as a dominant feature in the debates on mass culture Through a plethora of visual and written texts representations of fictional and actual real life murders and high and popular forms of writing the volume considers the importance of murder in the elite claim to cultural authority versus its perception of plebian taste in the context of the democratization of culture This book will be of value to scholars and graduate students in a variety of research areas as well as general readers interested in the role of murder as a central trope in modern art and culture

Migrant City Panikos Panayi, 2020-04-07 The first history of London to show how immigrants have built shaped and made a great success of the capital city London is now a global financial and multicultural hub in which over three hundred languages are spoken But the history of London has always been a history of immigration Panikos Panayi explores the rich and vibrant story of London from its founding two millennia ago by Roman invaders to Jewish and German immigrants in the Victorian period to the Windrush generation invited from Caribbean countries in the twentieth century Panayi shows how migration has been fundamental to London's economic social political and cultural development *Migrant City* sheds light on the various ways in which newcomers have shaped London life acting as cheap labour contributing to the success of its financial sector its curry houses and its football clubs London's economy has long been driven by migrants from earlier continental financiers and more recent European Union citizens Without immigration fueled by globalization Panayi argues London would not have become the world city it is today

[The Ashgate Research Companion to Modern Imperial Histories](#) John Marriott, 2016-03-23 Written by leading scholars this collection provides a

comprehensive and authoritative overview of modern empires Spanning the era of modern imperial history from the early sixteenth century to the present it challenges both the rather insular focuses on specific experiences and gives due attention to imperial formations outside the West including the Russian Japanese Mughal Ottoman and Chinese The companion is divided into three broad sections Part I Times surveys the three main eras of modern imperialism The first was that dominated by the settlement impulse with migrants many voluntarily and many more by force making new lives in the colonies This impulse gave way most especially in the nineteenth century to a period of busy and rapid expansion which was less likely to promote new settlement and in which colonists more frequently saw their sojourn in colonial lands as temporary and related to the business mostly of governance and trade Lastly in the twentieth century in particular empires began to fail and to fall Part II Spaces studies the principal imperial formations of the modern world Each chapter charts the experience of a specific empire while at the same time placing it within the complex patterns of wider imperial constellations The individual chapters thus survey the broad dynamics of change within the empires themselves and their relationships with other imperial formations and reflect critically on the ways in which these topics have been approached in the literature In Part III Themes scholars think critically about some of the key features of imperial expansion and decline These chapters are brief and many are provocative They reflect the current state of the field and suggest new lines of inquiry which may follow from more comparative perspectives on empire The broad range of themes captures the vitality and diversity of contemporary scholarship on questions of empire and colonialism encompassing political economic and cultural processes central to the formation and maintenance of empires as well as institutions ideologies and social categories that shaped the lives both of those implementing and those experiencing the force of empire In these pages the reader will find the slave and the criminal the merchant and the maid the scientist and the artist alongside the structures which sustained their lives and their livelihoods Overall the companion emphasises the diversity of imperial experience and process Comprehensive in its scope it draws attention to the particularities of individual empires rather than over generalising as if all empires at all times and in all places behaved in a similar manner It is this contingent and historical specificity that enables us to explore in expansive ways precisely what constituted the modern empire

Shyamji Krishnavarma Harald Fischer-Tiné, 2015-10-15 This book is the first critical biography on Shyamji Krishnavarma scholar journalist and national revolutionary who lived in exile outside India from 1897 to 1930 His ideas were crucial in the creation of an extremist wing of anti imperial nationalism The work delves into a fascinating range of issues such as colonialism and knowledge political violence cosmopolitanism and diaspora Lucidly written and with an insightful analysis of Krishnavarma s life and times this will greatly interest scholars and researchers of modern Indian history politics the nationalist movement as well as the informed lay reader

Architecture and the Welfare State Mark Swenarton, Tom Avermaete, Dirk van den Heuvel, 2014-09-15 In the decades following World War Two and in part in response to the Cold War governments across Western Europe set out ambitious programmes for

social welfare and the redistribution of wealth that aimed to improve the everyday lives of their citizens. Many of these welfare state programmes housing schools new towns cultural and leisure centres involved not just construction but a new approach to architectural design in which the welfare objectives of these state funded programmes were delineated and debated. The impact on architects and architectural design was profound and far reaching with welfare state projects moving centre stage in architectural discourse not just in Europe but worldwide. This is the first book to explore the architecture of the welfare state in Western Europe from an international perspective. With chapters covering Austria Belgium France Germany Italy The Netherlands Sweden and the UK the book explores the complex role played by architecture in the formation and development of the welfare state in both theory and practice. Themes include the role of the built environment in the welfare state as a political project the colonial dimension of European welfare state architecture and its export to Africa and Asia the role of welfare state projects in promoting consumer culture and economic growth the picture of the collective produced by welfare state architecture the role of architectural innovation in the welfare state the role of the architect as opposed to construction companies and others in determining what was built the relationship between architectural and social theory the role of internal institutional critique and the counterculture. Contributors include Tom Avermaete Eve Blau Nicholas Bullock Miles Glendinning Janina Gosseye Hilde Heynen Caroline Maniaque Benton Helena Mattsson Luca Molinari Simon Pepper Michelle Provoost Lukasz Stanek Mark Swenarton Florian Urban and Dirk van den Heuvel.

The Match Girl and the Heiress Seth Koven, 2016-04-19. How two extraordinary women crossed the Victorian class divide to put Christian teachings into practice in the slums of East London. Nellie Dowell was a match factory girl in Victorian London who spent her early years consigned to orphanages and hospitals. Muriel Lester the daughter of a wealthy shipbuilder longed to be free of the burden of money and possessions. Together these unlikely soulmates sought to remake the world according to their own utopian vision of Christ's teachings. *The Match Girl and the Heiress* paints an unforgettable portrait of their late nineteenth century girlhoods of wealth and want and their daring twentieth century experiments in ethical living in a world torn apart by war imperialism and industrial capitalism. In this captivating book Seth Koven chronicles how each traveled the globe: Nellie as a spinster proletarian laborer Muriel as a well heeled tourist and revered Christian peacemaker anticolonial activist and humanitarian. Koven vividly describes how their lives crossed in the slums of East London where they inaugurated a grassroots revolution that took the Sermon on the Mount as a guide to achieving economic and social justice for the dispossessed. Koven shows how they devoted themselves to Kingsley Hall Gandhi's London home in 1931 and Britain's first people's house founded on the Christian principles of social sharing pacifism and reconciliation and sheds light on the intimacies and inequalities of their loving yet complicated relationship. *The Match Girl and the Heiress* probes the inner lives of these two extraordinary women against the panoramic backdrop of shop floor labor politics global capitalism counterculture spirituality and pacifist feminism to expose the wounds of poverty and neglect that Christian love could never

heal **London's Waterfront and its World, 1666-1800** John Schofield, Stephen Freeth, 2023-12-21 This volume covering the period 1666-1800 considers the archaeology of the port of London on a wide scale from the City down the Thames to Deptford. During this period with the waterfront at its centre, London became the hub of the new British empire, contributing to the exploitation of people from other lands known as slavery.

London 2012 and the Post-Olympics City Phil Cohen, Paul Watt, 2017-09-20 This book brings together a body of new research which looks both backwards and forwards to consider how far the London 2012 Olympic legacy has been delivered and how far it has been a hollow promise. Cohen and Watt consider the lessons that can be learnt from the London experience and aptly apply them to other host cities specifically Rio 2016 and Tokyo 2020. The Olympics are often described as a mega event in a way that assumes the host cities have no other existence outside before or beyond the contexts imposed by the Games themselves. In terms of regeneration, the London 2012 Olympics promised to trigger a mega regeneration project that was different to what had come before. This time the mistakes of other large-scale projects like London Docklands and Canary Wharf would be put right: top-down planning would be replaced by civic participation, communication and the local. This edited collection questions how far the 2012 London legacy really is different. In so doing, it brings fresh evidence, original insights and new perspectives to bear on the post-Olympics debate. A detailed and well-researched study, this book will be of great interest to scholars of urban geography, sociology, urban planning and sports studies.

The Hellgate Doug Lamoreux, 2022-07-17 A collection of four horror novels by Doug Lamoreux now in one volume. Saucy Jacky comes into the East End of London, England, in the year 1888. Walk through the streets of Whitechapel and slums of Spitalfields side by side with history's most notorious serial killer. Overhear his plans and listen or try not to to his secret thoughts as he waits in the shadows. Keep pace if you have the nerve as he stalks his victims. Watch if you have the stomach as he commits his outrages. Run with him if you're still upright as he escapes the swarming forces of police desperate for his hide and head. These are the Whitechapel murders as told by Jack the Ripper himself. The Devil's Bed While touring a ruined castle in France, Brandy Petracus is led to the unhallowed graveyard of Templar knights executed for practicing black magic. Long forgotten by the world, this ancient cemetery is known to the locals as the Devil's Bed, and its occupants do not rest in peace. Brandy soon finds herself the leader of an eclectic group besieged by resurrected Templar knights craving their blood. Vampirism, madness, dark humor and flashbacks to 14th-century Paris tell Brandy's story of commitment, trust and sacrifice as she is forced to hole up in an ancient chapel with her friends and fight for survival. Even then, the Devil's Bed has yet to surrender all of its secrets. The Melting Dead Everything they grab catches fire. Everyone they touch dies. Everything they kill comes back from the dead. A secluded Mississippi River island is the perfect vacation getaway until the space rocks land. An innocent family is killed by searing radiation. That same cosmic force returns Dad, sis and the two boys from the grave. But they're deteriorating quickly, melting away. Only flesh and blood can save them. Oh look! Here come the tourists! It's a B movie between book covers, a roller coaster ride of terror to burst your heart.

with fear and make your sides ache with laughter one of the best zombie stories I have read Peter Schwotzer Famous Monsters of Film magazine When The Tik Tik Sings In a sleepy historical Iowa town the strangest serial killer the world has ever known is roaming at will It begins with a mysterious house explosion a severely burned man and an unidentified female body More victims follow each killed under the oddest circumstances each bearing an identical but unidentified wound each attack accompanied by the most eerie musical ticking When the lead homicide investigator goes missing Police Sergeant Erin Vanderjagt is forced into the fray and into a personal hell she could have never imagined But what can Erin do where can she go how can she fight the horror When The Tik Tik Sings

The Materiality of Literary Narratives in Urban History Lieven Ameel, Jason Finch, Silja Laine, Richard Dennis, 2019-08-12 The Materiality of Literary Narratives in Urban History explores a variety of geographical and cultural contexts to examine what literary texts grasped as material objects and reflections on urban materialities have to offer for urban history The contributing writers approach to literary narratives and materialities in urban history is summarised within the conceptualisation materiality in of literature the way in which literary narratives at once refer to the material world and actively partake in the material construction of the world This book takes a geographically multipolar and multidisciplinary approach to discuss cities in the UK the US India South Africa Finland and France whilst examining a wide range of textual genres from the novel to cartoons advertising copy architecture and urban planning and archaeological writing In the process attention is drawn to narrative complexities embedded within literary fiction and to the dialogue between narratives and historical change The Materiality of Literary Narratives in Urban History has three areas of focus literary fiction as form of urban materiality literary narratives as social investigations of the material city and the narrating of silenced material lives as witnessed in various narrative sources

The Literary Review, 2011 *London's Criminal Underworlds, c. 1720 - c. 1930* Heather Shore, 2015-03-14 This book offers an original and exciting analysis of the concept of the criminal underworld Print culture policing and law enforcement criminal networks space and territory are explored here through a series of case studies taken from the eighteenth nineteenth and twentieth centuries *East London* Henry Walker, 1896 *The Spectator*, 1897 A weekly review of politics literature theology and art

An Historical Guide to London George Robert Stirling Taylor, 1911 **From virtue to venality** Peter Jones, 2016-05-16 From virtue to venality examines the problem of corruption in British urban society and politics between 1930 and 1995 It is not a conventional study of the politics of local government since it seeks to place corruption in urban societies in a wider cultural context The accounts of corruption in Glasgow a British Chicago as well as the major corruption scandals of John Poulson and T Dan Smith show how Labour controlled towns and cities were especially vulnerable to corrupt dealings By contrast the case of Dame Shirley Porter in the City of Westminster in the late 1980s reveals that Conservative controlled councils were also vulnerable since in London the stakes of the political struggle were especially intense This book will be of special interest to students of history and politics and those who are concerned about

the growth of corruption in British political culture
