Beyond Tithes and Offerings Dr. J. Gayle Gaymon, 2015-08-14 Early in our Christian lives we are taught the importance of tithing and making offerings It is a way to show our love for God and desire to live in faith under his rules But do we really know the background and importance of the call to tithe Dr J Gayle Gaymons *Beyond Tithes and Offerings* I AM the God of Recompense takes an in depth look at the principle of tithes and offerings under the Mosaic Law Scriptural references are provided to support her conclusions She considers the question If there is no longer Jew or Gentile and you are grafted into Gods redemptive plan does He require anything less from you The author also discusses what it means to be wholly or partially in the body of Christ and how it relates to being called a Christian You will also learn what else it takes to be a true Christian *Beyond Tithes and Offerings* I AM the God of Recompense will expand your faith knowledge which will help you become a better servant for God

Beyond Tithing Stuart Murray, 2011-12-19 Tithing is biblical but not Christian So asserts Dr Stuart Murray in this radical examination of the contemporary practice of tithing in which the author comes to some surprising conclusions Stuart Murray clearly explains tithing in the Old Testament and in Christian history but then probes further asking penetrating questions such as Is tithing Christian Did Jesus tithe Does tithing function as a regressive tax burdening the poor while the rich get richer Does tithing lead to a legalistic approach that alienates us from Jesus The author suspects that a lot of the current lack of interest in the church stems from deep seated memories of the church as oppressive uncreative and money grabbing In response we should therefore learn not to calculate percentages but explore creative ways of developing communities of justice and generosity that are good news to the poor *Beyond Tithing* will stimulate your thinking and challenge the dominant influence of the practice of tithing as the model for Christian stewardship

Bruce Wells,2006-07 Some have said that the word scam is too strong for a book that argues against the church's most sacred cow but scam is exactly the right word because tithing has been put forth as a duty that will earn that which Christ suffered and died to freely give us Not only is it wrong to suggest that tithing will do what Christ died to do such as open heaven or make one right with God but such teaching is an insult to His sacrifice and in reality an enemy to the Cross even as circumcision was in the early church Our ministers have been naively leading the church back under the Old Testament Law and its curse with imagined tithing promises that have gone way beyond even that which Malachi promised Under the guise of obedience faithfulness and stewardship we've been duped into believing we must prove ourselves without realizing that practicing the Law tithing blocks us from becoming sons and heirs according to Galatians 4:5 Do you know that The book of Malachi was never intended to be instruction to the New Testament church All the ordinances in Malachi including tithing were nailed to Jesus' cross according to Colossians chapter 2 Tithing is part of the Law according to Matt 23:23 Malachi 3:7 and Hebrews 7:18 The practice of tithing the Law can expose you to the curse of the Law causing incurable sicknesses debt death and many other problems according to the Apostle Paul in Galatians 3:10 The practice of tithing actually removes you from the state of grace and places you back in the category of sinner Hebrews 5:4 Tithing causes you to frustrate the grace of God and causes Christ to profit you nothing Galatians 2:21 and 5:2 Making tithing a practice today actually causes the New Testament to become another gospel according to Paul in Galatians 1:6 Order *The Great Tithing Scam* today and find out what else tithing will or won't do **A CHRISTIAN'S PRIMER and BEYOND** Jim D. Stuckey, Ph.D.,2011-03-23 Being a Christian involves beliefs and corresponding behavior as specified in the scriptures In this book is instruction in these fundamental truths There aren't many but a knowledge and application of each is critical to living in

obedience to God as demonstrated by Jesus Christ and empowered by the Holy Spirit The author did not intend for this work to be the end of further study Rather it should serve as a mere beginning It s a primer of sorts a brief introduction of basic concepts culminating with Salvation the supreme theme of the Bible Throughout Dr Stuckey has referred extensively to scripture to verify his explanations of the meaning of Christianity Of essence is that a disciple of Christ does not have the option to pick and choose what he decides to believe and practice and that love the noun must become love the verb

Kleptomaniac: Who's Really Robbing God Anyway? Frank Chase Jr, 2016-06-14 KLEPTOMANIAC Who s Really Robbing God Anyway is a trek through the pages of the Bible to find the untwisted truth about the centuries old teachings on tithes and offerings Every page of this book has information that will make you become an analyst in getting to the bottom line of what tithing is in the Old and New Testament It takes you on a journey to first define the word tithe and then breaks down the differences between giving and tithing as the Bible instructs The author attempts to expose what most people believe as fact to bring them to what the Bible actually teaches when it comes to true giving Are the arguments put forth today about tithing fact or fiction This book tackles tough questions like did God ever require a tithe of money Was the contents of the tithe always money in the Bible Who is really robbing God today Did God change the tithe at some point in biblical history Are first fruits money Is the tithe food money or both Is the church the storehouse Did Jesus Paul and the Disciples tithe Did the early church honor a money tithe system Are Christians really cursed for not tithing ten percent of their income These questions will be answered based on scholarship the land the language and the literature of the original Biblical people Not only will questions be answered for those confused about whether or not they are required to pay ten percent of their income to any religious institution they will learn what the Bible really teaches about money and stewardship The author meticulously examines the word tithe in both the Hebrew and Greek language To understand every Bible verse that contains the word tithe the author gives context and definitive definitions for clarity of the text This book also explains the concept of giving from a New Testament perspective without the mandate of ten percent and explains why the Apostle Paul never mentioned tithing to any of the New Testament congregations From Genesis to Revelation this book is about how to properly interpret biblical terms to arrive at the proper interpretation of a biblical text that refers to money or tithing Because there are pros and cons about tithing the author examines both tithing and non tithing theological camps and presents analysis and conclusions so that the reader can make an informed choice as to how they will give in the future Since money is vital in every part of society and the church this book spends a considerable amount of time detailing how money was used in the Bible to help readers know the difference between tithes and money The tithing phenomenon has been

around for centuries and this book is an expose into the how the current doctrine came into existence and who the culprits were who played a major role in what churches teach today Whether you agree or disagree with tithing as a viable doctrine KLEPTOMANIAC is a back to the past look at Israel s history and how they practiced tithing in a theocracy This book also questions how tithing practices of today affect people financially and how those practices are unlike tithing practices of yesterday Not only does this book challenge the accepted definitions of the tithe it also questions the sustainability of the current practices especially when economic times get tough for people who may not be able to give much From the very beginning to the end of the book everything is supported by Scripture and research You will know from the onset why the author Dr Frank Chase Jr wrote the book and learn about his personal story of what happened as a result of embracing New Covenant giving principles from the New Testament Not only does the book cover the Old Testament tithe it also unveils what the New Testament teaches about giving by analyzing some of the epistles of Apostle Paul concerning his views and instructions on charitable giving

The Christian as Imitator of Christ Francis Kofi Achampong, 2025-04-25 Two and a half billion people worldwide profess to be Christians These include people who espouse ideas about White Christianity Christian nationalism Christian libertarianism racial segregation and racial purity It also includes people who see assistance to the poor as handouts that perpetuate poverty The latter group includes people who espouse ideas about accountable individualism where people are expected to pull themselves up by their own bootstraps and become self sufficient as a sign of faith in God s grace and a perversion of crucicentrism which takes the position that it is compassionate to allow poor people to suffer because it can drive them to the cross and salvation in Christ
