The Complexity of Greatness Scott Barry Kaufman, 2013-05-30 What are the origins of greatness The Complexity of Greatness brings together a variety of perspectives across various domains including science mathematics expert memory acting visual arts music and sports It demonstrates that the truth about greatness is far more nuanced and complex than any one viewpoint or paradigm can reveal

Handbook on the Geographies of Creativity Anjelina de Dios, Lily Kong, 2020-09-25 How can the where of creativity help us examine how and why it has become a paradigmatic concept in contemporary economies and societies Adopting a geographically diverse theoretically rigorous approach the Handbook offers a cutting edge study of creativity as it has emerged in policy academic activist and cultural discourse over the last two decades To this end the volume departs from conventional modes of analyzing creativity by industry region or sector and instead identifies key themes that thread through shifting contexts of the creative in the arts media technology education governance and development By tracing the myriad spatialities of creativity the chapters map its inherently paradoxical features reinforcing persistent conditions of inequality even as it opens avenues for imagining and enacting more equitable futures

Teaching Difficult Topics Olivia R. Lucas, Laura Moore Pruett, 2024-10-14 Teaching Difficult Topics provides a series of on the ground reflections from college music instructors working in a wide variety of institutional settings about their approaches to inclusive supportive pedagogy in the music classroom Although some imagine the music classroom to be an apolitical space instructors find themselves increasingly in need of resources for incorporating issues of race and ethnicity gender and sexuality and historical trauma into their classrooms in ways that support student learning and safeguard their classroom communities The teaching reflections in Teaching Difficult Topics examine difficult themes that fall into three primary categories subjects that instructors sense to be controversial or emotionally challenging to discuss those that derive from or intersect with real world events that are difficult to process and bigger picture discussions of how music studies often focuses on dominant narratives while overlooking other perspectives Some chapters offer practical guidance lesson plans and teaching materials to enable instructors to build discussions of race gender sexuality and traumatic histories into their own classrooms others take a more global view reflecting on the importance and relevance of teaching these difficult topics and on how to respond in the music classroom when external events disrupt daily life

Performance in Theatre and Everyday Life: Cognitive, Neuronal, and Applied Aspects of Acting Corinne Jola, Pil Hansen, 2021-09-30

International Mobility, Global Capitalism, and Changing Structures of Accumulation Anthony P. D'Costa, 2015-11-19 International mobility is not a new concept as people have moved throughout history voluntarily and forcibly for personal familial economic political and professional reasons Yet the mobility of technical talent in the global economy is relatively new largely voluntary structurally determined by market forces and influenced by immigration policies With over a decade s worth of extensive research in India Japan Finland and Singapore this book provides an alternative understanding of how capitalism functions at

the global level by specifically analyzing the international movement of technical professionals between India and Japan There are three factors that inform this study the services transition away from manufacturing the movement of technical professionals in the world economy and the demographic crisis facing Japan The dynamics of changing capitalism are examined by theorizing the emergence of the services sector in the USA and Japan analyzing the pronounced social inequality in India that is the basis for the global supply of highly skilled technical professionals and providing considerable empirical data on the flows of professionals to these two countries to indicate Japan s institutional inflexibility in accommodating foreign talent The author anticipates that Japanese industry will shed some of its institutional rigidity due to the pressures of competition and the scarcity of technical professionals Providing a wealth of information on the topic of international mobility this book is an essential addition for scholars and students in the field of International Development Business Studies Asian Studies Migration Studies and Political Economy

Beyond Words Timothy Cleveland, 2022-08-16 It is commonplace to regard many great works of literature poems dramas works of fiction as in some sense philosophical Yet ever since Plato there has been a tension between the kind of abstract theorizing that goes on in philosophy and the focus on concrete particulars that occurs in poetry and fiction Beyond Words Philosophy Fiction and the Unsayable elaborates on and addresses this Platonic tension asking in

what sense if any literature in the form of poetry drama short stories and novels can contribute significantly to our philosophical understanding Timothy Cleveland suggests there is something in certain poems novels and stories that makes them especially suited to expanding our awareness and understanding into the nature of things otherwise unsayable and unconceived Such literary works show us something that a theoretical scientific or philosophical discourse cannot literally say
