

The background of the book cover features a sepia-toned photograph of a window with dark frames. Through the window, a dense, leafy tree is visible. The overall aesthetic is classic and scholarly.

Beyond The Abortion Wars Beyond The Abortion Wars

Cynthia Burack

Beyond The Abortion Wars Beyond The Abortion Wars:

Beyond the Abortion Wars: A Way Forward for a New Generation Camosy, 2016-09 Now in paperback A terribly timely take on the polarized abortion debate The abortion debate in the United States is confused Ratings driven media coverage highlights extreme views and creates the illusion that we are stuck in a hopeless stalemate In this book published in hardcover in March 2015 Charles Camosy argues that our polarized public discourse hides the fact that most Americans actually agree on the major issues at stake in abortion morality and law Unpacking the complexity of the abortion issue Camosy shows that placing oneself on either side of the typical polarizations pro life vs pro choice liberal vs conservative Democrat vs Republican only serves to further confuse the debate and limits our ability to have fruitful dialogue Camosy then proposes a new public policy that he believes is consistent with the beliefs of the broad majority of Americans and supported by the best ideas and arguments about abortion from both secular and religious sources *Beyond Abortion* Mary Ziegler, 2018-02-23 Roe s privacy rationale inspired left leaning movements unrelated to abortion around sexual orientation class gender race disability and patient rights But groups on the right used it as well to attack government involvement in American life Mary Ziegler s analysis shows that privacy belongs to no party or cause *How Conservatives Won the Abortion War* William Saletan, 2004-10-20 Saletan s *Bearing Right* is as subtle and intelligent a study of abortion politics as has ever been written You may not agree with the conclusions but no one concerned about this issue can afford to miss this brilliant analysis Charles Krauthammer syndicated columnist and winner of the Pulitzer Prize for distinguished commentary Saletan destroys the myth that there s nothing new to say about America s abortion debate His argument that the pro choice movement has preserved abortion rights by co opting conservative rhetoric will make activists on both sides of the debate uncomfortable which is an achievement in and of itself There s no smarter political commentator in Washington today Peter Beinart editor *The New Republic* Will Saletan is one of America s shrewdest political writers He brings clarity and intelligence to the roiling abortion debate in a challenging and illuminating work of contemporary history If you care about the issue of abortion you must read this book Rich Lowry editor *National Review* A unique assessment of recent abortion politics Saletan uncovers political and institutional strategies with lucidity and verve This book makes a raft of challenging arguments a must read especially now Rickie Solinger author of *Beggars and Choosers* *How the Politics of Choice Shapes Adoption Abortion and Welfare in the U S* Will Saletan is a great political journalist with a strong moral sense He also has an unusually shrewd understanding of what happens when ethics and values meet elections and the legislative process So partisans on every side of the abortion debate Saletan shows convincingly there are more than two will be challenged by his book at times upset and always enlightened Based on exceptional reporting and fiercely independent analysis *Bearing Right* is eloquent important and surprising E J Dionne Jr syndicated columnist and author of *Why Americans Hate Politics* A unique assessment of recent abortion politics Saletan uncovers political and institutional strategies with lucidity and verve This book

makes a raft of challenging arguments a must read especially now Rickie Solinger author of *Beggars and Choosers* How the Politics of Choice Shapes Adoption Abortion and Welfare in the U S *Dispatches from the Abortion Wars* Carole Joffe,2010-01-01 Surprising firsthand accounts from the front lines of abortion provision reveal the persistent cultural political and economic hurdles to access More than thirty five years after women won the right to legal abortion most people do not realize how inaccessible it has become In these pages reproductive health researcher Carole Joffe shows how a pervasive stigma cultivated by the religious right operates to maintain barriers to access by shaming women and marginalizing abortion providers Through compelling testimony from doctors health care workers and patients Joffe reports the lived experiences behind the polemics while also offering hope for a more compassionate standard of women s health care *Achieving Peace in the Abortion War* Ph. D. Rachel M. Macnair,2008-12 Elections come and go and outcomes depend on events and characters out of the control of any single movement The United States downward trend in abortions however has happened steadily through both Democrat and Republican administrations There are several reasons to believe this is likely to continue The fragility of abortion practice in the United States is becoming increasingly clear People in other countries may also find useful information in the principles explained here The real life experience of doctors and nurses involved in providing abortion show that they are a weakening link in the abortion chain and this book explains reasons why this is so that depend more on psychology than politics There is also a vital opportunity in understanding the human mind s drive for consistency and its link to behavior When knowing about how abortion practice has begun collapsing people find it safer to hear the case against it and to act in a more constructive way toward the genuine needs of pregnant women The social and psychological dynamics of performing and defending abortions offer many opportunities for stopping widespread feticide The more we understand these the more effective we can be as peacemakers in the abortion war Abortion Wars Rickie Solinger,1998-01-16 Contains eighteen essays that offer a pro rights perspective on the issue of abortion examining the topic within the historical framework of the second half of the twentieth century and discussing the reasons why abortion continues to be one of the most violently contested issues in the United States Tough Love Cynthia Burack,2014-02-01 Exposes how ex gay and postabortion ministries operate on a shared system of thought and analyzes their social implications A staple of the culture wars the struggle between Christian conservatives and progressives over sexuality and reproductive rights continues Focusing on ex gay ministries geared to helping same sex attracted people resist their sexuality and postabortion ministries dedicated to leading women who have had an abortion to repent that decision Cynthia Burack argues that both are motivated and characterized by a strain of compassion that is particular to Christian conservatism rather than a bias and hatred toward sexual minorities and sexually active women This compassion reproduces the sexual ideology of the Christian right and absolves Christian conservatives from responsibility for stigma and other forms of harm to postabortive and same sex attracted people Using the democratic theory of Hannah Arendt the popular fiction of Ayn Rand and the

psychoanalytic thought of Melanie Klein Burack studies the social and political effects of Christian conservative compassion

Abortion in America Mary Ziegler,2020-03-26 Ziegler documents a shift to debates on policy costs and benefits that deepened polarization on abortion in this first legal history of the period **The Sixties and Beyond** Nancy Christie,Stephen J. Heathorn,Michael Gauvreau,2013-03-07 In the decades following the Second World War North America and Western Europe experienced widespread secularization and dechristianization many scholars have pinpointed the 1960s as a pivotally important period in this decline The Sixties and Beyond examines the scope and significance of dechristianization in the western world between 1945 and 2000 A thematically wide ranging and interdisciplinary collection The Sixties and Beyond uses a framework that compares the social and cultural experiences of North America and Western Europe during this period The internationally based contributors examine the dynamic place of Christianity in both private lives and public discourses and practices by assessing issues such as gender relations family life religious education the changing relationship of church and state and the internal dynamics of religious organizations The Sixties and Beyond is an excellent contribution to the burgeoning scholarship on the 1960s as well as to the history of Christianity in the western world Encyclopedia of American Social Movements Immanuel Ness,2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice *Introducing Catholic Social Thought* J. Milburn Thompson,2015-02-26 Introduces Catholic social teaching of the twenty first century and includes encyclicals of Benedict XVI **No Taxpayer Funding for Abortion Act** United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution,2011 **Research Handbook on International Abortion Law** Mary Ziegler,2023-03-02 The Research Handbook on International Abortion Law provides an in depth multidisciplinary study of abortion law around the world presenting a snapshot of global policies during a time of radical change With leading scholars from every continent Mary Ziegler illuminates key forces that shaped the past and will influence an unpredictable future

Abortion Tamara Thompson,2015-02-19 Nearly half of all pregnancies among U S women are unintended and about four in ten of these are terminated by abortion The writings in this anthology have been selected to introduce the reader to the broadest possible spectrum of viewpoints on the abortion debate A question and response format prompts readers to examine complex issues from multiple angles Students are encouraged to see the validity of divergent opinions so that they may understand the debate inclusively Fact boxes are included to summarize important information for researchers Telling Stories Out of Court Ruth O'Brien,2018-09-05 Few of the countless real life stories of workplace discrimination suffered by men and women every day are ever told publicly This book boldly and eloquently rights that wrong going where no plaintiff testimony could ever dare because these stories are often too raw honest ambiguous and nuanced to be told in court or reported in a newspaper from the Foreword Telling Stories Out of Court reaches readers on both an intellectual and an

emotional level helping them to think about feel and share the experiences of women who have faced sexism and discrimination at work It focuses on how the federal courts interpreted Title VII of the Civil Rights Act of 1964 Offering insights that law texts alone cannot the short stories collected here all but two written for this volume help readers concentrate on the emotional content of the experience with less emphasis on the particulars of the law Grouped into thematic parts titled In Their Proper Place Unfair Treatment Sexual Harassment and Hidden Obstacles the narratives are combined with interpretive commentary and legal analysis that anchor the book by revealing the impact this revolutionary law had on women in the workplace At the same time the stories succeed on their own terms as compelling works of fiction from LaKeesha's Job Interview in which a woman's ambition to move from welfare to work faces an ironic obstacle to Plato Again in which a woman undergoing treatment for cancer finds her career crumble under her to Vacation Days which takes the reader inside the daily routine of a nanny who works at the whim of her employer The Oxford Handbook of Religious Perspectives on Reproductive Ethics Davis,2023 As I write this introduction the third season of the Israeli series Schtisel has arrived on Netflix eagerly awaited by viewers around the world who would never have imagined how caught up they would get by this family drama of four generations of ultra Orthodox Jews living in Jerusalem One episode focuses on Ruchami and Hanina a young couple who have been married for five years but without children It turns out that pregnancy and childbirth would threaten Ruchami's life She is using an IUD but she keeps threatening to have it removed risking her life to become a mother Finally with great reluctance Hanina visits the rebbe the spiritual authority in their community to discuss the possibility of using a surrogate They are says the rebbe caught between two non ideal situations surrogacy normally forbidden is non ideal but so is Ruchami's unhappiness and the possibility that she might go ahead and take the risk which is also forbidden Modern Motherhood Jodi Vandenberg-Daves,2014-05-26 How did mothers transform from parents of secondary importance in the colonies to having their multiple and complex roles connected to the well being of the nation In the first comprehensive history of motherhood in the United States Jodi Vandenberg Daves explores how tensions over the maternal role have been part and parcel of the development of American society Modern Motherhood travels through redefinitions of motherhood over time as mothers encountered a growing cadre of medical and psychological experts increased their labor force participation gained the right to vote agitated for more resources to perform their maternal duties and demonstrated their vast resourcefulness in providing for and nurturing their families Navigating rigid gender role prescriptions and a crescendo of mother blame by the middle of the twentieth century mothers continued to innovate new ways to combine labor force participation and domestic responsibilities By the 1960s they were poised to challenge male expertise in areas ranging from welfare and abortion rights to childbirth practices and the confinement of women to maternal roles In the twenty first century Americans continue to struggle with maternal contradictions as we pit an idealized role for mothers in children's development against the social and economic realities of privatized caregiving a paltry public policy

structure and mothers extensive employment outside the home Building on decades of scholarship and spanning a wide range of topics Vandenberg Daves tells an inclusive tale of African American Native American Asian American working class rural and other hitherto ignored families exploring sources ranging from sermons medical advice diaries and letters to the speeches of impassioned maternal activists Chapter topics include inventing a new role for mothers contradictions of moral motherhood medicalizing the maternal body science expertise and advice to mothers uplifting and controlling mothers modern reproduction mothers resilience and adaptation the middle class wife and mother mother power and mother angst and mothers changing lives and continuous caregiving While the discussion has been part of all eras of American history the discussion of the meaning of modern motherhood is far from over **The Political Geographies of Pregnancy** Laura R. Woliver, 2010-10-01

A searing study of how modern reproductive politics shapes women s bodily agency Pregnancy indisputably takes place within a woman s body But as reproductive power finds its way into the hands of medical professionals lobbyists and policymakers the geographies of pregnancy are shifting and the boundaries need to be redrawn argues Laura R Woliver The Political Geographies of Pregnancy is a vigorous analysis of the ways modern reproductive politics are shaped by long standing debates on abortion and adoption surrogacy arrangements new reproductive technologies medical surveillance and the mapping of the human genome Across a politically charged backdrop of reproductive issues Woliver exposes strategies that claim to uphold the best interests of children families and women but in reality complicate women s struggles to have control over their own bodies Utilizing feminist standpoint theory and promoting a feminist ethic of care Woliver looks at abortion politics modern adoption laws that cater to male headed families regulations that allow the state to monitor pregnant women but not always provide care for them and the power structures behind the seemingly benign world of egg selling and surrogate parenting She also considers the potentially staggering political implications of mapping the human genome and the exclusion of women s perspectives in discussions about legislation and advancements in reproductive technologies **Beyond Bylines** Barbara M. Freeman, 2011-12-14

Beyond Bylines Media Workers and Women s Rights in Canada explores the ways in which several of Canada s women journalists broadcasters and other media workers reached well beyond the glory of their personal bylines to advocate for the most controversial women s rights of their eras To do so some of them adopted conventional feminine identities while others refused to conform altogether openly and defiantly challenging the gender expectations of their day The book consists of a series of case studies of the women in question as they grappled with the concerns close to their hearts higher education for women healthy dress reforms the vote equal opportunities at work abortion lesbianism and Aboriginal women s rights Their media reflected their respective eras intellectual magazines daily and weekly newspapers radio feminist public relations alternative women s periodicals and documentary film made for television Barbara Freeman takes an interdisciplinary approach combining biography history and communication studies to demonstrate how their use of different media both

enabled and limited these women in their ability to be daring advocates for gender equality She shows how a number of these women were linked through the generations by their memberships in activist women s organizations **The Global Gag Rule and Women's Reproductive Health** Yana van der Meulen Rodgers,2018 This book supports three important messages the global gag rule has failed to achieve its goal of reducing abortions there is no definitive relationship between restrictive national abortion laws and abortion rates and the 2017 expansion of the global gag rule will adversely affect a dashboard of health indicators

Unveiling the Magic of Words: A Report on "**Beyond The Abortion Wars Beyond The Abortion Wars**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Beyond The Abortion Wars Beyond The Abortion Wars**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
