Version Gangsters Anonymous Manual G.A. Global Services Inc. Fellowship Approved,2008-11-18 Paperback Version

Introduction to Gangsters Anonymous If this is your first introduction to G A you are probably wondering if this is for real Many of us felt the same way No one here wants to know anything about your crimes We are here to support each other in our effort to live life free from criminal behavior and street poison We know the title gangster is very difficult for some Many consider the word negative If you identify yourself as an enemy to this title we welcome you and ask that you read this book from beginning to end We do not claim allegiance to the title It is only used to describe the mentality we all suffer from Perhaps you will hear something that sounds familiar to you Before coming to G A we were once afraid to let go of something which had become so much a part of us It is a relief to discover that the only requirement for membership is a desire to stop committing crimes **Instructions to the Cook** Bernie Glassman,Rick Fields,2013-06-18 Zen is not just about what we do in the meditation hall but what we do in the home the workplace and the community That s the premise of this book how to cook what Zen Buddhists call the supreme meal life It has to be nourishing and it has to be shared And we can use only the ingredients at hand Inspired by the thirteenth century manual of the same name by Dogen the founder of the Japanese Soto Zen tradition this book teaches us how we can enlarge the family we re feeding if we just use some imagination Bernie Glassman founded Greyston Bakery in Yonkers New York in 1982 to employ those whom other companies deem unemployable the homeless ex cons recovering addicts low skill individuals with the belief that investing in people and not just products does pay He was right Greyston has evolved into an 8 million a year business with clients all over New York City It is the sole supplier of brownies to Ben it s about working with the community s needs right from the beginning bringing them from the margins to the core As its company motto goes We don t hire people to bake brownies We bake brownies to hire people This book is as much a self manual as a business manual addressing such concepts as Beginner s mind The Middle Way of Sustainability The hungry ghosts of Buddhism as a picture of all humanity Working with our faults Indra s Net and the interconnectedness of life Leaving no trace **This Strange Illness** Jared Lobdell,2004-01-01 This brilliant work both personal and professional in character is a study of alcoholism of a movement aimed at its cure and of an individual participant in this development The author develops an interlinked theory and scientific research program that describe an illness of the mind body and spirit He does so without allowing the assumptions underlying the way we look at one area of illness say the mind to contradict the assumptions underlying the way we look at the human body or for that

matter the human spirit That Lobdell carries this project to a successful conclusion makes this a compelling work for everyone in the field of alcohol studies and social pathology Lobdell who has written on a broad range of subjects here argues the originality and importance of recognition of alcoholism as a tripartite illness and of congruent treatment for the three parts He thus accepts a medical view of this vast social problem but also recognizes dimensions within it that go beyond the ordinary limits of medical practice as well as the complexity of its treatment His book is at once an intellectual history of Bill W's vision a short history of alcohol addiction and the culture of that addiction a treatise on the psychological biochemical and spiritual aspects of the illness and its treatment and a scientific research program for the future Norman K Denzin of the University of Illinois has hailed the book as a wonderful story brought to a sophisticated readership and will widely appeal to the recovering population Matthew J Raphael intimate with the subjects as well as the concerns of this book says This Strange Illness is an astounding book Jared Lobdell a brilliant polymath traverses a spectrum of disciplines from biogenetics and chaos theory to psychology sociology and theology in search of a sufficiently complex and comprehensive understanding alcoholism This is the most intellectually rigorous study I have ever seen in the field Jared C Lobdell is author or editor of a dozen books in history and criticism and a number of articles in fields ranging from alcohol studies to systems analysis He has served as a fellow at the Center for Alcoholism and Addiction Studies Brown University His current positions are at Millersville University of Pennsylvania and adjunct professor at Elizabethtown College in Pennsylvania
