PROLOGUE

I COME but like a harbinger, being sent
To tell you what these preparations mean.
Look for no glorious state; our Muse is bent
Upon a barren subject, a bare scene.
We could afford this twig a timber-tree,
Whose strength might boldly on your favours build,
Our ranset, tissue; drone, a honey-bee.

of the contributions to this edited volume an interviewee argues that English is power For researchers in the field of English Studies this raises the questions of where the power of English resides and which types and practices of power are implied in the uses of English Linguists scholars of literature and culture and language educators address aspects of these questions in a wide range of contributions The book shows that the power of English can oscillate between empowerment and subjection on the one hand enabling humans to develop manifold capabilities and on the other constraining their scope of action and reflection In this edited volume a case is made for self critical English Studies to be dialogic empowering and power critical in approach Domestic Life and Domestic Tragedy in Early Modern England Catherine Richardson, 2013-07-19 In a theatre

which self consciously cultivated its audiences imagination how and what did playgoers see on the stage This book reconstructs one aspect of that imaginative process It considers a range of printed and documentary evidence the majority previously unpublished for the way ordinary individuals thought about their houses and households It then explores how writers of domestic tragedies engaged those attitudes to shape their representations of domesticity It therefore offers a new method for understanding theatrical representations based around a truly interdisciplinary study of the interaction between literary and historical methods The plays she cites include *Arden of Faversham* *Two Lamentable Tragedies* *A Woman Killed With Kindness* and *A Yorkshire Tragedy* *Shakespeare and Historical Formalism* Stephen Cohen, 2016-04-01 Located at the intersection of new historicism and the new formalism historical formalism is one of the most rapidly growing and important movements in early modern studies taking seriously the theoretical issues raised by both history and form it challenges the anti formalist orthodoxies of new historicism and expands the scope of historicist criticism *Shakespeare and Historical Formalism* is the first volume devoted exclusively to collecting and assessing work of this kind With essays on a broad range of Shakespeare s works and engaging topics from performance theory to the emergence of the literary and from historiography to pedagogy the volume demonstrates the value of historical formalism for Shakespeare studies and for literary criticism as a whole *Shakespeare and Historical Formalism* begins with an introduction that describes the nature and potential of historical formalism and traces its roots in early modern literary theory and its troubled relationship with new historicism The volume is then divided into two sections corresponding to the two chief objectives of historical formalism a historically informed and politically astute formalism and a historicist criticism revitalized by attention to issues of form The first section *Historicizing Form* explores from a variety of perspectives the historical and political sources meanings and functions of Shakespeare s dramatic forms The second section *Re Forming History* uses questions of form to rethink our

understanding of historicism and of history itself and in doing so challenges some of our fundamental literary critical pedagogical and epistemological assumptions Concluding with suggestions for further reading on historical formalism and related work Shakespeare and Historical Formalism invites scholars to rethink the familiar categories and principles of formal and historical criticism *The Bourgeois Elements in the Dramas of Thomas Heywood* Friedrich Mowbray Velte, 1966
