A PANORAMA OF THE 1930s

The Dark Valley A Panorama Of The 1930s By Piers Brendon

Stephen Schloesser

The Dark Valley A Panorama Of The 1930s By Piers Brendon:

The Dark Valley Piers Brendon, 2016-05-12 Piers Brendon's magisterial overview of the 1930s is the story of the dark dishonest decade child of one world war and parent of the next that determined the course of the twentieth century Dealing individually with each of the period's great powers the USA Germany Italy France Britain Japan Spain and Russia Brendon takes us through the ten years dominated by the Great Depression and political turmoil When Broadway Piccadilly Circus the Kurfurstendamm and the Ginza neon metaphors of hope after four years of carnage grew dim as the giants of unemployment hardship strife and fear took their hold From the concentration camps of Dachau and Kolyma the Ukraine famine and the American Dust Bowl to the Moscow metro the Empire State Building and the Paris Exposition The Dark Valley brings the 1930s back to life through meticulous scholarship Brendon examines the great leaders Hitler Stalin Mussolini Mao Tse Tung Haile Selassie and countless others not with hindsight but in the context of their age but also through a vivid chronicling of contemporary experience he gives us a sense of what it was to be living then *Visions of Amen* Stephen

Schloesser, 2014-07-10 French composer Olivier Messiaen 1908 1992 is probably best known for his Quartet for the End of Time premiered in a German prisoner of war camp in 1941 However Messiaen was a remarkably complex intelligent person with a sometimes tragic domestic life who composed a wide range of music This book explores the enormous web of influences in the early part of Messiaen's long life The first section of the book provides an intellectual biography of Messiaen's early life in order to make his difficult music more accessible to the general listener The second section offers an analysis of and thematic commentaries on Messiaen's pivotal work for two pianos Visions of Amen composed in 1943 Schloesser's analysis includes timing indications corresponding to a downloadable performance of the work by accomplished pianists Stphane Lemelin and Hyesook Kim

The Great Depression Britannica Educational Publishing, 2012-12-01 One of the greatest economic crises in history the Great Depression of the 1930s caused much hardship both in the United States and throughout the world The economic impact of this difficult period was reflected not only in the job market of the era but in its art society and politics as well Illuminating information allows readers to examine the economic causes and effects of the Great Depression as well as the federal and global responses to the crisis and gives an in depth look at how literature theater film and more began to reflect the new social realities of the time **Understanding the British Empire** Ronald

Hyam, 2010-05-20 A study of key themes in the history of the British Empire by one of the senior figures in the field

Contesting Democracy Jan-Werner Muller, 2011-09-20 DIV This book is the first major account of political thought in twentieth century Europe both West and East to appear since the end of the Cold War Skillfully blending intellectual political and cultural history Jan Werner Muller elucidates the ideas that shaped the period of ideological extremes before 1945 and the liberalization of West European politics after the Second World War He also offers vivid portraits of famous as well as unjustly forgotten political thinkers and the movements and institutions they inspired Muller pays particular attention to ideas

advanced to justify fascism and how they relate to the special kind of liberal democracy that was created in postwar Western Europe He also explains the impact of the 1960s and neoliberalism ending with a critical assessment of today's self consciously post ideological age div Trouble in Goshen Fred C. Smith,2014 The Great Depression emboldened Americans to tolerate radical experimentation in search of solutions to seemingly overwhelming economic problems Amongst the thorniest of those was rural southern poverty In Trouble in Goshen Fred C Smith focuses on three communities designed and implemented to meet that challenge This book examines the economic and social theories and their histories that resulted in the creation and operation of the most aggressive and radical experiments in the United States Trouble in Goshen chronicles three communitarian experiments both the administrative details and the struggles and reactions of the clients Smith covers the Tupelo Homesteads in Mississippi the Dyess Colony in Arkansas and the Delta Cooperative Farm also in Mississippi The Tupelo Homesteads were created under the aegis of the tiny Division of Subsistence Homesteads a short lived first New Deal agency Dyess Colony was the largest of the Resettlement Administration's efforts to transform failed farmers into Jeffersonian yeoman farmers The third community the Delta Cooperative Farm a product of the active cooperation between the Socialist Party of America and a cadre of liberal churchmen led by Reinhold Niebuhr attempted to meld the pieties passions propaganda and theories of Jesus and Marx The equipment facilities and management styles of the projects reveal a clearly delineated class order among the poor Trouble in Goshen demonstrates the class conscious angst that enveloped three distinct levels of poverty and the struggles of plain folk to preserve their tenuous status and avoid overt peasantry

Great Escape Kati Marton,2006 Extravagantly praised by critics and readers this stunning story by bestselling author Kati Marton tells of the breathtaking journey of nine extraordinary men from Budapest to the New World what they experienced along their dangerous route and how they changed America and the world They are the scientists Leo Szilard Edward Teller Eugene Wigner and John von Neuman Arthur Koestler author of *Darkness at Noon* Robert Capa the first photographer ashore on D Day Andre Kertesz pioneer of modern photojournalism and iconic filmmakers Alexander Korda and Michael Curtiz The Island Nicholas Jenkins,2024-06-11 Nicholas Jenkins explores war love and politics in the early works of W H Auden one of the twentieth century's most controversial and moving poets Auden's poems embraced both haunted meditations on World War I and lyrical visions of English national identity until in the mid 1930s he lost faith in the artistic potential of such myths **The Short Writings of Nelson Algren** Richard F. Bales,2022-09-15 Nelson Algren was a renowned Chicago writer known for his social commentary and his novels like *The Man with the Golden Arm* and *A Walk on the Wild Side* Although he continues to be remembered almost exclusively for his novels this book aims to highlight the value and influence of his short form works Before he died in 1981 Algren had amassed a genre defying body of work including short stories articles poems and book reviews The present book features a comprehensive analysis and discussion of Algren's lost literature including everything but his novels One of the pieces covered is a masterpiece of race relations written in 1950

more than 60 years before the galvanization of the Black Lives Matter movement Another is a scathing poem about Algren's transatlantic love affair with Simone de Beauvoir Both items are reprinted in the book courtesy of the Algren estate This book also includes references to Algren's works that have yet to be studied by Algren scholars **Hitler** Michael J. Lynch, 2013 Adolf Hitler is the most notorious political figure of the twentieth century The story of his life how he became a dictator and how he managed to convince so many to follow his cause is a subject of perennial fascination Balancing narrative and analysis this biography employs a chronological approach to describe the main features of Hitler's career Set against the background of developments in Germany and Europe during his lifetime the text tells the extraordinary story of how an Austrian layabout rose to become Führer of the Third Reich The chapters incorporate into their narrative the major debates surrounding Hitler's ideas behaviour and historical significance Particular attention is paid to his experience as a soldier in 1914-18 and to the reasons why his original left wing sympathies transmuted into Nazism Arguments over the real character of Hitler's dictatorship are analysed and a measured assessment is offered on the disputed issues of how far Hitler initiated the Third Reich's domestic and foreign policies himself and to what extent he was controlled by events His destructive leadership of wartime Germany is now a subject of close scrutiny among historians and the book's final chapters deal with this theme and offer a set of reflections on Hitler's relationship with the German people and his legacy to the German nation Michael Lynch provides a balanced guide to this most difficult of figures that will be enlightening for students and general readers alike **A Village in the Third Reich** Julia Boyd, Angelika Patel, 2023-04-04 An intimate portrait of German life during World War II shining a light on ordinary people living in a picturesque Bavarian village under Nazi rule from a past winner of the Los Angeles Times Book Prize for History Hidden deep in the Bavarian mountains lies the picturesque village of Oberstdorf a place where for hundreds of years people lived simple lives while history was made elsewhere Yet even this remote idyll could not escape the brutal iron grip of the Nazi regime From the author of the international bestseller *Travelers in the Third Reich* comes *A Village in the Third Reich* shining a light on the lives of ordinary people Drawing on personal archives letters interviews and memoirs it lays bare their brutality and love courage and weakness action apathy and grief hope pain joy and despair Within its pages we encounter people from all walks of life foresters priests farmers and nuns innkeepers Nazi officials veterans and party members village councillors mountaineers socialists slave labourers schoolchildren tourists and aristocrats We meet the Jews who survived and those who didn't the Nazi mayor who tried to shield those persecuted by the regime and a blind boy whose life was judged not worth living This is a tale of conflicting loyalties and desires of shattered dreams but one in which ultimately human resilience triumphs These are the stories of ordinary lives at the crossroads of history *The New York Times Book Reviews 2000* New York Times Staff, 2001 This anthology examines *Love's Labours Lost* from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits

evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource Irish Poetry of the 1930s Alan Gillis,2005-06-23 The 1930s have never really been considered an epoch within Irish literature even though the Thirties form one of the most dominant and fascinating contexts in modern British literature This book argues that during this time Irish poets faced up to political pressures and aesthetic dilemmas which frequently overlapped with those associated with The Auden Generation In so doing it offers a provocative intercession into Irish history But more than this it offers powerful arguments about the way poetry in general is interpreted and understood In this way Gillis seeks to redefine our understanding of a frequently neglected period and to challenge received notions of both Irish literature and poetic modernism Irish Poetry of the 1930s gives detailed and vital readings of the major Irish poets of the decade including original and exciting analyses of Samuel Beckett Patrick Kavanagh Louis MacNeice and W B Yeats Selling Hitler Nicholas Jackson O'Shaughnessy,2021 A new interpretation of the Nazi propaganda machine that argues Hitler not Goebbels was at the center Reveals how Nazis used graffiti and rumor in novel ways The Oxford Handbook of British and Irish War Poetry Tim Kendall,2007-02-22 The Handbook ranges widely and in depth across 20th century war poetry incorporating detailed discussions of some of the key poets of the period It is an essential resource for scholars of particular poets and for those interested in wider debates Contributors include some of the most important international poetry critics of our time *In the Shadow of Munich. British Policy towards Czechoslovakia from 1938 to 1942* Vít Smetana,2008-01-01 The book In the Shadow of Munich British Policy towards Czechoslovakia from the Endorsement to the Renunciation of the Munich Agreement 1938 to 1942 analyses the varying attitudes and gradual change of British policy towards Czechoslovakia in the period from the Munich Conference in September 1938 to August 1942 when the British government proclaimed the Munich Agreement as dead and thus having no influence whatsoever on the future territorial settlement The key focus of this work lies in the influence of Munich upon the British political scene and upon the resulting British policy towards Czechoslovakia in the Central European context and also in the repercussions of Munich in negotiations with the Czechoslovak exile representatives The book is a result of many years of the author s research conducted primarily in the British and the Czech archives as well as his reflection of numerous documentary editions diaries memoirs and secondary sources It aims to dispel frequent myths and stereotypes that have so far influenced the Czech and partly also Anglo Saxon historiography in their interpretations of British attitudes towards Czechoslovakia immediately before and during the Second World War

Trauma and Survival in the Contemporary Church Jonathan S. Lofft,Thomas P. Power,2021-03-24 Drawing on a wide diversity of sources this volume constitutes an additional layer to the phenomenon of trauma by exemplifying its experience within the context of the church specifically the worldwide Anglican Communion a family of churches rooted in the English

appropriation of the Reformation As shown here a wide variety of analytic techniques can be deployed to examine trauma in the context of the church At an uncertain moment characterized by institutional breakup and decline in several Anglican churches this volume addresses an urgent need in the literature of church history as constituencies both within the church and without come to terms with ongoing and wide ranging experiences of trauma The variety of traumas and the responses official and otherwise documented in this collection reflect the wide ranging testimony of the contributors Shedding light for the first time on significant traumatic episodes these narratives examine a difficult and seemingly inexhaustible topic

Troublesome Young Men Lynne Olson,2025-10-16 A riveting history of the daring politicians who challenged the disastrous policies of the British government on the eve of World War II On May 7 1940 the House of Commons began perhaps the most crucial debate in British parliamentary history On its outcome hung the future of Prime Minister Neville Chamberlain s government and also of Britain indeed perhaps the world Troublesome Young Men is Lynne Olson s fascinating account of how a small group of rebellious Tory MPs defied the Chamberlain government s defeatist policies that aimed to appease Europe s tyrants and eventually forced the prime minister s resignation Some historians dismiss the phony war that preceded this turning point from September 1939 when Britain and France declared war on Germany to May 1940 when Winston Churchill became prime minister as a time of waiting and inaction but Olson makes no such mistake and describes in dramatic detail the public unrest that spread through Britain then as people realized how poorly prepared the nation was to confront Hitler how their basic civil liberties were being jeopardized and also that there were intrepid politicians willing to risk political suicide to spearhead the opposition to Chamberlain Harold Macmillan Robert Boothby Leo Amery Ronald Cartland and Lord Robert Cranborne among them The political and personal dramas that played out in Parliament and in the nation as Britain faced the threat of fascism virtually on its own are extraordinary and in Olson s hands downright inspiring Nelson Algren Richard F. Bales,2024-11-07 This book addresses critical gaps in existing biographies of Nelson Algren providing new perspectives on his writing style literary contributions professional colleagues and personal life especially his relationship with Simone de Beauvoir Although Beauvoir maintained a simultaneous relationship with philosopher Jean Paul Sartre the correspondence exchanged between Beauvoir Algren and Sartre as this book discusses sheds new light on her transatlantic love affair with Algren Moreover this work challenges the assertion that Algren s writing aligns seamlessly with the New Journalism style popularized by Tom Wolfe It investigates how Algren s literary legacy might have diverged had he embraced more of the principles associated with New Journalism **The Literary Review** ,2000

Getting the books **The Dark Valley A Panorama Of The 1930s By Piers Brendon** now is not type of inspiring means. You could not without help going like ebook store or library or borrowing from your contacts to entre them. This is an extremely easy means to specifically get lead by on-line.
