Dempsey, 2006-09-15 Since its introduction

in 1975 the BMW 3 series has earned a reputation as one of the world's greatest sports sedans. Unfortunately, it has also proven one of the more expensive to service and maintain. This book is dedicated to the legion of BMW 3 series owners who adore their cars and enjoy restoring, modifying, and maintaining them to perfection. Its format allows more of these enthusiasts to get out into the garage and work on their BMWs and, in the process, to save a fortune. Created with the weekend mechanic in mind, this extensively illustrated manual offers 101 projects that will help you modify, maintain, and enhance your BMW 3 series sports sedan. Focusing on the 1984-1999 E30 and E36 models, *101 Performance Projects for Your BMW 3 Series* presents all the necessary information, covers all the pitfalls, and assesses all the costs associated with performing an expansive array of weekend projects. **The BMW Century** Tony Lewin, 2016-11. The BMW Century profiles one hundred years of BMW car and motorcycle manufacturing, a decade at a time, with gorgeous photos and detailed text.

The BMW 5 Series and X5 Marc Cranswick, 2014-01-10. BMW is a company associated with motoring firsts. The very idea of a sports sedan was merely a novelty until BMW introduced the 5 series in 1972. As BMW's middle child, the 5 series has drawn features from the company's smallest and largest models, establishing a reputation for performance and practicality through multiple generations. This book covers the history of the 5 series midsize sedan and the related X5 SUV from September 1972 to the e60's major makeover for 2008 and the development of the e70 X5. Specific mechanical, electronic, and cosmetic changes are described, including the time of and reasons for their introduction. Several aspects of BMW's corporate history and technically related models, such as the 6 series, are also described, as are aftermarket modifications by Alpina, Hartge, and other specialist BMW tuners and speed shops. The book includes more than 200 photographs. Autocar, 2002. The BMW Century, 2nd Edition Tony Lewin, 2022-07-19. The BMW Century details more than one hundred years of BMW from its historic aviation roots to today's trend-setting cars and motorcycles.
