passengers went missing once what s to stop it from happening again Some of the theories the authors consider seem implausible on the surface but the thorough research they ve done and the continual failure of politicians aviation authorities and military members around the world to give any indication they re wrong makes their arguments as good if not better than the more widely shared ones The title of this thought provoking volume Someone is Hiding Something is a line spoken by former Malaysian Prime Minister Mahathir Mohamad perhaps the only government official to publicly acknowledge the true reason that neither Flight 370 nor the 239 people onboard have been found *Aviation Week & Space Technology* ,
