

Drive Sensitively – Save Fuel

Fuel consumption, to a great extent, depends on driving habits and operating conditions.

To save fuel you should:

- keep tires at the recommended inflation pressures.
- remove unnecessary loads.
- remove all racks or roof-mounted luggage racks when not in use.
- allow engine to warm up under low load use.
- avoid frequent acceleration and deceleration.
- have all maintenance work performed at regular intervals by an authorized MERCEDES-BENZ dealer.

Driving in cold weather, in stop-and-go city traffic, on short trips, and in hilly country also increase fuel consumption.
