Kenya **Approaches to Teaching the Works of Ngũgĩ wa Thiong'o** Oliver Lovesey, 2012-01-01 Ngũgĩ wa Thiong'o is one of the most important and celebrated authors of postindependence Africa as well as a groundbreaking postcolonial theorist. His work, written first in English then in Gikuyu, engages with the transformations of his native Kenya after what is often termed the Mau Mau rebellion. It also gives voice to the struggles of all Africans against economic injustice and political oppression. His writing and activism have continued despite imprisonment, the threat of assassination, and exile. Part 1 of this volume, Materials, provides resources and background for the teaching of Ngũgĩ's novels, plays, memoirs, and criticism. The essays of part 2, Approaches, consider the influence of Frantz Fanon, Karl Marx, and Joseph Conrad on Ngũgĩ; how the role of women in his fiction is inflected by feminism; his interpretation and political use of African history; his experimentation with orality and allegory in narrative; and the different challenges of teaching Ngũgĩ in classrooms in the United States, Europe, and Africa.

Kenya Richard Trillo, 2002 The Rough Guide to Kenya is the ultimate guide to East Africa's best known destination. Decolonization & Independence in Kenya, 1940-93 Bethwell A. Ogot, William Robert Ochieng', 1995 This is a sharply observed assessment of the history of the last half century by a distinguished group of historians of Kenya. At the same time, the book is a courageous reflection on the dilemmas of African nationhood. Professor B. A. Ogot says: 'The main purpose of the book is to show that decolonization does not only mean the transfer of alien power to sovereign nationhood; it must also entail the liberation of the worlds of spirit and culture, as well as economics and politics. The book also raises a more fundamental question: that is, How much independence is available to any state, national economy or culture in today's world? It asks how far are Africa's miseries linked to the colonial past and to the process of decolonization. In particular, the book raises the basic question of how far Kenya is avoidably neo-colonial. And what does neo-colonial dependence mean? The book answers these questions by discussing the dynamic between the politics of decolonization, the social history of class formation, and the economics of dependence. The book ends with a provocative epilogue discussing the transformation of the post-colonial state from a single party to a multi-party system.'

Humanitarianism has a narrative problem Far too often aid to Africa is envisioned through a tale of Western heroes saving African sufferers While labeling white savior narratives has become a familiar gesture it doesn t tell us much about the story as story Humanitarian Fictions aims to understand the workings of humanitarian literature as they engage with and critique narratives of Africa Overlapping with but distinct from human rights humanitarianism centers on a relationship of assistance focusing less on rights than on needs less on legal frameworks than moral ones less on the problem than on the nonstate solution Tracing the white savior narrative back to religious missionaries of the nineteenth century Humanitarian Fictions reveals the influence of religious thought on seemingly secular institutions and uncovers a spiritual collectivist streak in the discourse of humanity Because the humanitarian model of care transcends the boundaries of the state and its networks touch much of the globe Humanitarian Fictions redraws the boundaries of literary classification based on a shared problem space rather than a shared national space The book maps a transnational vein of Anglophone literature about Africa that features missionaries humanitarians and their so called beneficiaries Putting humanitarian thought in conversation with postcolonial critique this book brings together African British and U S writers typically read within separate traditions Paustian shows how the novel with its profound sensitivity to narrative can enrich the critique of white saviorism while also imagining alternatives that give African agency its due *Ngũgĩ* Simon Gikandi,D.
