Preparing Agriculture and Agriscience Educators for the Classroom Thoron, Andrew C., Barrick, R.

Kirby, 2022-06-24 The preparation of school based agriculture teachers has been a part of public education for over 100 years. However, there is a lack of texts available that address the components of teacher education in agriculture including teacher preparation and related activities. Further study that goes beyond concepts to include practice and applications is required in order to further develop educators in this sector. *Preparing Agriculture and Agriscience Educators for the Classroom* provides an up to date consideration of the best practices for developing and enhancing a complete teacher preparation program and highlights and showcases concepts and applications. It is a mainstay for teacher education and teacher preparation in agriculture and is applicable anywhere in the world where teaching agriculture exists. Covering a range of topics such as field experiences and student learning, this reference work is ideal for researchers, scholars, practitioners, academicians, administrators, instructors, and students.

International Financial Statistics Yearbook, 2015 International Monetary Fund. Statistics Dept., 2015-07-17 This paper presents the International Financial Statistics (IFS) 2015 yearbook. The monthly printed issue of IFS reports current monthly, quarterly, and annual data, while the yearbook reports 12 observations of annual data. Most annual data on the CD-ROM and Internet begin in 1948, quarterly and monthly data generally begin in 1957, and most balance of payments data begin in 1970. The different sections describe conceptual and technical aspects of various data published in IFS. The reader will find more detailed descriptions about coverage, deviations from the standard methodologies, and discontinuities in the data in the footnotes in the individual country and world tables in the monthly and yearbook issues of IFS. In the Print_Me file on the CD-ROM and in the PDF pages on the Internet, data on members' Fund accounts are presented in the Fund Position section in the country tables and in four world tables.
