civil discourses As part of this effort African American intellectuals offered interpretations of the Bible which were radically different and often fundamentally oppositional to those of many of their white counterparts By imagining a freedom unconstrained their work charted a broader and perhaps a more genuinely American identity In *Pillars of Cloud and Fire* Herbert Robinson Marbury offers a comprehensive survey of African American biblical interpretation Each chapter in this compelling volume moves chronologically from the antebellum period and the Civil War through to the Harlem Renaissance the civil rights movement the black power movement and the Obama era to offer a historical context for the interpretative activity of that time and to analyze its effect in transforming black social reality For African American thinkers such as Absalom Jones David Walker Zora Neale Hurston Frances E W Harper Adam Clayton Powell and Martin Luther King Jr the exodus story became the language world through which freedom both in its sacred resonance and its civil formation found expression This tradition Marbury argues has much to teach us in a world where fundamentalisms have become synonymous with authentic religious expression and American identity For African American biblical interpreters to be American and to be Christian was always to be open and oriented toward freedom

Black Americans in Congress, 1870-2007, 2008 From the publisher Provides a comprehensive history of the more than 120 African Americans who have served in the United States Congress Written for a general audience this book contains a profile of each African American Member including notables such as Hiram Revels Joseph Rainey Oscar De Priest Adam Clayton Powell Shirley Chisholm Gus Hawkins and Barbara Jordan Individual profiles are introduced by contextual essays that explain major events in congressional and U S history Illustrated with many portraits photographs and charts

Rhetoric, Religion and the Civil Rights Movement, 1954-1965 Davis W. Houck, David E. Dixon, 2006 V 2 Building upon their critically acclaimed first volume Davis W Houck and David E Dixon s new *Rhetoric Religion and the Civil Rights Movement 1954 1965* is a recovery project of enormous proportions Houck and Dixon have again combed church archives government documents university libraries and private collections in pursuit of the civil rights movement s long buried eloquence Their new work presents fifty new speeches and sermons delivered by both famed leaders and little known civil rights activists on national stages and in quiet shacks The speeches carry novel insights into the ways in which individuals and communities utilized religious rhetoric to upset the racial status quo in divided America during the civil rights era Houck and Dixon s work illustrates again how a movement so prominent in historical scholarship still has much to teach us Publisher
