

Acts Of The Apostles

William Neil

Acts Of The Apostles:

The Acts of the Apostles ,1888 The Acts of the Apostles Joseph Rawson Lumby,1890 The Acts of the Apostles Ellen G. White,2015-08-24 Volume 4 of the Conflict of the Ages book series The Acts of the Apostles covers from the Great Commission to John the Revelator on Patmos This key Seventh Day Adventist text explains in detail the SDA understanding of the conflict between God and Satan and their understanding of the Bible and much of world history White wrote the series based on her research of other authors and special information which she claimed to receive through visions from God The books thus include unique insights and concepts not found in other works of the time **The Acts of the Apostles** Lyman Abbott,1876 **The Acts of the Apostles** Abiel Abbot Livermore,1853 *The Acts of the Apostles* William Neil,1973

The Theology of the Acts of the Apostles Jacob Jervell,1996-05-16 Who are the people of God Luke s purposes in the Acts of the Apostles are to identify the church to establish the legitimacy of its gospel and to demonstrate that God was an active force in history He wanted to show that the communities of Jewish and Gentile Christians are the true heirs of God s promises to Israel He gives the history of the early church from the last decades of the first century as the communities become separated from their Jewish origins and Paul plays the lead role Acts offers an apologetic for the mixed mission of the church to Jews and Gentiles Luke was an eyewitness to some of what he reports but his authorship and views have been questioned This is a theological interpretation of the history of the church within history Luke is an artist a narrator rather than a systematic theologian but writes about the roles of God Christ and the Holy Spirit and of the church *The Acts of the Apostles* David Peterson,2009-04-15 Peterson focuses on how Luke framed his narrative and speeches as well as his theology demonstrating that Acts was written for Christian edification and to encourage mission The Acts of the Apostles David G. Peterson,2009-04-15 A new landmark in evangelical scholarship on the book of Acts Fifteen years in the making this comprehensive commentary by David Peterson offers thorough exegesis and exposition of the Acts of the Apostles drawing on recent scholarship in the fields of narrative criticism and theological analysis incorporating insights into historical social background and investigating why Luke presents his material in the way he does In view of how long the book of Acts is over a thousand verses Peterson s commentary is admirably economical yet meaty His judgments according to Don Carson are always sane evenhanded and judicious Even while unpacking exegetical details Peterson constantly scans the horizon keeping the larger picture in mind With its solid exegesis astute theological analysis and practical contemporary application Peterson s Acts of the Apostles is a commentary that preachers teachers and students everywhere will want and need

The Acts of the Apostles Frederick Fyvie Bruce,1990-12 This is a print on demand book and is therefore non returnable This detailed linguistic textual and historical commentary on the Greek text of Acts constitutes a welcome addition to contemporary evangelical scholarship In making this pervasive revision of his major work on the Greek text of Acts first published in 1951 F F Bruce has taken into account the tremendous volume of scholarly work and the advances in linguistic

and historical knowledge during the last four decades The comprehensive introduction to this considerably enlarged edition includes a completely new section on the theology of Acts as well as the most recent research on such matters as the authorship date sources and style of Acts The book itself prints the Greek text of Acts paragraph by paragraph and each paragraph is followed by a verse by verse commentary that pays special attention to matters of vocabulary grammatical structure and historical importance Devoted as it is to an inductive study of the linguistic textual and historical aspects of the Greek text Bruce s Acts of the Apostles is a first rate first level commentary The philological and historical material here presented provides a solid foundation for further exegesis of the text of Acts **The Acts of the Apostles** Ben

Witherington,1997-11-13 Like Ben Witherington s previous commentary Conflict and Community in Corinth this commentary breaks fresh ground in providing a detailed social and rhetorical analysis of the book of Acts Written in a readable style with more detailed interaction with scholarly discussion found in the various excursuses this commentary draws on the best new insights from a number of disciplines narratological studies of Luke Acts archaeological and social scientific study of the New Testament rhetorical analysis of Acts comparative studies in ancient historiography to provide the reader with the benefits of recent innovative ways of analyzing the text of Acts In addition there is detailed attention to major theological and historical issues including the question of the relationship of Acts to the Pauline letters the question of early Christian history and how the church grew and developed the relationship between early Judaism and early Christianity and the relationship between Christianity and the officials of the Roman Empire Acts is seen as a historical monograph with affinities with the approaches of serious Greek historians such as Thucydides and Polybius in terms of methodology and affinities with some forms of Jewish historiography including Old Testament history in terms of content or subject matter The book is illustrated with various pictures and charts which help to bring to light the character and setting of these narratives *The Acts of the Apostles*

James D. G. Dunn,2016-09-03 Authored by one of the world s leading New Testament scholars this commentary on the Acts of the Apostles was originally published in 1996 James Dunn first takes the reader through questions of authorship audience date purpose and literary structure He then considers the kind of history writing that we find in the narrative of Acts delineates the book s theological teaching and offers bibliographic comments on sources and selected studies including work published between 1996 and 2016 This commentary as a whole provides the information and perspective necessary for reading to best effect what Dunn believes is the most exciting book in the New Testament **The Acts of the Apostles**

Joseph Addison Alexander,1858 *The Acts of the Apostles* William Barclay,1955 *Abingdon New Testament*

Commentaries | Acts Beverly Roberts Gaventa,2003 In a striking departure from customary readings of the Acts of the Apostles as the story of the growth of the church Gaventa argues that Luke s second volume has to do with nothing less than the activity of God From the beginning of the story at Jesus Ascension and extending until well past the final report of Paul s activity in Rome Luke narrates a relentlessly theological story in which matters of institutional history or biography play only

an incidental role Gavena pays careful attention to Luke's story of God as well as to the numerous characters who set themselves in opposition to God's plan *The Acts of The Apostles* G. Campbell Morgan, 2012-02-08 About the Contributor's G Campbell Morgan 1863-1945 was a leading Bible expositor in England and the United States Despite a lack of substantial formal training Morgan was a prolific writer and teacher Ordained into the Congregational ministry he was the pastor of Westminster Chapel London 1904-17 and 1933-45 Morgan also conducted two very successful teaching tours in the United States including work with D L Moody's ministry *Studies in the Acts of the Apostles* Martin Dibelius, 1956 Studies in the Acts of the Apostles by Martin Dibelius 1956 **The Acts of the Apostles** William Owen Carver, 1916 *The Acts of the Apostles* Ellen Gould White, 2017-03-22 Yet another book in the series of theological interpretations of the Seventh Day Adventists this book covers the time of the apostles from the Great Commission to the visions of John in Revelation and she tells quite a different story about the apostles compared to the rest of her contemporaries since she heavily relies on mystical experience in order to make her theological conclusions Like her other books this one has been fought against by theologians in all times but helps to make us realize what is God's truth *The Acts of the Apostles in the Proclamation of the Gospel of Jesus Christ* Ellen Gould Harmon White, 1947

Immerse yourself in heartwarming tales of love and emotion with Explore Love with is touching creation, Experience Love's Journey in **Acts Of The Apostles** .
