Addicted to War, 2004 *Addicted to War* Joel Andreas, 1993 A hard hitting illustrated expose of the world's most powerful and destructive military Addicted to War Joel Andreas, 2024-03-26 Addicted to War takes on the most active powerful and destructive military in the world Hard hitting carefully documented and heavily illustrated it reveals why the United States has been involved in more wars in recent years than any other country Read Addicted to War to find out who benefits from these military adventures who pays and who dies Over 120 000 copies of the previous editions are in print This edition is substantially reworked and fully updated including Barack Obama's drone wars Chelsea Manning and WikiLeaks statistics on military spending and the ongoing costs and consequences of the wars in Iraq and Afghanistan **Beat the Heat** Katya Komisaruk, 2003-01-01 Know your rights and exercise them Islamophobia and the West Imbesat Daudi, 2022-10-21 This book provides an engaging and insightful look into the definitions discourse and experiences of Islamophobia and its steady rise since 9 11 It analyses concepts and binaries that are drawn around discussions on civilization religious dogma violence and race Is there a link between Islam and violence Why does the West feel threatened by it The author critically examines these questions and the birth of hate politics which packages hate in a marketable format and often demonizes victims It also looks at the role of the media in the West in perpetuating stereotypes and its consequences and the nature of war reportage in Islamic countries while deconstructing the narrative of the clash of civilizations Topical and lucid this book is a must read for students and scholars of sociology international relations peace and conflict studies political science Islamic studies and for other readers interested in these topics From Submarines to Suburbs Cynthia Lee Henthorn, 2006 Using documentary evidence in the form of numerous advertisements of the time From Submarines to Suburbs is a fascinating analysis of the way corporations made the successful switch from supporting the war effort to building on the peacetime prosperity by re tooling the patriotic fervor of the home front For Workers' Power Maurice Brinton, 2004 An engaging collection of essays from the contemporary libertarian socialist debate **Free Women of Spain** Martha A. Ackelsberg, 2005 With fists upraised Mujeres Libres struggled for their own emancipation and the freedom of all *Understanding Peace* Michael Allen Fox, 2013-11-12 Understanding Peace A Comprehensive Introduction fills the need for an original contemporary examination of peace that is challenging informative and empowering This well researched fully documented and highly accessible textbook moves beyond fixation on war to highlight the human capacity for nonviolent cooperation in everyday life and in conflict situations After deconstructing numerous ideas about war and explaining its heavy costs to humans animals and the environment discussion turns to evidence for the existence of peaceful societies Further topics include the role of nonviolence in history the nature of violence and aggression and the theory and practice of nonviolence The book offers two new moral arguments against war and concludes by defining peace carefully from different angles and then describing conditions for creating a culture of peace Understanding Peace brings a fresh

philosophical perspective to discussions of peace and also addresses down to earth issues about effecting constructive change in a complex world The particular strength of Understanding Peace lies in its commitment to reflecting on and integrating material from many fields of knowledge This approach will appeal to a diverse audience of students and scholars in peace studies philosophy and the social sciences as well as to general interest readers Realizing the Impossible Josh MacPhee,Erik Reuland,2007-01-01 Looks at the history of the depiction of anti authoritarian social movements in art

Cultures of War in Graphic Novels Tatiana Prorokova,Nimrod Tal,2018-07-06 First runner up for the 2019 Ray and Pat Browne Award for the Best Edited Collection in Popular and American Culture Cultures of War in Graphic Novels examines the representation of small scale and often less acknowledged conflicts from around the world and throughout history The contributors look at an array of graphic novels about conflicts such as the Boxer Rebellion 1899 1901 the Irish struggle for national independence 1916 1998 the Falkland War 1982 the Bosnian War 1992 1995 the Rwandan genocide 1994 the Israel Lebanon War 2006 and the War on Terror 2001 The book explores the multi layered relation between the graphic novel as a popular medium and war as a pivotal recurring experience in human history The focus on largely overlooked small scale conflicts contributes not only to advance our understanding of graphic novels about war and the cultural aspects of war as reflected in graphic novels but also our sense of the early twenty first century in which popular media and limited conflicts have become closely interrelated **Ya Basta!** Marcos (subcomandante.),2004-01-01 For ten years a voice from deep within the Mexican jungle has inspired us to fight back Out of the Night Jan Valtin,2004 A gripping memoir of political intrigue in Germany between the wars *Nestor Makhno--anarchy's Cossack* Alexandre Skirda,2004 The phenomenal life of Ukrainian peasant Nestor Makhno 1888 1934 provides the framework for this breakneck account of the downfall of the tsarist empire and the civil war that convulsed and bloodied Russia between 1917 and 1921 Makhno and his people were fighting for a society without masters or slaves with neither rich nor poor They acted towards that idea by establishing free soviets Unlike the soviets drained of all significance by the dictatorship of a one party State the free soviets became the grassroots organs of a direct democracy a living embodiment of the free society until they were betrayed and smashed by the Red Army Delving into a vast array of documentation to which few other historians have had access this study illuminates a revolution that started out with the rosiest of prospects but ended up utterly confounded More than just the incredible exploits of a guerilla revolutionary par excellence Skirda weaves the tale of a people and the organizations and practices of anarchism literally fighting for their lives **Beggars of Life** Jim Tully,2004 A young outlaw's adventures surviving the turn of the century underworld **Other Lands Have Dreams** Kathy Kelly,2005 Written by a human rights activist this extraordinary narrative gives voice to the cries of people afflicted by military and economic warfare *Civilization & Violence* Imbesat Daudi MD, PhD, FACS,2014-03-05 Is Islamic civilization violent Many in the West believe that Islam and Muslims are indeed violent In the Muslim world this question itself implies Western prejudice The answer can

only be achieved by comparing various parameters of the violence of civilizations In this book violent conflicts of various civilizations of the last two centuries have been quantified compared and analyzed through well established scientific principles and presented in layman s terms *The Hidden Structure of Violence* Marc Pilisuk,Jennifer Achord Rountree,2015-07-17 Acts of violence assume many forms they may travel by the arc of a guided missile or in the language of an economic policy and they may leave behind a smoldering village or a starved child The all pervasiveness of violence makes it seem like an unavoidable and ultimately incomprehensible aspect of the modern world But in this detailed and expansive book Marc Pilisuk and Jen Rountree demonstrate otherwise Widespread violence they argue is in fact an expression of the underlying social order and whether it is carried out by military forces or by patterns of investment the aim is to strengthen that order for the benefit of the powerful The Hidden Structure of Violence marshals vast amounts of evidence to examine the costs of direct violence including military preparedness and the social reverberations of war alongside the costs of structural violence expressed as poverty and chronic illness It also documents the relatively small number of people and corporations responsible for facilitating the violent status quo whether by setting the range of permissible discussion or benefiting directly as financiers and manufacturers The result is a stunning indictment of our violent world and a powerful critique of the ways through which violence is reproduced on a daily basis whether at the highest levels of the state or in the deepest recesses of the mind **The Routledge Companion to Comics** Frank Bramlett,Roy Cook,Aaron Meskin,2016-08-05 This cutting edge handbook brings together an international roster of scholars to examine many facets of comics and graphic novels Contributor essays provide authoritative up to date overviewsof the major topics and questions within comic studies offering readers a truly global approach to understanding the field Essays examine the history of the temporal geographical and formal development of comics including topics like art comics manga comix and the comics code issues such as authorship ethics adaptation and translating comics connections between comics and other artistic media drawing caricature film as well as the linkages between comics and other academic fields like linguistics and philosophy new perspectives on comics genres from funny animal comics to war comics to romance comics and beyond The Routledge Companion to Comics expertly organizes representative work from a range of disciplines including media and cultural studies literature philosophy and linguistics More than an introduction to the study of comics this book will serve as a crucial reference for anyone interested in pursuing research in the area guiding students scholars and comics fans alike
