The World's Most Powerful Tanks Michael E. Haskew, 2016-12-15 The World's Most Powerful Tanks is an expert examination of the most successful tanks of the past hundred years Beginning with the prototype Mark V Male in 1917 the book features 52 of the best armored fighting vehicles from World War I World War II through the Cold War to today Each entry is examined over two spreads and includes a brief description of the tank's development and history a color profile artwork photographs key features and specifications tables Packed with more than 200 artworks and photographs The World's Most Powerful Tanks is a colorful guide for the military historian and military technology enthusiast *German Heavy Fighting Vehicles of the Second World War* Kenneth W. Estes, 2018-04-17 The German army faced tanks of superior size armor and firepower from the outset of World War II Although their Panzerwaffen handled the Polish campaign war with France meant confronting superior heavy and medium tanks like the Char B and Somua with 47 mm high velocity cannon that penetrated German tank armor with ease French infantry disposed of effective antitank weapons and a portion of their 75 mm field guns were detailed as antitank guns Even greater challenges emerged with the Russo German War for the Germans had no initial answer to the KV 1 heavy tank and T 34 medium The successive technical shocks of superior tanks introduced by each side produced a gun armor race that continued in some manner even after the war's end The Germans placed a premium on technological quality and superiority over mass production for which their industry and arguably their regime remained rather unsuited Not satisfied with the advantage they obtained with the Tiger and Panther series tanks the army leadership and Adolf Hitler himself pushed for larger and more powerful tanks than had ever been built *Smashing Hitler's Panzers* Steven J. Zaloga, Steven Zaloga, 2018-10-26 In this riveting book Steven Zaloga describes how American foot soldiers faced down Hitler's elite armored spearhead the Hitler Youth Panzer Division in the snowy Ardennes forest during one of World War II's biggest battles the Battle of the Bulge The Hitler Youth division was assigned one of the most important missions of Hitler's Ardennes offensive the capture of the main highway to the primary objective of Antwerp the seizure of which Hitler believed would end the war Had the Germans taken the Belgian port it would have cut off the Americans from the British and perhaps led to a second more devastating Dunkirk In Zaloga's careful reconstruction a succession of American infantry units the 99th Division the 2nd Division and the 1st Division the famous Big Red One fought a series of battles that denied Hitler the best roads to Antwerp and doomed his offensive American GIs some of them seeing combat for the very first time had stymied Hitler's panzers and grand plans **Armor**, 2001 The magazine of mobile warfare

Patton's Prayer Alex Kershaw,2025-06-03 From Alex Kershaw author of the New York Times bestseller *Against All Odds* comes an epic story of courage resilience and faith during the Second World War General George Patton needed a miracle In December 1944 the Allies found themselves stuck Rain had plagued the troops daily since September turning roads into rivers of muck slowing trucks and tanks to a crawl A thick ceiling of clouds had grounded American warplanes allowing the Germans to reinforce The sprint to Berlin had become a muddy bloody stalemate costing thousands of American lives Patton seethed desperate for some change any change in the weather A devout Christian he telephoned his head chaplain Do you have a good prayer for the weather he asked The resulting prayer was soon printed and distributed to the 250 000 men under Patton's command Pray when driving the men were told Pray when fighting Pray alone Pray with others Pray by night and pray by day Pray for the cessation of immoderate rains for good weather for Battle Pray for victory Pray for Peace Then came the Battle of the Bulge Amid frigid temperatures and heavy snow 200 000 German troops overwhelmed the meager American lines in Belgium's Ardennes Forest massacring thousands of soldiers as the attack converged on a vital crossroads town called Bastogne There the 101st Airborne was dug in but the enemy were lurking hidden in the thick blanket of fog that seemed to never dissipate A hundred miles of frozen roads to the south Patton needed an answer to his prayer fast before it was too late Hitler's Armed Forces Auxiliaries Jean-Denis G.G.
