Three Women By Marge Piercy:

Three Women Marge Piercy, 2010-10-12 Suzanne Blume has known success and disappointment in equal measure. A respected lawyer who survived two marriages and put two children through college, she now faces the disquieting prospect of her wayward older daughter moving back home. But more troubling still is the news that her mother, a woman of legendary independence who has never truly accepted her daughter nor approved of her choices, has been felled by age and illness. And for the first time in her life, she needs Suzanne's help. Intertwining the lives of three generations of contemporary women, master storyteller Marge Piercy plunges into the deepest, most elemental basics of life, love, aging, illness, and death, and emerges with a brave, compassionate exploration of the volatile ground between mothers and daughters. Three Women

Marge Piercy, 1999-09-15 Suzanne Blume is not suffering from the empty nest syndrome. Her life has never been more rewarding. The divorced mother of two grown daughters, she teaches law, has a thriving private practice, and best of all, has been flirting online with a man she has never met. But her neat, buttoned-up life starts to unravel when her daughter, Elena, returns home angry and unemployed, and her safe online boyfriend materializes on her doorstep. Then the biggest challenge of all: Her independent mother, Beverly, still vital, still working, still involved with men and politics with equal passion, suffers a stroke and can no longer care for herself. This is the story of three women: Beverly, whose strong will is suddenly frustrated by a broken body; Elena, whose life was split in two at fifteen by a scandalous tragedy; and Suzanne, who must make peace with her mother, her daughters, and herself. Suzanne Blume is not suffering from the empty nest syndrome. Her life has never been more rewarding. The divorced mother of two grown daughters, she teaches law, has a thriving private practice, and best of all, has been flirting online with a man she has never met. **Women's Studies Quarterly (97:3-4)** Tuzyline Jita Allan, 1997

Arranged according to the order of the seder, this practical guide gathers the voices of more than one hundred women in readings, personal and creative reflections, commentaries, blessings, and ritual suggestions that can be incorporated into your Passover celebration as supplements to or substitutes for traditional passages of the haggadah. It also includes a detailed guide to planning a women's seder based on information from successful seder organizers around the world. Whether you are organizing a women's seder in your community or planning a family seder in your home, this inspiring and accessible resource will help you take an active role in re-creating the educational and spiritual experience of Passover and in shaping Judaism's future. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States Utopian and Science Fiction by Women Jane L. Donawerth, Carol A. Kolmerten, 1994-07-01 This collection speaks to common themes and

strategies in women's writing about their different worlds from Margaret Cavendish's seventeenth century *Blazing World* of the North Pole to the men-less islands of the French writer Scudery to the eighteenth and nineteenth century utopias of Shelley and Gaskell and science fiction pulps finishing with the more contemporary feminist fictions of Le Guin, Wittig, Piercy and Michison. It shows that these fictions historically speak to each other and together amount to a literary tradition of women's writing about a better place. *Breastfeeding in American Women's Literature* Wendy Whelan-Stewart, 2024-09-18

Rather than rarities, literary depictions of women breastfeeding infants are more common in American literature than recognized. In some cases, readers have dismissed such portrayals as scenic background or strokes of verisimilitude. In other cases, we have failed to register them at all. By cataloging and closely reading scenes of characters breastfeeding across the nineteenth, twentieth, and twenty-first centuries, this book decodes the beliefs of writers as celebrated as Willa Cather, Toni Morrison, and Louise Erdrich and as current as Camille Dungy, Maggie Nelson, and Torrey Peters. It traces in these authors' fantasies and fears the consistent and sometimes competing cultural ideologies that accrue over decades and find expression in breastfeeding scenes. Despite the different historical and cultural expectations of what a mother should be and do, twentieth and twenty-first century women writers have consistently singled out maternal pleasure, a mother's privileging of her own desire, as the most important theme attending scenes of breastfeeding. **Encyclopedia of Feminist Literature**

Contemporary American Women Writers Catherine Rainwater, William J. Scheick, 2021-05-11 Ann Beattie Annie Dillard Maxine Hong Kingston Toni Morrison Cynthia Ozick Grace Paley Marge Piercy Anne Redmon Anne Tyler and Alice Walker all seem to be especially concerned with narrative management The ten essays in this book raise new and intriguing questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise literary tradition to make it more inclusive of female experience vision and expression The contributors to this volume discover diverse narrative strategies Beattie Dillard Paley and Redmon in divergent ways rely heavily upon narrative gaps surfaces and silences often suggesting depths which are lamentably absent from modern experience or which mysteriously elude language For Kingston and Walker verbal assertiveness is the focus of narratives depicting the gradual empowerment of female protagonists who learn to speak themselves into existence Ozick and Tyler disrupt conventional reader expectations of the anti novel and the family novel respectively Finally Morrison's and Piercy's works reveal how traditional narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes In examining the writings of these ten important women authors this book illuminates a significant moment in literary history when women's voices are profoundly reshaping American literary tradition

A Hard Rain Fell David Barber, 2010-02-17 By the spring of 1969 Students for a Democratic Society SDS had reached its zenith as the largest most radical movement of white youth in American history a genuine New Left Yet less than a year later SDS splintered into warring factions and ceased to exist SDS's development and its dissolution grew directly out

of the organization's relations with the black freedom movement the movement against the Vietnam War and the newly emerging struggle for women's liberation For a moment young white people could comprehend their world in new and revolutionary ways But New Leftists did not respond as a tabula rasa On the contrary these young people's consciousnesses their culture their identities had arisen out of a history which for hundreds of years had privileged white over black men over women and America over the rest of the world Such a history could not help but distort the vision and practice of these activists good intentions notwithstanding A Hard Rain Fell SDS and Why It Failed traces these activists in their relation to other movements and demonstrates that the New Left's dissolution flowed directly from SDS's failure to break with traditional American notions of race sex and empire **Mademoiselle**, 1999-11 *Science Fiction and Psychology* Gavin Miller, 2020-01-31 *Science Fiction and Psychology* explores science fiction literature's varied use of psychological discourses from the late nineteenth century to the end of the twentieth The readings explore the varied employment in science fiction of ideas from five key psychological schools evolutionary psychology psychoanalysis behaviourism existential humanism and cognitivism and conclude by examining psychology's use of science fiction The Literary Mother Susan C. Staub, 2007-06-13 The essays in this book examine the ideology of motherhood in British and American literature from the 16th to the 21st centuries This book looks at the institution of motherhood that is at various cultural interpretations and manipulations of maternity Presenting mothers whose roles are often empowering yet confining these essays scrutinize three distinct aspects of motherhood its social and cultural construction the significance of maternal absence and finally its representation as an agent of social change Literary works examined include William Shakespeare's *Venus and Adonis* Daniel Defoe's *Roxana* John Steinbeck's *The Grapes of Wrath* Faulkner's *The Sound and the Fury* Charles Dickens' *Dombey and Son* Harriet Jacobs' *Incidents in the Life of a Slave Girl* Dorothy Leigh's *The Mother's Blessing* and W S Penn's *Killing Time with Strangers* among others Performing the Literary Interview John Rodden, 2001-01-01 When authors are interviewed about their books or themselves much more is going on than a simple conversation The interview becomes a performance space for authorial orchestration and self promotion and interviewers in turn respond to such self display and theatrics Featuring absorbing conversations with nine well known authors including poets Richard Howard and Gerald Stern novelist Isabel Allende and scholar intellectual Camille Paglia *Performing the Literary Interview* is the first in depth look at this type of performance art Interviews with poets fiction writers and intellectuals enable John Rodden to identify a range of rhetorical strategies and their effects and to formulate a typology for appreciating the various roles that interviewers and interviewees assume Traditionalists foreground their work rather than themselves raconteurs are storytellers who skillfully spin anecdotes and creatively showcase their personalities and advertisers more explicitly use the literary interview to promote and sell themselves This pioneering persuasive study stakes a claim to a new area of scholarly inquiry in the humanities The literary interview can no longer be considered only as a voyeuristic window on an author or a celebrity vehicle or even an

entertaining diversion but should also be approached as a serious genre meriting scholarly attention and analysis *Daring to Be Bad* Alice Echols, 2019-10-22 Winner of Outstanding Book Award of Gustavus Myers Center for the Study of Human Rights An award winning and canonical history of radical feminism whose activist heat and intellectual audacity powered second wave feminism 30th anniversary edition A fascinating chronicle of radical feminism s rise and fall from the mid Sixties to the mid Seventies *Daring to Be Bad* is a must read for both students of gender history and activists of intersectionality This thirtieth anniversary edition reveals how current debates about race transgender rights queer theory and sexuality echo issues that galvanized and divided feminists fifty years ago
