Vanishing Point By David Markson:

Vanishing Point David Markson, 2004-01-01 From Wittgenstein's Mistress to Reader's Block to Springer's Progress to This Is Not a Novel he has delighted and amazed readers for decades And now comes his latest masterwork Vanishing Point wherein an elderly writer identified only as Author sets out to transform shoeboxes crammed with notecards into a novel and in so doing will dazzle us with an astonishing parade of revelations about the trials and calamities and absurdities and often even tragedies of the creative life and all the while trying his best he says to keep himself out of the tale Naturally he will fail to do the latter frequently managing to stand aside and yet remaining undeniably central throughout until he is swept inevitably into the narrative's starting and shattering climax A novel of death and laughter both and of extraordinary intellectual richness

This is Not a Tragedy Françoise Palteau-Papin, 2011 How much of myself is in there It's all me Especially in Reader's Block all that personal stuff re Reader and or Protagonist ex wife ex girlfriends children lack of money isolation messed up life and or some items dictated by novelistic necessity and of course there is necessary invention there also e.g. a house at a cemetery but even little items like a couple of yellow stones from Masada or a reproduction of Giotto's Dante I plucked up whatever was ready at hand Is that laziness or is it what they speak of as using what one knows Take your pick David Markson To Françoise Palteau-Papin Book Jacket

Going Down David Markson, 2005-03-04 Unlike David Markson's most recent works including Vanishing Point and Wittgenstein's Mistress which David Foster Wallace described as pretty much the high point of experimental fiction in this country his early novel Going Down is a more traditional effort a masterfully plotted narrative set in Mexico in the 1960s Three Americans a man and two women are living together in obvious intimacy Their habits strange to the Mexicans are strangest of all to themselves When Fern Winters' attention is caught by movement behind a window in a run-down Greenwich Village apartment building she can't suspect that her encounter with the apartment's occupant will eventually lead her to be come upon in an abandoned chapel in a tiny mountain village clutching the bloody machete with which one of the three has been murdered Going Down is a rarity among novels brilliantly and poetically written faultlessly constructed centered on fully realized people and yet completely uninhibited in its depiction of startling eroticism

This Is Not a Novel David Markson, 2001-03-01 David Markson was a writer like no other In his novels which have been called hypnotic stunning and exhilarating and earned him praise from the likes of Kurt Vonnegut and David Foster Wallace Ann Beattie and Zadie Smith Markson created his own personal genre With crackling wit distilled into incantatory streams of thought on art life and death Markson's work has delighted and astonished readers for decades Now for the first time three of Markson's masterpieces are compiled into one page turning volume This Is Not a Novel Vanishing Point and The Last Novel In This Is Not a Novel readers meet an author called only Writer who is weary unto death of making up stories and yet is determined to seduce the reader into turning pages and getting somewhere Vanishing Point introduces us to Author who sets out to transform shoeboxes crammed with note cards into a novel In The

Last Novel we find an elderly author referred to only as Novelist who announces that since this will be his final effort he possesses carte blanche to do anything he damn well pleases United by their focus on the trials calamities absurdities and even tragedies of the creative life these novels demonstrate David Markson's extraordinary intellectual richness leaving readers time after time with the most indisputably original of reading experiences *Springer's Progress* David Markson, 1999 Here comes Lucien Springer Age forty seven Still handsome though muchly vodka'd novelist currently abashed by acute creative dysfunction Sole preoccupation amid these artistic doldrums pursuit of fair women Springer is a randy incorrigible who is guided by only one inflexible precept no protracted affairs And thus he has slyly sustained eighteen years of marriage Enter then Jessica Cornford Age almost half of Lucien's Lush of body and roguish of mind Whereupon what begins as bawdy interlude becomes perhaps the most untidy extramarital lech in literature Rabelaisian yet uncannily wise both ribald and bittersweet Springer's Progress is that rarest of gifts a mature love story It is an also exuberant linguistic romp a novel saturated with irrepressible wordplay and outrageous literary thievery Contemplating his own work Lucien Springer modestly restricts his ambition to a phrase or three worth some lonely pretty girl's midnight underlining For the discerning reader David Markson has contrived a hundred of them *This is Not a Novel and Other Novels* David Markson, 2016-03-15 David Markson was a writer like no other In his novels which have been called hypnotic stunning and exhilarating and earned him praise from the likes of Kurt Vonnegut and David Foster Wallace Ann Beattie and Zadie Smith Markson created his own personal genre With crackling wit distilled into incantatory streams of thought on art life and death Markson's work has delighted and astonished readers for decades Now for the first time three of Markson's masterpieces are compiled into one page turning volume This Is Not a Novel Vanishing Point and The Last Novel In This Is Not a Novel readers meet an author called only Writer who is weary unto death of making up stories and yet is determined to seduce the reader into turning pages and getting somewhere Vanishing Point introduces us to Author who sets out to transform shoeboxes crammed with note cards into a novel In The Last Novel we find an elderly author referred to only as Novelist who announces that since this will be his final effort he possesses carte blanche to do anything he damn well pleases United by their focus on the trials calamities absurdities and even tragedies of the creative life these novels demonstrate David Markson's extraordinary intellectual richness leaving readers time after time with the most indisputably original of reading experiences

The Last Novel David Markson, 2007-03-16 In recent novels which have been called hypnotic stunning and exhilarating David Markson has created his own personal genre In this new work The Last Novel an elderly author referred to only as Novelist announces that since this will be his final effort he has carte blanche to do anything he damned well pleases Pressed by solitude and age Novelist's preoccupations inevitably turn to the stories of other artists their genius their lack of recognition and their deaths Keeping his personal history out of the story as much as possible Novelist creates an incantatory stream of fascinating triumphs and failures from the lives of famous and not so famous painters writers musicians sports

figures and scientists As Novelist moves through his last years a minimalist self portrait emerges becoming an intricate masterpiece from David Markson s astonishing imagination Through these startling sometimes comic but often tragic anecdotes we unexpectedly discern the entire shape of a man s life

The Poetics of Fragmentation in Contemporary British and American Fiction Vanessa Guignery, Wojciech Drąg, 2019-12-02 The last decades have seen a revival of fragmentation in British and American works of fiction that deny linearity coherence and continuity in favour of disruption gaps and fissures Authors such as Ali Smith David Mitchell and David Shields have sought new ways of representing our global media saturated contemporary experience which differ from modernist and postmodernist experimentations from which the writers nevertheless draw inspiration This volume aims to investigate some of the most important contributions to fragmentary

literature from British and American writers since the 1990s with a particular emphasis on texts released in the twenty first century The chapters within examine whether contemporary forms of literary fragmentation constitute a return to the modernist episteme or the fragmented literature of exhaustion of the 1960s mark a continuity with postmodernist aesthetics or signal a deviation from past models and an attempt to reflect today s accelerated culture of social media and over communication Contributors theorise and classify literary fragments examine the relationship between fragmentation and the Zeitgeist influenced by globalisation media saturation and social networks analyse the mechanics of multimodal and multimedial fictions and consider the capacity of literary fragmentation to represent personal or collective trauma and to address ethical concerns They also investigate the ways in which the architecture of the printed book is destabilised and how aesthetic processes involving fragmentation bricolage and or collage raise ontological ethical and epistemological questions about the globalised contemporary world we live in and its relation to the self and the other Besides the aforementioned authors the volume makes reference to the works of J G Ballard Julian Barnes Mark Z Danielewski David Markson Jonathan Safran Foer David Foster Wallace Jeanette Winterson and several others

Music in the Words: Musical Form and Counterpoint in the Twentieth-Century Novel Alan Shockley,2017-07-05 There is a strong tradition of literary analyses of the musical artwork Simply put all musicology any writing about music is an attempt at making analogies between what happens within the world of sound and language itself This study considers this analogy from the opposite perspective authors attempting to structure words using musical forms and techniques It s a viewpoint much more rarely explored and none of the extant studies of novelists musical techniques have been done by musicians Can a novel follow the form of a symphony and still succeed as a novel Can musical counterpoint be mimicked by words on a page Alan Shockley begins looking for answers by examining music s appeal for novelists and then explores two brief works a prose fugue by Douglas Hofstadter and a short story by Anthony Burgess modeled after a Mozart symphony Analyses of three large emblematic attempts at musical writing follow The much debated Sirens episode of James Joyce s Ulysses which the author famously likened to a fugue Burgess largely ignored Napoleon Symphony A Novel in Four Movements patterned on Beethoven s Eroica and Joyce s Finnegans Wake which Shockley examines as an attempt at composing a fully musicalized language After these three larger analyses Shockley discusses two quite recent brief novels William Gaddis novella Agap gape and David Markson s This is not a novel proposing that each of these confounding texts coheres elegantly when viewed as a musically structured work From the perspective of a composer Shockley offers the reader fresh tools for approaching these dense and often daunting texts

Fare Forward David Markson, 2014-04-15 In this first ever book of letters by novelist David Markson a quintessential writer s writer whose work David Foster Wallace once lauded as pretty much the high point of experimental fiction in this country readers will experience Markson at his wittiest and warmest Poet Laura Sims shares her correspondence with him which began with an impassioned fan letter in 2003 and ended with his death in 2010 finally allowing a glimpse into the personal world of this solitary man who found his life s solace in literature The letters trace the growth of a genuine and moving friendship between two writers at very different stages in them we see Markson grapple humorously with the indignities of old age and poor health and reminisce about his early days as a key literary figure in the Greenwich Village scene of the 1950s and 60s At the same time he sincerely celebrates Sims s marriage and the first milestones of her career as a poet The book is full of engaging commentary on life love and the writing life Markson reveals himself to be casually erudite caustically funny lovably cantankerous and always entertaining This volume marks a significant contribution to our understanding and appreciation of Markson s indubitably important and affecting body of work and will be a delight for his longtime fans as well as those just now discovering him

Wittgenstein's Mistress David Markson, 2023-11-14 Wittgenstein s Mistress is a novel unlike anything David Markson or anyone else has ever written before It is the story of a woman who is convinced and astonishingly will ultimately convince the reader as well that she is the only person left on earth Presumably she is mad And yet so appealing is her character and so witty and seductive her narrative voice that we will follow her hypnotically as she unloads the intellectual baggage of a lifetime in a series of irreverent meditations on everything and everybody from Brahms to sex to Heidegger to Helen of Troy And as she contemplates aspects of the troubled past which

have brought her to her present state obviously a metaphor for ultimate loneliness so too will her drama become one of the few certifiably original fictions of our time The novel I liked best this year said the Washington Times upon the book's publication one dizzying delightful funny passage after another Wittgenstein's *Mistress* gives proof positive that the experimental novel can produce high pure works of imagination *Rain Taxi Review of Books*, 2006 **Dear**

Incomprehension Stéphane Vanderhaeghe, 2024-03-12 This book tackles a broad swath of contemporary literature currently labeled speculative fiction A blurring of genres that includes science fiction modern fairy tales and avant garde experimental fiction these works are extremely popular but also derive from highly sophisticated philosophical and aesthetic sensibilities ones that call into question and uproot the very foundations of stories and storytelling Because such fictions subvert most conventional narrative devices plot recognizable characters verisimilitude logic legibility they deliberately confound almost any kind of conventional reading and criticism To do such a literature justice the traditional frameworks of literary criticism fail and *Dear Incomprehension* is more of an extended philosophical essay than it is a traditional work of criticism as oblique and unconventional in its voice tone and methods as the texts it illuminates **The Cuckoo's Calling -**

Dead Cristina Rivera Garza, 2020-10-15 Based on comparative readings of contemporary books from Latin America Spain and

the United States the essays in this book present a radical critique against strategies of literary appropriation that were once thought of as neutral and even concomitant components of the writing process Debunking the position of the author as the center of analysis Cristina Rivera Garza argues for the communality a term used by anthropologist Floriberto Díaz to describe modes of life of Indigenous peoples of Oaxaca based on notions of collaborative labor permeating all writing processes Disappropriating is a political operation at the core of projects acknowledging both at ethical and aesthetic levels that writers always work with materials that are not their own Writers borrow from the practitioners of a language entering in a debt relationship that can only be covered by ushering the text back to the communities from which it grew In a world rife with violence where the experiences of many are erased by pillage and extraction writing among and for the dead is a form of necrowriting that may well become a life affirming act of decolonization and resistance
