title Dr Mol says that his life has been characterized by responding to opportunities that have come his way rather than purposefully planning to achieve something A MAN WITHOUT AMBITION begins with Dr Mol recounting the drama surrounding his birth in Holland shortly before the end of the Second World War He then reflects on the past 68 blessed years of his life about immigrating to South Africa growing up the love of his life his first job his missionary calling to South America becoming a parent and his deep gratitude towards the Lord A MAN WITHOUT AMBITION makes for rather entertaining reading with many anecdotes and readers will see how blessed life can be when they trust God and put their faith in Him alone The Forgotten People Saleem Badat,2013 The apartheid state employed many weapons against its opponents imprisonment banning detention assassination and banishment In a practice reminiscent of Tsarist and Soviet Russia a large number of enemies of the state were banished to remote areas far from their homes communities and followers Here their existence became a slow torture of the soul a kind of social death This is the first study of an important but hitherto neglected group of opponents of apartheid set in a global historical and comparative perspective It looks at the reasons why people were banished their lives in banishment and the efforts of a remarkable group of activists led by Helen Joseph to assist them Book jacket **The Bulletin** ,2003 **Overcoming Life's Challenges** Gordon Oliver,2023-12-08 The author tells his story of being born under the Gemini star sign living a life defined by an unrelenting struggle between the conflicting twins of Yes I can and No you can't It describes a struggle of early childhood uncertainty being hidden as a child of unanswered questions and preferring to be in the background during his childhood through to his middle years Generally surrendering to the opinions of others while holding back on his own views was the hallmark of his being Hesitating to take on challenges was a familiar pattern as was the likelihood of yielding to mediocracy the easy way out Tilting the balance away from No you can't to Yes I can and I will was the major factor in the author's life towards holding leadership positions in every sphere of his adult public life from committee secretary early in his professional career to becoming Cape Town's first citizen From the mayoralty to ministry standing up for justice and the dignity of life and being able to make a difference was the path he chose mediocracy simply was not good enough *Scarred* Kim McCusker,2016-11-10 Brutally dragged 780 metres beneath a taxi a young woman's inspiring story of survival courage and the will to live 13 September 2011 The story would shock thousands and be remembered by many for years to come It would be plastered all over the papers and continue to attract interest well after the shock factor of what happened had passed Reports and articles would be written and facts as given to reporters by some of those involved and willing to be interviewed would be recounted and repeated in all forms of public media over the months and even years that followed And although these versions would generate widespread outrage none was entirely accurate The stories were about me I was there I am Kim McCusker the girl who was dragged by a taxi This as I experienced it is the true version of events
