Lawrence F. Frego, 2006-07-19 We are at the crossroads of world health On the one hand we face the possibility of a world wide pandemic the likes of which has never been seen before We are likewise on the threshold of discovering natural cures for nearly every disease As choosing wisely may mean the difference between life and death this book is designed to help the reader choose alternative options that are seldom if ever in the news Jared Diamond in his groundbreaking work Collapse How Societies Choose to Fail or Succeed addresses the fact that only civilizations that recognize the threats against their existence and deal with the threat effectively survive Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition They tore up cable car lines and public transportation so the public would have no other alternative except their oil Today the drug monopolies owned by the descendants of these same robber barons are nearly complete in their plot to eradicate all natural low cost remedies for disease prevention and treatment In the state of Florida naturopathic physicians

were de licensed unless they also had a conventional medical license The powers that be want to create a drug induced society at an enormous financial and emotional cost to the public at large They are even trying to outlaw vitamins via European health treaties and side step the American constitution and the public The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system It is exceedingly difficult finding the truth about alternative medicine as the system has a vested interest in making profits and keeping the truth from you A few thousand deaths is an acceptable loss if a few billion dollars can be made And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low cost natural cure that their product can manage The guardians of public health know which side their toast is buttered on also The career politicians and beltway bandits at the FDA know where the money is and they dont get it from you or providers of natural cures The drug monopolies pay the big bucks There have been no checks and balances Corruption has become so pronounced that the US House of Representatives is seeking to pass the Consumers Access to Health Information Act H R 2352 to ensure that accurate health claims ARE NOT SUPPRESSED Consumers would be given TRUTHFUL AND COMPLETE information about the curative mitigation treatment and prevention effects of foods and dietary supplements on disease or health related conditions The time to exercise your God given right to the health care of your choice is now www.lef.org America has the finest emergency health care in the world Bar none However that is not the nature of the coming threat American baby boomers will soon be retiring in the tens of millions Their health care needs will be staggering and costly However 92% of American health care providers are trained in emergency medicine and only 8% in long term preventative medicine As it takes a minimum of 6 7 years to obtain a medical degree America is unprepared for a crisis that is inevitable **Hell** Eldon Woodcock Ph. D.,2012-07 You look like hell gasped a woman on TV to a disheveled man What did she mean What did she think hell looked like What did the term hell contribute to her portrait This is an example of the widespread trivializing of a once powerful term to depict eternal damnation to mere minutia Why does God damn the wicked to eternal punishment Or does He How is His judgment just Why and how do theologians strive to modify the results of his judgment How are we to evaluate views of hell that either soften or deny it The doctrine of punishment of the unredeemed after death originates in the Old Testament is developed in the intertestamental Jewish literature and culminates in the divinely authoritative New Testament doctrine of hell How can people avoid that dreadful fate If they should escape from it what should they then do What is involved in their saving others by snatching them out of the fire Jude 23 How does the deliverance from eternal punishment enhance our appreciation of what Jesus Christ accomplished on the cross What effect should it have on our Christian witness Distinctive contributions include 1 a careful exegesis of key biblical texts containing a thorough analysis of the doctrine of hell 2 a rationale of God s punishment of the unredeemed 3 examination of the tours of hell genre 4 biblical and historical theological themes of witness and evangelism 5 ramifications of eternal damnation of the unsaved in terms of
