Abhidhamma Studies Buddhist Explorations Of Consciousness And Time

Noa Ronkin

Abhidhamma Studies Buddhist Explorations Of Consciousness And Time:

Abhidhamma Studies Nyanaponika (Thera),1998-03 The Abhidhamma the third great division of the early Buddhist teaching maps out with remarkable rigor precision the inner landscape of the mind to be crossed through the practical work of Buddhist meditation In this groundbreaking book Venerable Nyanaponika Thera penetrates Abhidhamma s formidable face to make its principles intelligible to the thoughtful reader of today Abhidhamma Studies Ven,1998 *Early Buddhist Metaphysics* Noa Ronkin,2005-02-28 This book provides a philosophical account of the major doctrinal shift in the history of early Theravada tradition in India the transition from the earliest stratum of Buddhist thought to the systematic of the Pali Abhidhamma movement

Abhidhamma Studies Nyanaponika,2012-11-12 The Abhidhamma the third great division of early Buddhist teaching expounds a revolutionary system of philosophical psychology rooted in the twin Buddhist insights of selflessness and dependent origination In keeping with the liberative thrust of early Buddhism this system organizes the entire spectrum of human consciousness around the two poles of Buddhist doctrine bondage and liberation Samsara and Nirvana the starting point and the final goal It thereby maps out with remarkable rigour and precision the inner landscape of the mind to be crossed through the practical work of Buddhist meditation In this book of groundbreaking essays Venerable Nyanaponika Thera one of our age s foremost exponents of Theravada Buddhism attempts to penetrate beneath the formidable face of the Abhidhamma and to make its principles intelligible to the thoughtful reader of today His point of focus is the Consciousness Chapter of the Dhammasangani the first treatise of the Abhidhamma Pitaka Basing his interpretation on the detailed list of mental factors that the Abhidhamma uses as a guide to psychological analysis he launches into bold explorations in the multiple dimensions of conditionality the nature of consciousness the temporality of experience and the psychological springs of spiritual transformation Innovative and rich in insights this book does not merely open up new avenues in the academic study of early Buddhism By treating the Abhidhamma as a fountainhead of inspiration for philosophical and psychological inquiry it demonstrates the continuing relevance of Buddhist thought to our most astute contemporary efforts to understand the elusive yet so intimate nature of the mind

The Forerunner of All Things Maria Heim,2013-11 Scholars have long been intrigued by the Buddha s defining action karma as intention This book explores systematically how intention agency and moral psychology were interpreted in all branches of early Theravada thought paying special attention to the thought of the 5th century commentator Buddhaghosa Science and Philosophy in the Indian Buddhist Classics, Vol. 1 Thupten Jinpa,2017-11-07 Explores the nature of the material world through the five aggregates used by Buddhist thinkers discussing such topics as sources of knowledge the scope of reason and the nature of time

A Companion to Buddhist Philosophy Steven M. Emmanuel,2015-11-23 A Companion to Buddhist Philosophy is the most comprehensive single volume on the subject available it offers the very latest scholarship to create a wide ranging survey of the most important ideas problems and debates in the history of Buddhist philosophy Encompasses the broadest

treatment of Buddhist philosophy available covering social and political thought meditation ecology and contemporary issues and applications Each section contains overviews and cutting edge scholarship that expands readers understanding of the breadth and diversity of Buddhist thought Broad coverage of topics allows flexibility to instructors in creating a syllabus Essays provide valuable alternative philosophical perspectives on topics to those available in Western traditions Suffering Time: Philosophical, Kabbalistic, and Hasidic Reflections on Temporality Elliot R. Wolfson, 2021-05-25 No one theory of time is pursued in these essays but a major theme that threads them together is Wolfson's signature idea of the timeswerve as a linear circularity or a circular linearity expressions that are meant to avoid the conventional split between the two temporal modalities of the line and the circle The conception of time elicited by Wolfson from a host of philosophical and mystical sources both Jewish and non Jewish buttresses the contention that it is precisely structural invariability that engenders interpretive variation This hermeneutical axiom is justified in turn by the presumption regarding the cadence of time as the constant return of what has always been what is yet to be The telling of time wells forth from the time of telling One cannot speak of the being of time consequently except from the standpoint of the time of being nor of the time of being except from the standpoint of the being of time The Routledge Handbook of Indian Buddhist Philosophy William Edelglass, Pierre-Julien Harter, Sara McClintock, 2022-08-15 The Routledge Handbook of Indian Buddhist Philosophy is the first scholarly reference volume to highlight the diversity and individuality of a large number of the most influential philosophers to have contributed to the evolution of Buddhist thought in India By placing the author at the center of inquiry the volume highlights the often unrecognized innovation and multiplicity of India's Buddhist thinkers whose unique contributions are commonly subsumed in more general doctrinal presentations of philosophical schools Here instead the reader is invited to explore the works and ideas of India's most important Buddhist philosophers in a manner that takes seriously the weight of their philosophical thought The forty chapters by an international and interdisciplinary team of renowned contributors each seek to offer both a wide ranging overview and a philosophically astute reading of the works of the most seminal Indian Buddhist authors from the earliest writings to the twentieth century The volume thus also provides thorough coverage of all the main figures texts traditions and debates animating Indian Buddhist thought and as such can serve as an in depth introduction to Buddhist philosophy in India for those new to the field Essential reading for students and researchers in Asian and comparative philosophy The Routledge Handbook of Indian Buddhist Philosophy is also an excellent resource for specialists in Buddhist philosophy as well as for contemporary philosophers interested in learning about the rigorous and rich traditions of Buddhist philosophy in India **Emotion Theory: The Routledge Comprehensive Guide** Andrea Scarantino, 2024-07-23 Emotion Theory The Routledge Comprehensive Guide is the first interdisciplinary reference resource which authoritatively takes stock of the progress made both in the philosophy of emotions and in affective science from Ancient Greece to today A two volume landmark publication it provides an overview of emotion theory unrivaled in

terms of its comprehensiveness accessibility and systematicity Comprising 62 chapters by 101 leading emotion theorists in philosophy classics psychology biology psychiatry neuroscience and sociology the collection is organized as follows Volume I Part I History of Emotion Theory 10 chapters Part II Contemporary Theories of Emotions 10 chapters Part III The Elements of Emotion Theory 7 chapters Volume II Part IV Nature and Functions of 35 Specific Emotions 22 chapters Part V Challenges Facing Emotion Theory 13 chapters Special Elicitors of Emotions Emotions and Their Relations to Other Elements of Mental Architecture Emotions in Children Animals and Groups Normative Aspects of Emotions Most of the major themes of contemporary emotion theory are covered in their historical philosophical and scientific dimensions This collection will be essential reading for students and researchers in philosophy psychology neuroscience sociology anthropology political science and history for decades to come

Dharma Patrick Olivelle,2009-01-01 This is the first scholarly book devoted to the study of the term dharma with in the broad scope of Indian cultural and religious history Most generalizations about Indian culture and religion upon close scrutiny turn out to be inaccurate An exception undoubtedly is the term dharma This term and the notions underlying it clearly constitute the most central feature of Indian civilization down the centuries irrespective of linguistic sectarian or regional differences The nineteen papers included in this collection deal with many significant historical manifestations of the term dharma These studies by some of the leading scholars in the respective fields will both present a more nuanced picture of the semantic history of dharma by putting contours onto the flat landscape we have inherited and spur further studies of this concept so central for understanding the cultural history of the Indian subcontinent

Education about Asia ,1999 A Comprehensive Manual of Abhidhamma Anuruddha,Revatadhamma (Bhadanta.),U Silānanda (Venerable.),2007-12-01 This is the classical introduction to the study of Abhidhamma the Buddhist philosophy of mind and mental processes The work contains a translation of Acariya Anuruddha s Abhidhammattha sangaha along with the Pali text and a detailed explanatory guide to this ancient philosophical psychology A long introduction explains the basic principles of the Abhidhamma Includes 48 charts and tables

Becoming Buddhist Glenys Eddy,2012-02-02 Exploration of the nature of the socialization and commitment process in Western Buddhist contexts through use of interview material with individual Anglo Australian converts

Mind, Brain and the Path to Happiness Dusana Dorjee,2013-09-11 Mind Brain and the Path to Happiness presents a contemporary account of traditional Buddhist mind training and the pursuit of wellbeing and happiness in the context of the latest research in psychology and the neuroscience of meditation Following the Tibetan Buddhist tradition of Dzogchen the book guides the reader through the gradual steps in transformation of the practitioner s mind and brain on the path to advanced states of balance genuine happiness and wellbeing Dusana Dorjee explains how the mind training is grounded in philosophical and experiential exploration of the notions of happiness and human potential and how it refines attention skills and cultivates emotional balance in training of mindfulness meta awareness and development of healthy emotions The book outlines how the practitioner can explore subtle aspects of

conscious experience in order to recognize the nature of the mind and reality At each of the steps on the path the book provides novel insights into similarities and differences between Buddhist accounts and current psychological and neuroscientific theories and evidence Throughout the book the author skilfully combines Buddhist psychology and Western scientific research with examples of meditation practices highlighting the ultimately practical nature of Buddhist mind training Mind Brain and the Path to Happiness is an important book for health professionals and educators who teach or apply mindfulness and meditation based techniques in their work as well as for researchers and students investigating these techniques both in a clinical context and in the emerging field of contemplative science

The Really Hard Problem Owen Flanagan, 2009-02-13 A noted philosopher proposes a naturalistic rather than supernaturalistic way to solve the really hard problem how to live in a meaningful way how to live a life that really matters even as a finite material being living in a material world If consciousness is the hard problem in mind science explaining how the amazing private world of consciousness emerges from neuronal activity then the really hard problem writes Owen Flanagan in this provocative book is explaining how meaning is possible in the material world How can we make sense of the magic and mystery of life naturalistically without an appeal to the supernatural How do we say truthful and enchanting things about being human if we accept the fact that we are finite material beings living in a material world or in Flanagan s description short lived pieces of organized cells and tissue Flanagan s answer is both naturalistic and enchanting We all wish to live in a meaningful way to live a life that really matters to flourish to achieve eudaimonia to be a happy spirit Flanagan calls his empirical normative inquiry into the nature causes and conditions of human flourishing eudaimonics Eudaimonics systematic philosophical investigation that is continuous with science is the naturalist s response to those who say that science has robbed the world of the meaning that fantastical wishful stories once provided Flanagan draws on philosophy neuroscience evolutionary biology and psychology as well as on transformative mindfulness and self cultivation practices that come from such nontheistic spiritual traditions as Buddhism Confucianism Aristotelianism and Stoicism in his quest He gathers from these disciplines knowledge that will help us understand the nature causes and constituents of well being and advance human flourishing Eudaimonics can help us find out how to make a difference how to contribute to the accumulation of good effects how to live a meaningful life

Dreaming While Awake Arnold Mindell, 2002-10-01 Mindell examines addictions relationships time travel lucid healing preventive medicine and Dreaming as world work The Dream Network Journal What if you could dream twenty four hours a day even while awake According to innovative psychotherapist Arnold Mindell Ph D we already do The seeds of dreaming arise in every moment of the day in body symptoms problems relationships subtle feelings interactions random thoughts and fantasies We re getting countless little cues from the unconscious every minute All are signs from the world of dreaming And according to Mindell we can be in this state of lucid dreaming all day long In Dreaming While Awake Mindell shows how to become aware of these flirts from the dreamworld and how to interpret their message

The goal he says is to be wide awake and lucid 24 hours a day in the midst of this unending dreamfield of information Practicing twenty four hour lucid dreaming Helps you solve personal physical and emotional problems Serves as a preventive medicine for relationships and health helping you catch the earliest warning signs before they turn into problems Helps resolve conflicts in relationships families large groups corporations even politics Dreaming is the mystical source of reality says Mindell My goal is to make the Dreaming roots of reality so accessible so visceral that your conscious mind will give you back your right to dream *Rebuilding Buddhism* Sarah LeVine, David N. Gellner, 2007-09-30 *Rebuilding Buddhism* describes in evocative detail the experiences and achievements of Nepalis who have adopted Theravada Buddhism This form of Buddhism was introduced into Nepal from Burma and Sri Lanka in the 1930s and its adherents have struggled for recognition and acceptance ever since With its focus on the austere figure of the monk and the biography of the historical Buddha and more recently with its emphasis on individualizing meditation and on gender equality Theravada Buddhism contrasts sharply with the highly ritualized Tantric Buddhism traditionally practiced in the Kathmandu Valley Based on extensive fieldwork interviews and historical reconstruction the book provides a rich portrait of the different ways of being a Nepali Buddhist over the past seventy years At the same time it explores the impact of the Theravada movement and what its gradual success has meant for Buddhism for society and for men and women in Nepal *The Oxford Handbook of Indian Philosophy* Jonardon Ganeri, 2017 *The Oxford Handbook of Indian Philosophy* tells the story of philosophy in India through a series of exceptional individual acts of philosophical virtuosity It brings together forty leading international scholars to record the diverse figures movements and approaches that constitute philosophy in the geographical region of the Indian subcontinent a region sometimes nowadays designated South Asia The volume aims to be ecumenical drawing from different locales languages and literary cultures inclusive of dissenters heretics and sceptics of philosophical ideas in thinkers not themselves primarily philosophers and reflecting India's north western borders with the Persianate and Arabic worlds its north eastern boundaries with Tibet Nepal Ladakh and China as well as the southern and eastern shores that afford maritime links with the lands of Theravada Buddhism Indian Philosophy has been written in many languages including Pali Prakrit Sanskrit Malayalam Urdu Gujarati Tamil Telugu Bengali Marathi Persian Kannada Punjabi Hindi Tibetan Arabic and Assamese From the time of the British colonial occupation it has also been written in English It spans philosophy of law logic politics environment and society but is most strongly associated with wide ranging discussions in the philosophy of mind and language epistemology and metaphysics how we know and what is there to be known ethics metaethics and aesthetics and metaphilosophy The reach of Indian ideas has been vast both historically and geographically and it has been and continues to be a major influence in world philosophy In the breadth as well as the depth of its philosophical investigation in the sheer bulk of surviving texts and in the diffusion of its ideas the philosophical heritage of India easily stands comparison with that of China Greece the Latin west or the Islamic world *Manual of Insight* Sobhana (Mahā caññ' Cha rā to' 'A

rhañ'),2016-05-17 The most comprehensive manual of the practice of insight meditation vipassana written by one of its foremost 20th century proponents is translated into English for the first time Manual of Insight is the magnum opus of Mahasi Sayadaw one of the originators of the vipassana movement that has swept through the Buddhist world over the last hundred years The manual presents a comprehensive overview of the practice of insight meditation including the foundational aspects of ethical self discipline understanding the philosophical framework for the practice and developing basic concentration and mindfulness It culminates with an in depth exploration of the various types of insight and spiritual fruits that the practice yields Authored by the master who brought insight meditation to the West and whose students include Joseph Goldstein Jack Kornfield and Sharon Salzberg Manual of Insight is a veritable Bible for any practitioner of vipassana
