Army Regulation Ar 700 127 Logistics Integrated Product Support October 2014:

Army Regulation AR 700-127 Logistics United States Government US Army, United States Government, 2014-10-16 This regulation Army Regulation AR 700 127 Logistics Integrated Product Support prescribes the Department of the Army DA policy for implementing performance based life cycle product support including performance based logistics through the Army's Integrated Product Support IPS Program. The IPS Program includes planning, developing, acquiring, and sustaining well-defined, affordable, performance-based product support strategies (PBPSs) that meet the Soldier's requirements for Army materiel and software throughout their life cycle. Additional guidance for implementing this policy is provided in Department of the Army Pamphlet DA Pam 700 127 and must be used in conjunction with this regulation. The policy implements PBPS requirements, defines the process that the materiel developer (MATDEV) will use to develop and integrate a PBPS with the systems engineering process, identifies the framework, twelve integrated IPS elements that will be used to develop the PBPS, assigns responsibilities for developing and implementing PBPSs for Army materiel and software, and requires MATDEVs to implement metrics to measure product support performance. DA Pam 700 127 provides implementing guidance for this regulation. This policy does not apply to business information technology systems developed and supported under the Business Capability Lifecycle or associated processes.
