**Spirituality in Family Systemic Practice** Åse Holmberg, Per Jensen, 2025-02-03 Spirituality has offered people across cultures and continents a source of comfort and meaning for millennia and is closely connected to the human body through our emotions our behaviour and our relationships The concept today is considered broader than religion and can encompass our innate need for love hope values and direction in life While spiritual belief can foster recovery and resilience in times of crisis spiritual distress can also contribute to physical emotional and relational problems Despite its relevance most family therapists are not trained to incorporate spiritual and religious issues in therapy Based on the author s extensive research on this topic this book offers an overview of current theory as well as practical elements designed to help practitioners develop their spiritual literacy in their work with clients **Heartbeat Art** Claudia Arozqueta, 2025-05-27 An innovative history of

heartbeats pulse and technoscience in the works of a wide international array of artists and composers Heartbeat Art is the first study of how artists have engaged with heartbeats from the 1960s to the present creating sophisticated and technological works that project in unique ways the circulatory processes of the body beyond its physical limits Drawing on a long history of scientific and artistic experimentation Claudia Arozqueta offers detailed case studies of heartbeat works by a wide range of international artists working at the interconnections of our bodies art and science and technology including Yoko Ono Pauline Oliveros Heinz Mack Brian O Doherty Teresa Burga and many others Technoscientific advances in monitoring heartbeats and pulses in the nineteenth century such as Ren Laennec s stethoscope tienne Jules Marey s sphygmograph and chronophotograph and Willem Einthoven s electrocardiograph transformed the movements of the heart into audible and visual representations Artists saw in the language of these scientific technologies a way of mingling the inner with the outer the physical with the technological and data with flesh Using archival research interviews and correspondence Arozqueta describes significant works in detail discusses their contexts and development and examines the larger classes and contours of this neglected area of artistic activity Other artists in the volume include liane Radigue Jean Dupuy Linda Montano Catherine Richards Diana Domingues Mona Hatoum Rafael Lozano Hemmer and Christian Boltanski

*Talking Book Topics* , 2015-11 **Civil Vengeance** Emily L. King, 2019-09-15 What is revenge and what purpose does it serve On the early modern English stage depictions of violence and carnage the duel between Hamlet and Laertes that leaves nearly everyone dead or the ghastly meal of human remains served at the end of Titus Andronicus emphasize arresting acts of revenge that upset the social order Yet the subsequent critical focus on a narrow selection of often bloody revenge plays has overshadowed subtler and less spectacular modes of vengeance present in early modern culture In Civil Vengeance

Emily L King offers a new way of understanding early modern revenge in relation to civility and community Rather than relegating vengeance to the social periphery she uncovers how facets of society church law and education relied on the dynamic of retribution to augment their power such that revenge emerges as an extension of civility To revise the lineage of revenge literature in early modern England King rereads familiar revenge tragedies including Marston s Antonio s Revenge and Kyd s The Spanish Tragedy alongside a new archive that includes conduct manuals legal and political documents and sermons Shifting attention from episodic revenge to quotidian forms Civil Vengeance provides new insights into the manner by which retaliation informs identity formation interpersonal relationships and the construction of the social body

Exploding the Reading David Booth,2014-11-05 One 200 year old folk tale 30 teachers and 1 000 students Ride along with literacy guru David Booth as he takes the same story to a wide variety of classrooms from kindergarten all the way through grade 12 and be amazed by the learning generated David argues that it takes two to read a book He reasons that sharing responses and bouncing ideas off others guides students to deeper thinking and challenges them to reconsider their views and increase their understanding This intriguing book also shows teachers how to help students discover the world outside the text the origins connections place values and the different perceptions that readers have It illustrates ways to transpose that original text into other forms that let students look at the text with different eyes to ponder what might have been to challenge what they read and to add their new learning to the construct of the world Throughout the book authentic student samples and actual transcripts present students experiencing the featured story in a multitude of ways from poems and retellings to visuals and arts to conversation and blogs that will explode your definitions of comprehension response and engagement and have you looking at classroom literacy in a whole new way
