

KLA ART 012: PROJECT PROPOSAL GUIDE

You are required to describe the planned project, including visuals such as photographs, designs, sketches and drafts. You should also include a budget estimate.

Many people who are excellent artists find themselves floundering when it comes time to take on the task of constructing a proposal, with the proposal writing often being more stressful than the project itself. Fortunately, writing a proposal does not need to be difficult, so long as you take the time to think through the process.

There are phases that you need to go through before you develop your art project proposal.

FIRST, DO THE BACKGROUND RESEARCH An art project does not just happen!

1. Carry out a background search about the project announcers who & what they are. Check them out and meet with them if possible.
2. Then carry out a background search about the project itself, in this case it is about "12 BOXES MOVING"
 - i. What are the projects objective(s)/goals/requirements?
 - ii. Who is it targeting? All artists? This means it is going to be a competition.
 - iii. Check out any images, objects, materials about the project
 - iv. Where is the project going to happen?
 - v. What is the timeline or when is the deadline, and how much time will it take?
 - vi. How big is the project = do I need to collaborate, consult with other people, etc?
 - vii. Are there similar projects that I can use as a reference? But do not copy them.
 - viii. How are you going to benefit from the project? This will motivate you.
3. Plan for your project
 - i. What idea do you want to undertake? It should be connected to the project goals.
 - ii. Look around for some inspiration for example what is going on in the community/ environment around you.
 - iii. Try to be innovative by making an art idea that is new (X FACTOR) but do what you know how to do.
 - iv. What are your abilities? Will you be able to make the art project to the end or you need to work with another artist?
