Modern Art (New York, N.Y.),2004 While art history has made room for the flurry of movements that emerged in the period following World War II the myriad artistic developments of the last thirty years have yet to be assigned firm historical categories Drawing from the Modern 1975 2005 the final installment in a series of inaugural year exhibitions produced by the Department of Drawings attempts to tell a provisional story of the years from 1975 to the present as reflected through MoMA s singular drawings collection While making no claims to comprehensiveness the installation details both the blossoming of different art positions on a broad international scale in this era and the coming of age of drawing as an independent and for many artists primary mode of expression Organized chronologically and in loose clusters of artists working in the same milieu or vein of interest the exhibition features works by more than fifty artists including Bruce Nauman Gerhard Richter Martin Kippenberger Marlene Dumas Gabriel Orozco Kara Walker and Luc Tuymans **Arshile Gorky** Hayden Herrera,2003-01-01 Arshile Gorky traces the progress from apprentice to master of the man Andre Breton called the most important painter in American history *Modernism for the Masses* Jody Patterson,2020-11-17 A mural renaissance swept the United States in the 1930s propelled by the New Deal Federal Art Project and the popularity of Mexican muralism Perhaps nowhere more than in New York City murals became a crucial site for the development of abstract painting Artists such as Stuart Davis Arshile Gorky Willem de Kooning and Lee Krasner created ambitious works for the Williamsburg Housing Project Floyd Bennett Field Airport and the 1939 World s Fair *Modernism for the Masses* examines the public murals realized and unrealized of these and other abstract painters and the aesthetic controversy political influence and ideological warfare that surrounded them Jody Patterson transforms standard narratives of modernism by reasserting the significance of the 1930s and explores the reasons for the omission of the mural s history from chronicles of American art Beautifully illustrated with the artists murals and little known archival photographs this book recovers the radical idea that modernist art was a vital part of everyday life **Modern Spirit** W. Jackson Rushing,Kristin Makhholm,2013-08-08 The work of Chippewa artist George Morrison 1919 2000 has enjoyed widespread critical acclaim His paintings drawings prints and sculptures have been displayed in numerous public and private exhibitions and he is one of Minnesota s most cherished artists Yet because Morrison s artwork typically does not include overt references to his Indian heritage it has stirred debate about what it means to be a Native American artist This stunning catalogue featuring 130 color and black and white images showcases Morrison s work across a spectrum of genres and media while also exploring the artist s identity as a modernist within the broader context of twentieth century American and Native American art Born and raised near the Grand Portage Indian Reservation in Minnesota Morrison graduated from the Minnesota School of Art and the Art Students League in New York City He spent his early career mainly on the East Coast becoming one of the first Native American artists to exhibit his work extensively in New York Best known for his landscape paintings and wood collages he employed a variety of media paint wood ink and metal paper and canvas and developed a unique style that
