Architecture for the Screen Juan Antonio Ramírez, 2012-03-28 Most of us have never found ourselves trapped inside a burning skyscraper or entombed within an Egyptian pyramid, but we probably have some idea of what it would be like because of their portrayal on screen. The movies have overcome the constraints of time and place by bringing us images of diverse and otherwise unfamiliar settings. This work covers the many applications of art and architecture appearing in the movies produced in Hollywood from the very beginning until the fifties. The first chapters deal with the process of design, construction, physical characteristics, and immediate functions of a wide variety of architectural sets. The remaining chapters examine the great number of styles shown in those movies and take the reader up to the final triumph of modernist architecture in the aftermath of the Second World War. **Best of Newspaper Design 27**, 1995 *Animation* Scott Curtis, 2019-02-08 The last installment of the acclaimed Behind the Silver Screen series. Animation explores the variety of technologies and modes of production throughout the history of American animation. Drawing on archival sources to analyze the relationship between production and style, this volume provides also a unique approach to understanding animation in general.
