Art-based Research Shaun McNiff, 1998 Art therapy and all of the other creative arts therapies have promoted themselves as ways of expressing what cannot be conveyed in conventional language Why is it that creative arts therapists fail to apply this line of thinking to research In this exciting and innovative book Shaun McNiff one of the field's

pioneering educators and authors breaks new ground in defining and inspiring art based research He illustrates how practitioner researchers can become involved in art based inquiries during their educational studies and throughout their careers and shows how new types of research can be created that resonate with the artistic process Clearly and cogently expressed the theoretical arguments are illustrated by numerous case examples and the final part of the book provides a wealth of ideas and thought provoking questions for research This challenging book will prove invaluable to creative art therapy educators students and clinicians who wish to approach artistic inquiry as a way of conducting research It will also find a receptive audience within the larger research community where there is a rising commitment to expanding the theory and practice of research Integrating artistic and scientific procedures in many novel ways this book offers fresh and productive visions of what research can be

The Routledge Companion to Research in the Arts Michael Biggs, Henrik Karlsson, 2010-10-04 The Routledge Companion to Research in the Arts is a major collection of new writings on research in the creative and performing arts by leading authorities from around the world It provides theoretical and practical approaches to identifying structuring and resolving some of the key issues in the debate about the nature of research in the arts which have surfaced during the establishment of this subject over the last decade Contributions are located in the contemporary intellectual environment of research in the arts and more widely in the universities in the strategic and political environment of national research funding and in the international environment of trans national cooperation and communication The book is divided into three principal sections Foundations Voices and Contexts each with an introduction from the editors highlighting the main issues agreements and debates in each section The Routledge Companion to Research in the Arts addresses a wide variety of concepts and issues including the diversity of views on what constitutes arts based research and scholarship what it should be and its potential contribution the trans national communication difficulties arising from terminological and ontological differences in arts based research traditional and non traditional concepts of knowledge their relationship to professional practice and their outcomes and audiences a consideration of the role of written spoken and artefact based languages in the formation and communication of understandings This comprehensive collection makes an original and significant contribution to the field of arts based research by setting down a framework for addressing these and other topical issues It will be essential reading for research managers and policy makers in research councils and universities as well as individual researchers research supervisors and doctoral candidates

Pluralism in Management Eirik Irgens, 2011-05-09 In Pluralism in Management author Eirik Irgens utilizes Ernst Cassirer s pluralistic philosophy in order to investigate how different but connected forms of knowing including art myth religion science and history may help us become better organizational scholars and management educators forcing us to consider elements outside of a purely practical existence Revitalizing Cassirer s almost forgotten philosophy the book illustrates the value of philosophical application to organizational study

Zones of Re-membering Don Gifford, 2011-03 Don Gifford in Zones of Re membering

shows clearly thoughtfully yet entertainingly how no one explanation will account for the depth and complexity of human experience and its grounding in Memory Because consciousness is a function of Memory life without Memory is no life at all as Alzheimer s all too frequently demonstrates Both our individual and collective Memory is stored in the arts he contends which in turn provide a way of knowing and of nourishing Memory and consciousness Memory like language is never really stable or accurate but appears as narrative and these narratives collectively form our entire culture For Gifford the profoundest explorer of the human consciousness time and memory is James Joyce and in its range of reference wit and humanity the spirit of Joyce permeates this book

Radical Human Ecology Rose Roberts,2016-04-08 Human ecology the study and practice of relationships between the natural and the social environment has gained prominence as scholars seek more effectively to engage with pressing global concerns In the past seventy years most human ecology has skirted the fringes of geography sociology and biology This volume pioneers radical new directions In particular it explores the power of indigenous and traditional peoples epistemologies both to critique and to complement insights from modernity and postmodernity Aimed at an international readership its contributors show that an inter cultural and transdisciplinary approach is required The demands of our era require a scholarship of ontological depth an approach that can not just debate issues but also address questions of practice and meaning Organized into three sections Head Heart and Hand this volume covers the following key research areas Theories of Human Ecology Indigenous and Wisdom Traditions Eco spiritual Epistemologies and Ontology Research practice in Human Ecology The researcher researched relationship Research priorities for a holistic world With the study of human ecology becoming increasingly imperative this comprehensive volume will be a valuable addition for classroom use

Visual Arts as a Way of Knowing Karolynne Gee, 2000 If you ask a child to draw you a picture you ll get an instant response for the visual arts are natural means of expression that students of all ages use confidently and often with stunning directness and depth And for a teacher incorporating visual arts throughout the curriculum builds in a level of energy enthusiasm and insight that can only enhance children s learning experiences

Visual Arts as a Way of Knowing is a serious yet fun resource for teachers who are curious about art and know that it can be an important part of their teaching. The book is meant to tease out the artist in you to encourage you to take risks and delve into painting or drawing or just making things. For like writing, art is a matter of taking risks that can lead to wonderful rewards. Karolynne Gee draws on the stories of teachers and the reflections of children who have discovered they can create and for whom that discovery is the great Aha. From that point on, you know how to make creative and aesthetic choices based on the principles of art and art becomes a powerful tool in thinking, learning, and problem solving. Visual Arts as a Way of Knowing features discussion of visual arts content, principles, techniques, and applications; guidance in planning and facilitating projects and assessing them with students; practical classroom management strategies to support learning in arts and across the curriculum; ideas for art specialists and teaching colleagues; strong support for teachers as risk takers and learners alongside their students; a wealth of illustrations from fine arts, computer art, and student work that includes a range of work to show there is no right way; charts and field notes that can help you get started on a project or give you a new way of looking at a topic. Visual Arts as a Way of Knowing blurs the lines between formal and informal art as well as between teacher and learner. It will provide many interdisciplinary connections and ways for you to think about integrating visual art in a thoughtful way and discovering new problems that will stimulate your own and your students' thinking.

Novel Style Ben Masters, 2017. Marrying lyrical close reading with critical awareness. Novel Style argues for the ethical value of elaborate styles of writing and demonstrates that artistic excessiveness can provide dynamic responses to the moral complexities of our times.

Art Therapy Judith Aron Rubin, 1999. What is art therapy? How do art therapists use art to understand and to help people? What does the future of art therapy look like? This book provides a map of the territory of this rapidly growing discipline. Surveying the field from both a historical and a current perspective, the book covers a wide variety of practitioners and approaches. The reader will learn how art therapy is used to assess and to treat people of all ages and conditions in many kinds of settings, including clinics, hospitals, schools, prisons, community centers, and nursing homes. Art Therapy: An Introduction brings art therapy to life with over 40 clinical vignettes and almost 200 illustrations of artwork and of art therapy in action. Offering a rich array of sources and resources, the book will be of interest to clinicians and teachers in many fields, such as psychiatry, psychology, social work, counseling, art, and education.
