obvious miscarriage of justice he is galvanised into trying to clear George's name. With a mixture of detailed research and vivid imagination Julian Barnes brings to life not just this long forgotten case but the inner lives of these two very different men. The reader sees them both with stunning clarity and almost inhabits them as they face the vicissitudes of their lives whether in the dock hearing a verdict of guilty or trying to live an honourable life while desperately in love with another woman. This is a novel in which the events of a hundred years ago constantly set off contemporary echoes: a novel about low crime and high spirituality, guilt and innocence, identity, nationality and race, about what we think, what we believe and what we know. Julian Barnes has long been recognised as one of Britain's most remarkable writers. While those already familiar with his work will enjoy its elegance, its wit, its profound wisdom about the human condition, Arthur George will surely find him an entirely new audience.

**Arthur & George** Julian Barnes, 2012-02-15. Dieser Roman zeigt Julian Barnes auf dem Höhepunkt seines Könnens. P. D. James' Zwei Männer geprägt vom ausgehenden 19. Jahrhundert in Großbritannien begegnen sich in einer entscheidenden und dramatischen Phase ihres Lebens. Arthur Conan Doyle, der Erfinder von Sherlock Holmes, und George Edalji, ein kleiner Provinzanwalt. Julian Barnes schildert sie auf faszinierende Weise vor dem Hintergrund ihrer Zeit. Arthur und George könnten unterschiedlicher nicht sein. Der eine aus niederem schottischen Adel stammend, wird Augenarzt, dann ein erfolgreicher Schriftsteller und einer der berühmtesten Männer seiner Zeit. Der andere, braves Kind eines anglikanischen Dorfpfarrers indischer Herkunft, wird ein kleiner Rechtsanwalt in Birmingham. Beide sind sie zutiefst den Konventionen und Ehrvorstellungen ihrer Epoche verhaftet. Arthur leidet zudem unter einer schwierigen Liebesbeziehung. Ihre Wege kreuzen sich, als Arthur ein einziges Mal in seinem Leben in die Rolle des Sherlock Holmes schlüpft, um George zu helfen, der Opfer eines skandalösen rassistisch motivierten Justizirrtums geworden ist. Das Verfahren wird wieder aufgerollt. Arthur gelingt es, Georges Ehre zu retten. Arthur George stand wochenlang auf den Bestsellerlisten in England und den USA sowie auf der Shortlist für den Man Booker Prize 2005.

*Arthur i George* Julian Barnes, 2007-01-01. SEGONA EDICIÓ. Una obra magnífica plena d'humor, profunditat i saviesa, finalista del Man Booker Prize. Probablement la millor creació de Julian Barnes. Un episodi real oblidat convertit en una magnífica novel·la, una obra que permet veure en acció el creador de Sherlock Holmes, Arthur Conan Doyle, en un interessant cas d'intriga i prejudicis. Arthur Conan Doyle i George Edalji neixen a mitjan segle XIX a la Gran Bretanya. Els seus mons són distants. Arthur's metge i més tard escriptor de fama mundial gràcies a Sherlock Holmes. George d'origen indi, fa d'advocat a Birmingham i treballa sense cap notorietat pública. Per a principis del segle XX uns misteriosos esdeveniments faran que els dos personatges coincideixin i es veuran involucrats en una trama policial amb cartes anònimes, atacs nocturns i enigmàtics assassinats que van trasbalsar l'opinió pública britànica. Fruit d'una intensa recerca basada en un cas real i de la brillant imaginació de Julian Barnes, Arthur i George retrata magníficament la societat victoriana i recrea les vides de dos personatges que esdevenen extraordinaris. George Edalji acusat falsament i empresonat per motius racistes i Arthur Conan Doyle que va investigar el seu cas i va defensar públicament la seva innocència.

Traducció d'Albert Torrecasasana i Joan Punt Des del primer paràgraf sabem que estem a les mans d'un gran novel·lista que ens transporta a una irresistible narració i que combina de manera genial biografia històrica i l'emoció d'una trama d'intriga real. **Arthur & George** Julian Barnes, Julian, 2006 *Narrative Technique in Julian Barnes' Arthur and George* Olivia Frey, 2009 Seminar paper from the year 2009 in the subject English Language and Literature Studies Literature grade 1.0 University of Vienna Institut für Anglistik und Amerikanistik course Literature Seminar Contemporary Neo-Victorian Novels 20 entries in the bibliography language English abstract In his novel Arthur George Julian Barnes not only recreates the lives of his two eponymous characters but also minutely reconstructs the historical incident that made their lives intersect. In the long forgotten and unsolved case of the Great Wyrley Outrages in 1903 George Edalji 1877-1953 a half-Indian Birmingham solicitor was wrongly convicted of animal mutilation and imprisoned. It was Sir Arthur Conan Doyle 1859-1930 the famous writer and inventor of Sherlock Holmes who slipped into the role of a detective to investigate the truth behind the case and to help undo a miscarriage of justice. On the one hand the novel provides the conventional pleasure of historical fiction. Walter par 4 because it revolves around real-life figures and is based on a real incident. Applying his investigative skills Barnes carefully researched their biographies and history and represents them faithfully and meticulously. On the other hand it has to be borne in mind that it is nevertheless a fictionalized representation shaped by Barnes' creative and imaginative skills. Thus the novel mixes reality and imagination so that the book is part history part biography and part fiction. Guignery 129 In terms of genre Arthur George could hence be classified as *faction* a work that is on the borderline between fact and fiction concerned primarily with a real event or persons but using imagined detail to increase readability and verisimilitude. Hawthorn 64 It is exactly this delicate relationship of proven facts and fictional creations Barnes plays with throughout the novel in order to expose the tenuous nature of reality and the fine line between truth and fiction.

one of the most refined British writers and distinguished intellectuals of his generation whose rich body of work has been awarded many literary prizes both in the UK and abroad This critical guide provides a wide range of current critical perspectives on Barnes work *Englishness Revisited* Floriane Reviron-Piégay, 2020-10-27 What is Englishness Is there such a thing as a national temperament is there a character or an identity which can be claimed to be specifically English This collection of articles seeks to answer these questions by offering a kaleidoscopic vision of Englishness since the eighteenth century a vision that acknowledges stereotypes while at the same time challenging them Englishness is defined in contrast to Britishness the Celtic fringe Scotland in particular Europe and the Continent at large The effects of the Empire and of its loss are examined together with other socio economic factors such as the two World Wars de industrialization and the different waves of immigration Through a careful analysis of the arts literature philosophy historiography cultural and political studies produced in England and on the Continent over the last three centuries a composite image of Englishness emerges somewhere between centre and periphery tradition and innovation transience and timelessness rurality and urbanity commitment and isolation Englishness is thus revealed as a protean concept one which whether it is a historical or political construct a genuine emanation of a national desire or a simulacrum retains its fascination and this volume offers keys to understanding its diverse expressions **Recounting Cultural Encounters** Marija Knežević, 2009-10-02

Contributions reprinted in this book highlight some of the wide ranging ways in which the issues of culture and identity can be approached in a literary text while focusing on the ways in which cultural encounters have been changing both the world and its reflection in literature The beginning of the twenty first century is an appropriate time to repay careful attention to these issues Understanding how our perception of the Other changes with the concept of the world we inhabit we want to emphasize the rising importance of fostering cultural pluralism and global understanding Having based their research on widespread readings in academia such as deconstruction post colonialism post modernism new historicism and narratology the authors of these papers proceed by addressing the metaphor of travel as one of the strongest metaphors for the evolution of mankind especially if considered under the light of the historically and politically imposed opposition between the progressive western and the static eastern or African societies However as the end of the imperialist era brought about poignant awareness of cultural relativism as well as deconstruction of the great narrative of progress facing the Other as an unconceptualized entity became a major moral concern of a modern traveller It is pronounced that this concern should be textually testified to dramatize the human inability to avoid verbal appropriation of the other The final question we seek to answer is whether the era of advanced technology and globalisation along with a post modern ironical attitude to hyper realities and textual transparencies has rendered the sphere of the text the only available point of concern of contemporary literature and thought in general For its argumentation strongly founded in recent literary studies and humanities in general its interdisciplinary nature and its focus on the actual global problems of abrupt cultural change and exchange its heightened

understanding of the necessity of coexistence of differences in a changing world its spirit of tolerance and its international spirit in general we assume this collection will not only attract academic literary scholars but will also appeal to the general reading public

**Sherlock Holmes from Screen to Stage** Benjamin Poore, 2017-08-24 This book investigates the development of Sherlock Holmes adaptations in British theatre since the turn of the millennium Sherlock Holmes has become a cultural phenomenon all over again in the twenty first century as a result of the television series Sherlock and Elementary and films like Mr Holmes and the Guy Ritchie franchise starring Robert Downey Jr In the light of these new interpretations British theatre has produced timely and topical responses to developments in the screen Sherlocks stories Moreover stage Sherlocks of the last three decades have often anticipated the knowing metafictional tropes employed by screen adaptations This study traces the recent history of Sherlock Holmes in the theatre about which very little has been written for an academic readership It argues that the world of Sherlock Holmes is conveyed in theatre by a variety of games that activate new modes of audience engagement

**Victoriana - Histories, Fictions, Criticism** Cora Kaplan, 2007-02-14 A series of astute critical reflections on our enduring fascination with all things Victorian In this book Cora Kaplan looks at the politics of Victorians from the 1970s to the present a politics that emerges from the alternation between nostalgia and critique in fiction film biography and literary studies She asks how Jane Eyre can still evoke tears and rage as well as inspiring imitation and high art and why Henry James has become fiction's favourite late Victorian character in the new millennium Victorians the book argues has developed a modern history of its own in which we can trace the shifting social and cultural concerns of the last few decades Through the constant interrogation of history in such innovative works as John Fowles's *The French Lieutenant's Woman* A S Byatt's *Possession* David Lodge's *Nice Work* Peter Ackroyd's *Dickens* Jane Campion's *The Piano* Colm Toibin's *The Master* Sarah Waters's *Fingersmith* Alan Hollinghurst's *The Line of Beauty* and Julian Barnes's *Arthur and George* Victoriana maps out a very particular postmodern temporality

**Studies in the Rhetoric of Fiction** Ana-Karina Schneider, 2015-09-18 *Studies in the Rhetoric of Fiction* investigates the contemporary novel's relation to its forerunners the picaresques romances and sentimental novels of the 18th century Henry Fielding Laurence Sterne and Jane Austen are stable landmarks while of the contemporary practitioners a handful recur from one chapter to the next particularly Julian Barnes Ian McEwan and Kazuo Ishiguro The chapters share an interest in the rhetoric of fiction broadly understood as the way in which fictional works achieve their effects on readers whether by directly addressing a hypothetical reader using irony and parody orchestrating competitions between divergent narratives imitating musical structures inviting intertextual readings or openly taking issue with traditional conventions and expectations Chapters focusing on narrative strategy and metanarrative comment therefore alternate with those interrogating reading practices and readerly participation in the rhetorical interchange This collection of essays however does not propose a consistent theory of the rhetoric of fiction nor does it claim any generalisable validity for its findings Rather it consists of a

series of readings that address various formal aspects of the novels they focus on showing rhetoric in action pointing out the complex ways in which its means and strategies change in time and across genres and media It restores a sense that whatever old tricks the author or narrator is perceived to be up to they are an invitation to the reader to take part in the fun The book will appeal to students and scholars in the early stages of their research encouraging readings that identify rhetorical strategies that challenge conventional forms and expectations It is therefore largely free of rhetorical terminology making sparing use of it when distinctions must be drawn and the more technical aspects of novels are interrogated

**Ethics in Culture** Astrid Erll, Herbert Grabes, Ansgar Nünning, 2008-08-27 Alongside the recent cultural turn in the humanities there has been a noticeable return to ethical considerations With regard to literature as well as other media this has rekindled awareness of a tension antagonism or even disparity between ethics and aesthetics This volume of articles takes a more systematic and cross disciplinary approach to the widely mooted ethical turn in literature and other media than has been pursued so far It brings together a wide range of critical perspectives from literary studies media and cultural memory studies and philosophy tracing the complex and sometimes conflicting relationship between ethics and aesthetics in theoretical contexts and individual case studies as diverse as colonial architecture nineteenth century literary histories and postmodern writing and art
