Artifacts In Use The Paradox Of Restoration And The Conservation Of Organs:

Artifacts in Use John Watson, 2010-01-01 *Reconstruction, Replication and Re-enactment in the Humanities and Social Sciences* Sven Dupré, Anna Harris, Julia Kursell, Patricia Lulof, Maartje Stols-Witlox, 2025-10-01 Performative methods are playing an increasingly prominent role in research into historical production processes materials bodily knowledge and sensory skills and in forms of education and public engagement in classrooms and museums This book offers for the first time sustained interdisciplinary reflections on performative methods variously known as Reconstruction Replication and Re enactment RRR practices across the fields of history of science archaeology art history conservation musicology and anthropology Each of these fields has distinct histories approaches tools and research questions Researchers in the historical disciplines have used reconstructions to learn about the materials and practices of the past while anthropologists and ethnographers have more often studied the re enactments themselves participating in these performances as engaged observers In this book authors bring their experiences of RRR practices within their discipline into conversation with RRR practices in other disciplines providing a basis for interdisciplinary cross fertilization **Beethoven's French Piano** Tom Beghin, 2022-07-21 In this book Tom Beghin examines the French piano Beethoven famously acquired from the Erard firm in Paris in 1803 The Erard piano is one of only three extant instruments belonging to Beethoven and is housed in a museum in Austria Beghin argues that the piano sonatas Beethoven composed between 1803 and 1810 including the Waldstein and the Appassionata show the influence of the new French style of pianism and of the Erard in particular specifically in the uses of tremolo legato and the una corda pedal which softens dramatically the volume Beghin shows that Beethoven was guided by a search for new sonorities and that the specific touch provided by the Erard s technology helped to point him toward new compositional horizons especially at a time when he was forced to withdraw from performance due to his increasing deafness The book combines informed historical analysis of the musical milieus in Vienna and Paris with the author s own experiments at the keyboard in order to reconstruct the specific techniques that Beethoven was exploiting and the ways they translated into his innovative piano writing **Electronic Baroque** Peter F. Peters, 2025-08-26 A fascinating real time ethnography of the building of a unique musical instrument with both mechanical and electronic components Electronic Baroque tells the story of how a baroque pipe organ with both a mechanical and an electronic interface was built The book also explores how in musical practices the new comes into being In 2013 the Orgelpark in Amsterdam a concert venue dedicated to organists who want to give their instrument a new role in musical life embarked on a project to make a unique instrument This new baroque organ project combined principles and practices from historically informed organ building with the design and application of new computer hardware and software Drawing on hermeneutic pragmatist and post actor network theoretical approaches to history and music Peter Peters describes and analyzes how the dual design of the organ facing both past and present reiterates the long history of these instruments **Conservation Skills for the 21st Century** Chris Caple, Emily

Williams,2023-05-12 Conservation Skills for the 21st Century provides a much needed update to the original Conservation Skills volume presenting an overview of current issues facing conservators of historic and artistic works Beginning with the basics why the past is important as well as an overview of the nature and history of conservation the book allows the reader to develop a holistic appreciation of the subject As with the first edition this volume assists with the development of judgement in conservation students and young professionals A selection of new case studies representing issues conservators are likely to face in the 21st century illustrates the crucial considerations that must be made when proposing and executing a conservation treatment Incorporating recent developments and use of new technologies in conservation processes the book also covers topics such as conservation ethics recording and documentation investigating and cleaning objects stabilisation and restoration values decision making and responsibilities preventive conservation approaches to the treatment of working and socially active objects sustainability in conservation and the conservator s role as advocate With detailed case studies and written in a clear accessible style Conservation Skills for the 21st Century remains essential reading for student conservators and conservation professionals around the globe working across a wide range of conservation disciplines

Organ Restoration Reconsidered John Watson,2005 This volume brings together a series of essays delivered at the international colloquium Historic Organs Reconsidered Restoration and Conservation for a New Century held in 1999 at Historic St Luke s Church in Smithfield Virginia With St Luke s exceptionally rare 1630 English chamber organ as a backdrop invited authorities from seven countries offered diverse views on musical ethical and historical issues driving organ restoration today Part 1 of the book places the often vexing issues of organ restoration in the broader context of musical instrument restoration and historic preservation and considers the implications of emerging forensic examination methods for restoration ethics Part 2 visits two conservation laboratories providing an inside glimpse of new approaches to preservation minded restoration Part 3 focuses specifically on Historic St Luke s organ and its musical history with attention to the organ s possible builder its first owners and early repertory Part 4 offers perspectives on restoration through case studies of other historic organs in Europe and America
