At The Presidents Side The Vice Presidency In The Twentieth Century

Jody C. Baumgartner

At The Presidents Side The Vice Presidency In The Twentieth Century:

The White House Vice Presidency Joel K. Goldstein, 2017-03-03 I am nothing but I may be everything John Adams the first vice president wrote of his office And for most of American history the nothing part of Adams s formulation accurately captured the importance of the vice presidency at least as long as the president had a heartbeat But a job that once was not worth a bucket of warm spit according to John Nance Garner became in the hands of the most recent vice presidents critical to the governing of the country on an ongoing basis It is this dramatic development of the nation s second office that Joel K Goldstein traces and explains in *The White House Vice Presidency* The rise of the vice presidency took a sharp upward trajectory with the vice presidency of Walter Mondale In Goldstein s work we see how Mondale and Jimmy Carter designed and implemented a new model of the office that allowed the vice president to become a close presidential adviser and representative on missions that mattered Goldstein takes us through the vice presidents from Mondale to Joe Biden presenting the arrangements each had with his respective president showing elements of continuity but also variations in the office and describing the challenges each faced and the work each did The book also examines the vice presidential selection process and campaigns since 1976 and shows how those activities affect and or are affected by the newly developed White House vice presidency The book presents a comprehensive account of the vice presidency as the office has developed from Mondale to Biden But *The White House Vice Presidency* is more than that it also shows how a constitutional office can evolve through the repetition of accumulated precedents and demonstrates the critical role of political leadership in institutional development In doing so the book offers lessons that go far beyond the nation s second office important as it now has become

The Record United States. National Archives and Records Administration, 1994 **Through the Maelstrom** Boris Gorbachevsky, 2015-03-27 The monumental battles of World War II s Eastern Front Moscow Stalingrad Kursk are etched into the historical record But there is another hidden history of that war that has too often been ignored in official accounts Boris Gorbachevsky was a junior officer in the 31st Army who first saw front line duty as a rifleman in the 30th Army *Through the Maelstrom* recounts his three harrowing years on some of the war s grimmest but forgotten battlefields the campaign for Rzhev the bloody struggle to retake Belorussia and the bitter final fighting in East Prussia As he traces his experiences from his initial training through the maelstrom to final victory he provides one of the richest and most detailed memoirs of life and warfare on the Eastern Front Gorbachevsky s panoramic account takes us from infantry specialist school to the front lines to rear services areas and his whirlwind romances in wartime Moscow He recalls the shriek of Katiusha rockets flying overhead toward the enemy and the unforgettable howl of Stukas divebombing Soviet tanks And he conveys horrors of brutal fighting not recorded previously in English including his own participation in a human wave assault that decimated his regiment at Rzhev with piles of corpses growing the closer they got to the German trenches Gorbachevsky also records the sufferings of the starving citizens of Leningrad the savage execution of a Russian scout who turned in false information the killing of an

innocent German trying to welcome the Soviet troops and a chilling campfire discussion by four Russian soldiers as they compared notes about the women they d raped His memoir brims with rich descriptions of daily army life the challenges of maintaining morale and relationships between soldiers It also includes candid exposé of the many problems the Red Army faced the influence of political officers the stubbornness of senior commanders the attrition through desertions and the initial months of occupation in postwar Germany Through the Maelstrom features the swiftly moving narrative and rich dialogue associated with the grand style of great Russian literature Ultimately it provides a fitting and final testament to soldiers who fought and died in anonymity

Emerging from the Shadows Richard M. Yon, 2024-02-01 Although once derided as an insignificant office the vice presidency in the last forty years has witnessed an increase in stature prominence and influence Emerging from the Shadows focuses on explaining variation in vice presidential influence over time with an assumption that all vice presidents in the modern era have the capacity to exercise influence This study is the first of its kind to ascertain the true nature of vice presidential influence and the consequences of changing interpersonal situational institutional and electoral dynamics on that influence using in depth interviews and archival research These four dynamics as Richard M Yon demonstrates provide a model by which to understand the fluidity of vice presidential influence which in turn enables more precise analysis of the vice presidencies of Nelson Rockefeller Walter Mondale George H W Bush Dan Quayle Al Gore Dick Cheney and Joe Biden

The Oxford Companion to American Politics David Coates, 2012-07-12 Provides students and scholars with a valuable reference source in the field of American Politics The Companion will equip readers with a deep understanding of the complex interaction between governmental institutions and processes and the wider American economy and society that they govern

At the President's Side Timothy Walch, 1997 Essays by presidential scholars Washington insiders and Dan Quayle discuss the past present and future of the job John Adams called the most insignificant office ever the invention of man contrived or his imagination conceived Chapters discuss men chosen because of their native states or their political acumen but not their leadership abilities the tragic stories of Richard Nixon Lyndon Johnson Hubert Humphrey and Spiro Agnew the vice presidency as defined by Nelson Rockefeller Walter Mondale George Bush and Dan Quayle and Richard E Neustadt's analysis of the nucleus of vice presidential power proximity to the president Annotation copyrighted by Book News Inc Portland OR

Vice Presidents L. Edward Purcell, 2010 The majority of our vice presidents have been people of extraordinarily high aspiration ability and achievement For some the vice presidency was the deflating end of a political career for others the office was a stepping stone to the presidency

The Congress of the United States Donald A. Ritchie, 2006-10-12 This completely revised and updated edition contains more than 200 articles arranged alphabetically that provide a concise and easy to use guide to the people issues vocabulary and activities of the U S Senate and House of Representatives Fully illustrated and using first person observations excerpted from memoirs oral histories committee hearings and debates in the Congressional Record this student companion captures the drama humor triumphs and tragedies

of congressional history BOOK JACKET **Breaking the Heart of the World** John Milton Cooper, 2001-09-24 An engaging narrative about the political fight over the League of Nations in the US *Uncertain Allies* Klaus Larres, 2022-01-01 A clear and comprehensive examination of transatlantic relations during the Nixon Kissinger era The early 1970s represented a pivotal moment in U S ties with Europe Klaus Larres tells this story in a fascinating and highly readable manner Essential reading Daniel S Hamilton Johns Hopkins University Woodrow Wilson Center The United States has long been conflicted between promoting a united Western Europe in order to strengthen its defense of the West and fearing that a more united Western Europe might not submit to American political and economic leadership The era of wholehearted support for European unity was limited to the immediate postwar era The stances of the past three U S presidents Bush s unilateralism Obama s insistence on leading from behind and Trump s overt hostility toward the European Union were prefigured by Washington s economic and geopolitical strategies of the 1960s and 1970s Concentrating on the policies of Richard Nixon and Henry Kissinger Klaus Larres argues that their years in office were the major turning point when benign hegemony gave way to an attitude toward Europe that was seldom better than lukewarm frequently even outright hostile and that was returned in kind This book offers an unusually clear and comprehensive examination of transatlantic relations during the Nixon era **The American Vice Presidency Reconsidered** Jody C. Baumgartner, 2006-07-30 Since 1960 the office of the vice presidency of the United States has evolved into a fundamentally different institution than the one the founders envisioned attracting better qualified aspirants who may be called upon to perform a variety of important tasks This book offers a corrective to the overwhelmingly negative view that Americans have had of their vice presidents by demonstrating how the role has changed over time In addition Baumgartner examines those who were candidates for vice president but who were not elected The book is organized thematically according to the career path of the vice president from the selection process through campaign and nomination to election service in office and post White House contributions John Adams famously called the vice presidency the most insignificant office that ever the invention of man contrived or his imagination conceived Harry Truman called it about as useful as a cow s fifth teat How things have changed in a world where many consider Vice President Dick Cheney the most powerful figure in the current administration Since 1960 the office of the vice presidency of the United States has evolved into a fundamentally different institution than the one the founders envisioned attracting better qualified aspirants who may be called upon to perform a variety of important tasks No longer a ceremonial figurehead or legislative drudge the vice president today consults closely with the president and plays an important role in executive decisions Those who are chosen as running mates are examined more thoroughly than ever before not merely for the boost they might give the presidential candidate in the general election but also for the kind of president they might be if fate called upon them to serve In a book that is as readable as it is fascinating Baumgartner offers a corrective to the overwhelmingly negative view Americans have had of their vice presidents by demonstrating how the role has changed over

time Setting the stage with a visit to the Constitutional Convention and a brief look at pre modern vice presidents he examines the 19 men and one woman who have been vice presidents or candidates for the office since 1960 His insightful book is organized thematically according to the career path of the vice president from the selection process through the campaign and nomination to election service in office and post White House contributions **The American Vice**

Presidency Jody C Baumgartner,2015-04-23 It is quite possible that no elected office has been more historically maligned than the vice presidency of the United States From the beginning of American politics the office has been the object of ridicule by scholars pundits humorists citizens and even vice presidents themselves The perception among many is that institution and its occupants are at best irrelevant Recent history would suggest otherwise but as it stands no book exists that takes a detailed look at the new impactful vice presidency that s been forged since Clinton Gore took office The American Vice Presidency fills an important hole in the literature available to those interested in the modern vice presidency Concise yet comprehensive this book is the fullest and most accurate examination of the office to date covering the origins and constitutional roots of the institution its history and the slow transformation of the office starting in the mid twentieth century Jody C Baumgartner and Thomas F Crumblin highlight major changes in vice presidential selection as well as the new and various roles that vice presidents are being asked to play in their administrations The book emphasizes the increasingly substantive Vice Presidencies of Gore Cheney and Biden and both informs and spurs the debate surrounding what form and role the Vice Presidency will take on moving forward **The ^AOxford Guide to the United States**

Government John J. Patrick,Richard M. Pious,Donald A. Ritchie,2001-07-04 The Oxford Guide to the United States Government is the ultimate resource for authoritative information on the U S Presidency Congress and Supreme Court Compiled by three top scholars its pages brim with the key figures events and structures that have animated U S government for more than 200 years In addition to coverage of the 2000 Presidential race and election this Guide features biographies of all the Presidents Vice Presidents and Supreme Court Justices as well as notable members of Congress including current leadership historical commentary on past elections major Presidential decisions international and domestic programs and the key advisors and agencies of the executive branch in depth analysis of Congressional leadership and committees agencies and staff and historic legislation and detailed discussions of 100 landmark Supreme Court cases and the major issues facing the Court today In addition to entries that define legal terms and phrases and others that elaborate on the wide array of government traditions this invaluable book includes extensive back matter including tables of Presidential election results lists of Presidents Vice Presidents Congresses and Supreme Court Justices with dates of service lists of Presidential museums libraries and historic sites relevant websites and information on visiting the White House the Capitol and Supreme Court buildings A one stop comprehensive guide that will assist students educators and anyone curious about the inner workings of government The Oxford Guide to the United States Government will be a valued addition to any home library **The**

Clinton Presidency and the Constitutional System Rosanna Perotti, 2012-05-01 Presidential scholars former and current policymakers and a former president bring varied insights and analyses to consider the impact influence and legacy of the presidency of William Jefferson Clinton the New Democrat from Hope Arkansas In the eight years between 1993 and 2001 the Clinton White House presided over a booming economy that included a budget surplus in Clinton s second term oversaw the most significant welfare reform since the New Deal and wrestled with the challenge of developing a foreign policy vision for the post Cold War era Structurally the Clinton presidency expanded the office and responsibilities of the First Lady and the Vice President to an unprecedented degree prevailed in a budget battle with Congress that included two government shutdowns briefly employed a line item veto until the Supreme Court declared that power unconstitutional and endured the second impeachment of the chief executive in American history The evolution and consequences of the increased power held by modern presidents became sharply evident during the Clinton years In *The Clinton Presidency and the Constitutional System* based on the Eleventh Presidential Conference at Hofstra University readers are afforded a unique combination of scholarly analysis and the perspectives of former administration officials Students and scholars of the presidency will glean important understandings from the balanced judicious studies of the Clinton administration and their juxtaposition with firsthand recollections of some of the participants who defined and shaped those events

The Obama Presidency Robert P. Watson, Jack Covarrubias, Douglas M. Brattebo, Tom Lansford, 2012-07-01 Lively and engaging essays covering President Obama s domestic and foreign policy governing style and character

Richard B. Cheney and the Rise of the Imperial Vice Presidency Bruce P. Montgomery, 2009-02-01 On taking office in 2001 Dick Cheney crowned himself the first imperial vice president in the nation s history transforming a traditionally inconsequential office into a de facto fourth branch of government Taking a less journalistic and personal approach to Cheney than previous biographers this critical new biography shows exactly how Cheney engineered his arrogation of vast executive powers and the dire consequences his power grab has had and will long continue to have for the office of the vice presidency the balance of powers the Constitution geopolitics and America s security strength and prestige Taking advantage of the administration s global war on terrorism a president inexperienced in matters of war and peace and a Republican Congress that rated party power above institutional prerogatives Vice President Cheney moved with astonishing speed and energy to assume a dominant role on the national and international stage as the effective president in proxy of the United States Cheney asserted that all constitutional checks and balances and all individual liberties under the Bill of Rights are subservient to the president s powers as commander in chief in confronting international terrorism Although former administrations had made power grabs in the past in times of national crisis no president and certainly no vice president has ever exerted such sweeping claims of executive power on so many fronts in violation of the bedrock principles of the Constitution

Federal Register , 1995-06-07

The Ford Presidency Andrew Downer Crain, 2009-04-22 Though he occupied the oval office for less than three years Gerald Ford made several key

political decisions that helped reunite the country following the divisions over the Vietnam War and helped restore the faith of Americans in their government following the Watergate scandal This book provides a complete history of Ford's presidency from August 9 1974 to January 20 1977 with two chapters on the Nixon administration events leading up to Ford's succession

The Encyclopedia Of American Political History Paul Finkelman, Wallenstein P, 2001 The Encyclopedia of American Political History is the perfect single volume source for students researchers and scholars at all levels seeking an accessible easy to navigate reference on the forces that have shaped and continue to shape American history Particularly helpful to anyone hoping to understand the evolution and intricacies of the modern American political process this key reference identifies the most significant personalities trends campaigns and elections protests and rebellions laws statutes and policies in American political history

Urząd Wiceprezydenta Stanów Zjednoczonych Ameryki Maciej Turek, Pierwsza w polskiej literaturze naukowej monografia w całości poświęcona instytucji Wiceprezydenta Stanów Zjednoczonych Ameryki Po omówieniu podstawowych zagadnień związanych z konstytucyjną pozycją urzędu roli urzędu jako sukcesora Prezydenta statusu ustrojowego Wiceprezydenta zarówno w ustawodawczym jak i wykonawczym segmencie w adzie autor analizuje rolę selekcji kandydata na Wiceprezydenta jako tego czynnika który odgrywa pierwszorzędny rolę w praktyce politycznej mając kluczowy wpływ na sposób i zakres zadań jakie konkretnemu wiceprezydentowi będą powierzane w przyszłej prezydenckiej administracji Jest to dzieło oryginalne zarówno z perspektywy zastosowanych hipotez naukowych jak i zastosowanych metod i technik badawczych To jednocześnie pierwsze opracowanie w języku polskim przybliżające historyczną i współczesną pozycję urzędu Wiceprezydenta w amerykańskim systemie władzy Na uwagę zasługują wielopłaszczyznowe ujęcie badawcze dzięki któremu czytelnik poznaje z jednej strony genezę urzędu ewolucję jego pozycji ustrojowej oraz struktur instytucjonalną z drugiej zaś praktyk funkcjonowania amerykańskich wiceprezydentów od roku 1976 kiedy nastąpiły poważne zmiany w wymiarze instytucjonalnym Autor konfrontuje liczne koncepcje i założenia teoretyczne odnoszące się do ustrojowej pozycji wiceprezydentury przeprowadzając dogłębny analiz praktyki politycznej ostatnich kilkudziesięciu lat i definiując najważniejsze przyczyny współczesnej pozycji ustrojowej tego urzędu Z recenzji dr hab. Pawła Laidlera
