Atheist Delusions The Christian Revolution And Its Fashionable Enemies:

Atheist Delusions David Bentley Hart,2009-04-21 Religious scholar Hart argues that contemporary antireligious polemics are based not only upon conceptual confusions but upon facile simplifications of history and provides a powerful antidote to the New Atheists misrepresentations of the Christian past *Mind Your Faith* David A. Horner,2011-09-12 For young Christians about to embark on the collegiate experience David Horner provides a guide to thinking as a Christian Carefully exploring how ideas work he gives students essential tools for thinking critically contextually and coherently unpacking worldviews and discerning truth **Christianity, Islam, and Atheism** William Kilpatrick,2012 Christianity Islam and atheism argues that Islam is a religion of conquest and subjugation and that in spite of 9 11 and thousands of other terrorist attacks throughout the world many in the West still do not know or admit this because it conflicts with their multiculturalism and their belief in the equivalence of all cultures and religions Humbler Faith, Bigger God Samuel Wells,2022-03-30 Samuel Wells explores the key tenets of Christian belief by engaging with the most widely used arguments against religious faith that it s a crutch for the deluded a fairy tale for the simple minded the cause of so many wars a drug for the poor powerless against suffering one path among many and so on These are serious accusations against Christianity and Samuel takes them seriously seeking to understand how and why they have taken hold what part the church has had in making people so resistant to its message and what better stories it can tell in today s world Each chapter sets out traditional expressions of Christian beliefs engages with the arguments against them and then seeks to express those truths afresh as stories that can inform and shape our lives A study guide for groups is also included **Getting at Jesus** Peter S. Williams,2019-01-29 Portraying themselves as challenging blind religious dogma with evidence led skepticism the neo atheist movement claims that the New Testament contains unreliable tales about a mythical figure who far from being the resurrected Lord of life may not even have lived This comprehensive critique documents the falsehood of these neo atheist claims correcting their historical and philosophical mistakes to show how we can get at the truth about the historical Jesus

Human Flourishing in a Technological World Jens Zimmermann,2023-08-23 Human Flourishing in a Technological World addresses the question of human identity and flourishing in the light of recent technological advances The chapters in Part I provide a philosophical theological evaluation of changing major anthropological assumptions that have guided human self understanding from antiquity to modernity How did we move from a religious and mostly embodied anthropology of the person to the idea that we can upload human consciousness to computing platforms How did we come to imagine that machines can actually be intelligent or even learn in human fashion Moreover what metaphysical changes explain our mostly uncritical embrace of a technological determination of being and thus of how reality works In Part II the focus turns to the practical implications of our changing understanding of what it means to be human Covering some of the most pressing current concerns about human flourishing these chapters deal with the impact of technology on education healthcare

disability leisure and the nature of work communication aging death and the nature of wisdom for human flourishing in light of evolutionary biology The volume includes the text of a lecture by virtual reality engineer and computer scientist Jaron Lanier and a discussion between Lanier and other contributors **The Unknown God** John Hughes, 2013-04-10 What is the so called New Atheism The first decade of the twenty first century has witnessed a cluster of authors who have attained public notoriety through their mockery of religion and their popularizing of atheism How should Christians and other believers understand and respond to this aggressive attack on their faith In this collection of sermons leading academic theologians and philosophers who have written about the New Atheists seek to sum up their thinking and help us make sense of this contemporary phenomenon and offer a richer and more sophisticated account of what belief in God is really about

Scoffing at Scripture Frank Bolger Kelly, 2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world's major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and *Scoffing at Scripture* A Commoner Reads the World's Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world's priestly and virtually allmale elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly's intent is to facilitate critical analysis of the world's holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world's major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born *Scoffing at Scripture* A Commoner Reads the World's Holy Writ and Rejects Traditional Religion a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance *An Introduction to Ministry* Ian S. The Aesthetics of Atheism Kutter Callaway,Barry

Taylor,2019-04-02 To really understand God you have to understand atheism Atheism and Christianity are often placed at polar opposite ends of a spectrum forever in stark conflict with each other In *The Aesthetics of Atheism* Kutter Callaway and Barry Taylor propose a radical alternative atheism and theism need each other In fact atheism offers profound and necessary theological insights into the heart of Christianity itself To get at these truths Callaway and Taylor dive into the aesthetic dimensions of atheism using everything from *Stranger Things* to Damien Hirst's controversial sculptures to the music of David Bowie Nick Cave and Leonard Cohen This journey through contemporary culture and its imagination offers readers a deeper understanding of theology culture and how to engage faith in a chaotic and complex world where God is present in the most unexpected place atheism *In Good Faith* Scott A. Shay,2018-09-04 Prominent atheists claim the Bible is a racist text Yet Dr Martin Luther King Jr read it daily Then again so did many ardent segregationists Some atheists claim religion serves to oppress the masses Yet the classic text of the French Revolution What is the Third Estate was written by a priest On the other hand the revolutionaries ended up banning religion What do we make of religion's confusing role in history And what of religion's relationship to science Some scientists claim that we have no free will Others argue that advances in neurobiology and physics disprove determinism As for whispering to the universe an absurd habit say the skeptics Yet prayer is a transformative practice for millions This book explores the most common atheist critiques of the Bible and religion incorporating Jewish Christian and Muslim voices The result is a fresh modern re evaluation of religion and of atheism Scott A Shay is a Co Founder and Chairman of Signature Bank and a longstanding Jewish community activist Shay started a Hebrew school an adult educational program and chaired several Jewish educational programs He is the author of *Getting our Groove Back How to Energize American Jewry* and has been thinking about religion reason and modernity since wondering why his parents sent him to Hebrew school *Atheism?* Stephen E. Parrish,2019-05-06 Does atheism have a monopoly on reason and science Many think so or simply assume so Atheism challenges the many hidden assumptions that have led to the popular belief that atheism is the default position for explaining reality Delving into the most basic and fundamental questions of existence this thought provoking book explains that atheism does not and cannot provide a secure foundation for thought and life Specifically it demonstrates that atheistic theories cannot explain the existence of an ordered universe the conundrums of consciousness and knowledge or why there is morality or beauty Rather than being the result of reason atheism is shown to be in effect a revolt against reason If you enjoy pondering the most basic issues that confront us in our world today then *Atheism* is the book for you ***The New Atheism, Myth, and History*** Nathan Johnstone,2018-06-11 This book examines the misuse of history in New Atheism and militant anti religion It looks at how episodes such as the Witch hunt the Inquisition and the Holocaust are mythologized to present religion as inescapably prone to violence and discrimination whilst the darker side of atheist history such as its involvement in Stalinism is denied At the same time another constructed history that of a perpetual and one sided conflict between religion and science rationalism is

commonly used by militant atheists to suggest the innate superiority of the non religious mind In a number of detailed case studies the book traces how these myths have long been overturned by historians and argues that the New Atheism s cavalier use of history is indicative of a troubling approach to the humanities in general Nathan Johnstone engages directly with the God debate at an academic level and contributes to the emerging study of non religion as a culture and an identity

Apologetics without Apology Elaine Graham, 2017-07-19 Against many expectations religion has not vanished from Western culture People are troubled and fascinated in equal measure by this new visibility and are unsure whether it is right to re incorporate the vocabulary of faith into our common life This unprecedented co existence of religion and secularism is sometimes termed the postsecular and in this book Elaine Graham considers some of its implications for the public witness of Christianity She argues that everyone from church leaders theologians local activists and campaigners needs to learn again how to speak Christian in these contexts They need to articulate credible theological justifications for their involvement in public life and to justify the very relevance of their faith to a culture that no longer grants automatic privilege or credence This entails a retrieval of the ancient practice of apologetics in order to encourage and equip Christians to defend and commend their core principles and convictions in public This new apologetics involves discerning the actions of God in the world participating in the praxis of God s mission and bearing witness in word and deed Rather than being an adversarial or argumentative process this is an invitation to dialogue and to the rejuvenation of our public life
