of Black Americans while illuminating paths toward justice and understanding The roots of this literary tradition stretch back to the oral traditions brought from Africa where storytelling served as a vital means of preserving history transmitting cultural values and maintaining community bonds These oral traditions rich with proverbs folktales and songs would prove instrumental in sustaining the spirits of enslaved Africans in the New World When formal literacy was forbidden to the enslaved population these oral forms became vehicles of survival resistance and cultural preservation The transition from oral to written expression marked a pivotal moment in the development of African American literature The earliest published works by African Americans appeared in the eighteenth century beginning with the poetry of Phillis Wheatley and Jupiter Hammon These pioneering authors faced the dual challenge of mastering European literary forms while expressing their unique experiences as Africans in America Their works demonstrated not only intellectual capability but also challenged prevailing notions about the humanity and potential of African Americans

Each Hour Redeem Daylanne K. English, 2013-03-29 Each Hour Redeem advances a major reinterpretation of African American literature from the late eighteenth century to the present by demonstrating how its authors are centrally concerned with racially different experiences of time Daylanne K English argues that from Phillis Wheatley to Suzan Lori Parks African American writers have depicted distinctive forms of temporality to challenge racial injustices supported by dominant ideas of time The first book to explore the representation of time throughout the African American literary canon Each Hour Redeem illuminates how the pervasive and potent tropes of timekeeping provide the basis for an overarching new understanding of the tradition Combining literary historical legal and philosophical approaches Each Hour Redeem examines a wide range of genres including poetry fiction drama slave narratives and other forms of nonfiction English shows that much of African American literature is characterized by strategic anachronism the use of prior literary forms to investigate contemporary political realities as seen in Walter Mosley's recent

turn to hard boiled detective fiction By contrast strategic presentism is exemplified in the Black Arts Movement and the Harlem Renaissance and their investment in contemporary political potentialities for example in Langston Hughes and Amiri Baraka s adaptation of the jazz of their eras for poetic form and content Overall the book effectively demonstrates how African American writers have employed multiple and complex conceptions of time not only to trace racial injustice but also to help construct a powerful literary tradition across the centuries
