African American Organized Crime A Social History:

Encyclopedia of African American History, 1896 to the Present Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century **African American Organized Crime** Rufus Schatzberg, Robert J. Kelly, 1997 Comprehensive and objective this study argues that organized crime in the United States results from the struggle to attain the elusive American Dream to achieve success at any cost by any means The authors examine the social economic political and cultural conditions that fostered growth of criminal groups and organizations in African American communities from the post Civil War era to the ghettos of today Philadelphia's Black Mafia S.P. Griffin, 2005-12-08 Philadelphia's Black Mafia could be used as primary reading in deviance and organized crime courses Academicians in the fields of criminology sociology history political science and African American Studies will find the book compelling and important This book provides the first sociological analysis to date of Philadelphia's infamous Black Mafia which has organized crime with varying degrees of success in predominantly African American sections of the city dating back to the late 1960's Philadelphia's Black Mafia is a first step in developing both data and sophisticated theoretical propositions germane to the ongoing study of organized crime uses primary source documents including confidential law enforcement files court transcripts and interviews explores the group's activities in detail depicting some of the most notorious crimes in Philadelphia's history thoroughly examines the organization of the Black Mafia and the group's alliances conspiracies and conflicts challenges many of the current historical and theoretical assumptions regarding organized crime **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Encyclopedia of African American Society** Gerald D. Jaynes, 2005-02 An encyclopedic reference of African American history and culture The Rehnquist Court and Criminal Punishment Christopher E. Smith, 2014-02-04 First Published in 1997 Organized in a easily readable format this book on the Supreme Court and punishment takes the reader through the sentencing and incarceration issues that have been so controversial and yet so relatively unchanged over the years NOBLE DREW ALI & THE MOORISH SCIENCE TEMPLE OF AMERICA. THE MOVEMENT THAT STARTED IT ALL Sheik Way-El, 2011 This book will take the reader on a journey to the early 1900's when the first man Prophet Noble Drew Ali did bring to the so called Negro black and colored the first light of our lost knowledge of the east and founded the first Islamic organization in the United States He would reveal to us our true identity of the Moabites whom are the Heralded Moors and he would teach us that we are not Negroes Black Folks or Colored people because these names allude to slavery as they still do today This is the first time in history that a book was dedicated to giving a public accounting of the history of Noble Drew Ali and the Moorish Science

Temple of America insofar as the origins the efflorescence and the schism of the movement and the state of the Moorish nation today Foreign Policy and the Black (Inter)National Interest Charles P. Henry, 2000-08-31 Examines African American influence on United States foreign policy in the post Cold War era The Culture and Politics of Contemporary Street Gang Memoirs Josephine Metcalf, 2012-07-02 The publication of Sanyika Shakur's *Monster: The Autobiography of an L.A. Gang Member* in 1993 generated a huge amount of excitement in literary circles New York Times book critic Michiko Kakutani deemed it a shocking and galvanic book and set off a new publishing trend of gang memoirs in the 1990s The memoirs showcased tales of violent confrontation and territorial belonging but also offered many of the first journalistic and autobiographical accounts of the much mythologized gang subculture In *The Culture and Politics of Contemporary Street Gang Memoirs* Josephine Metcalf focuses on three of these memoirs Shakur's *Monster* Luis J Rodriguez's *Always Running: La Vida Loca, Gang Days in L.A.* and Stanley Tookie Williams's *Blue Rage, Black Redemption* as key representatives of the gang autobiography Metcalf examines the conflict among violence, thrilling sensationalism and the authorial desire to instruct and warn competing within these works The narrative arcs of the memoirs themselves rest on the process of conversion from brutal young gang bangers to nonviolent enlightened citizens Metcalf analyzes the emergence, production, marketing and reception of gang memoirs Through interviews with Rodriguez, Shakur and Barbara Cottman Becnel Williams's editor Metcalf reveals both the writing and publishing processes This book analyzes key narrative conventions specifically how diction, dialogue and narrative arcs shape the works The book also explores how these memoirs are consumed This interdisciplinary study fusing literary criticism, sociology, ethnography, reader response study and editorial theory brings scholarly attention to a popular, much discussed but understudied modern expression **Criminology** Anthony Walsh, 2011-10-11 *Criminology: The Essentials* presents a well written overview of the major theoretical perspectives and crime types discussed in most introductory criminology classes It covers the most up to date theories and research in a concise manner in a cost effective format Each chapter in the book includes chapter opening vignettes, interesting photos, many tables and figures to engage students' interest In the often difficult theory chapters are concluding Policy and Prevention sections and summary tables to compare and contrast the theories presented to promote a deep understanding of the concepts presented Policing Change, Changing Police Otwin Marenin, 2018-10-24 First published in 1996 In keeping with the other volumes in the *Current Issues in Criminal Justice* series this anthology is a prime example of joining readability and scholarship Editor Otwin Marenin has thoughtfully commissioned and compiled an excellent group of essays on the role of police in changing societies by a very knowledgeable group of scholars Moreover Marenin has added substantially to the collection through his own insightful contributions **The Contours of Psychiatric Justice** Bruce A. Arrigo, 1996 Twenty nine collected essays represent a critical history of Shakespeare's play as text and as theater beginning with Samuel Johnson in 1765 and ending with a review of the Royal Shakespeare Company production in 1991 The criticism centers on three aspects of the play: the

love friendship debate **Postmodern Criminology** Dragan Milovanovic,1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare s A Comedy of Errors Miola s edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play s debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on The Comedy of Errors that is published in obscure and difficultly accessible journals newspapers and other sources This collection brings together these essays for the first time **Comparative Delinquency** Clayton A.
