Glaude, 2003-01-01 Believing that African American religious studies has reached a crossroads Cornel West and Eddie Glaude seek in this landmark anthology to steer the discipline into the future Arguing that the complexity of beliefs choices and actions of African Americans need not be reduced to expressions of black religion West and Glaude call for more careful reflection on the complex relationships of African American religious studies to conceptions of class gender sexual orientation race empire and other values that continue to challenge our democratic ideals [Phillis Wheatley and the Romantics](#) John C. Shields, 2010-07-27 Phillis Wheatley was the first African American to publish a book Born in Gambia in 1753 she came to America aboard a slave ship the Phillis From an early age Wheatley exhibited a profound gift for verse publishing her first poem in 1767 Her tribute to a famed pastor On the Death of the Rev Mr George Whitefield followed in 1770 catapulting her into the international spotlight and publication of her 1773 Poems on Various Subjects Religious and Moral in London created her an international star Despite the attention she received at the time history has not been kind to Wheatley Her work has long been neglected or denigrated by literary critics and historians John C Shields a scholar of early American literature has tried to help change this perception and Wheatley has begun to take her place among the elite of American writers In Phillis Wheatley and the Romantic Age Shields contends that Wheatley was not only a brilliant writer but one whose work made a significant impression on renowned Europeans of the Romantic age such as Samuel Taylor Coleridge who borrowed liberally from her works particularly in his famous distinction between fancy and imagination Shields shows how certain Wheatley texts particularly her Long Poem consisting of On Recollection Thoughts on the Works of Providence and On Imagination helped shape the face of Romanticism in the late eighteenth and nineteenth centuries Phillis Wheatley and the Romantic Age helps demolish the long held notion that literary culture flowed in only one direction from Europe to the Americas Thanks to Wheatley s influence Shields argues the New World was influencing European literary masters far sooner than has been generally understood *Library of Congress Subject Headings* Library of Congress, 2013 **Library Journal** Melvil Dewey, Richard Rogers Bowker, L. inimical to democracy both aesthetics and politics depend on the structuring antagonism of inclusion and exclusion Yet in Democratic Anarchy Matthew Scully asks how can the people be represented in a way that acknowledges what remains unrepresentable What would it mean to face up to the constitutive exclusions that haunt U S democracy and its anxious fantasies of equality Synthesizing a broad range of theoretical traditions and interlocutors including Lacan Ranci re Edelman and Hartman Democratic Anarchy polemically declares that there has never been nor can there ever be a realized democracy in the U S because democracy always depends on the hierarchical institution of a formal order by one part of the population over another Engaging with an expansive corpus of American literature and art Harriet Jacobs Nathaniel Hawthorne Louis Zukofsky Thomas Pynchon Toni Morrison Theresa Hak Kyung Cha Nari Ward Ocean Vuong and Safiya Sinclair Democratic Anarchy argues that many liberal concepts and institutions are in fact structurally opposed to democratic equality because they depend on regulating what can appear and in what form By focusing on works that disrupt this regulatory impulse Scully shows how rhetorical strategies of interruption excess and disorder figure the anarchic equality that inegalitarian fantasies of democracy disavow Democratic Anarchy develops a rigorous theory of equality that refuses to repeat the inequalities against which it positions itself and it does so by turning to moments of resistance both aesthetic and political inaugurated by the equality that inheres in and antagonizes the order of things
