Lydia Cabrera and the Construction of an Afro-Cuban Cultural Identity Edna M. Rodríguez-Plata, 2005-11-16 Lydia Cabrera 1900-1991 an upper class white Cuban intellectual spent many years traveling through Cuba collecting oral histories stories and music from Cubans of African descent Her work is commonly viewed as an extension of the work of her famous brother in law Cuban anthropologist Fernando Ortiz who initiated the study of Afro Cubans and the concept of transculturation Here Edna Rodríguez Mangual challenges this perspective proposing that Cabrera's work offers an alternative to the hegemonizing national myth of Cuba articulated by Ortiz and others Rodríguez Mangual examines Cabrera's ethnographic essays and short stories in context By blurring fact and fiction anthropology and literature Cabrera defied the scientific discourse used by other anthropologists She wrote of Afro Cubans not as objects but as subjects and in her writings whiteness instead of blackness is gazed upon as the other As Rodríguez Mangual demonstrates Cabrera rewrote the history of Cuba and its culture through imaginative means calling into question the empirical basis of anthropology and placing Afro Cuban contributions at the center of the literature that describes the Cuban nation and its national identity [The Oxford Encyclopedia of Children's Literature: Aamu-Duan](#) Jack Zipes, 2006 Children's literature first became a distinct body of writing and publishing in the eighteenth century Until the seventeenth century children were usually considered as smaller versions of adults As the notion of childhood as a distinct part of life emerged a distinct body of literature emerged as well designed both to entertain and edify this new class of readers But for much of its history books written for children were not seen as worthy of scholarly attention Recently this has changed with everyone from literary critics to psychologists to anthropologists to historians studying this incredibly rich outpouring The Oxford Encyclopedia of Children's Literature is the first multi volume set to document and interpret the books read by children in the English speaking world It includes brief biographies of every major author and illustrator and features essays on all genres of children's literature individual works and prominent trends and themes as well as general essays on the traditions of children's literature in many country in the world A future Oxford Digital Reference Shelf title For more information visit <http://www.oxfordonline.digitalreference>
