The Publishers Weekly ,1898 Thrill of the Chaste Valerie Weaver-Zercher,2013-04-15 Take a peek beneath the bonnet Browse the inspirational fiction section of your local bookstore and you will likely find cover after cover depicting virtuous young women cloaked in modest dresses and wearing a pensive or playful expression They hover innocently above sun drenched pastures or rustic country lanes often with a horse drawn buggy in the background or the occasional brawny stranger Romance novels with Amish protagonists such as the best selling trailblazer *The Shunning* by Beverly Lewis are becoming increasingly popular with a largely evangelical female audience *Thrill of the Chaste* is the first book to analyze this growing trend in romance fiction and to place it into the context of contemporary literature religion and popular culture Valerie Weaver Zercher combines research and interviews with devoted readers publishers and authors to produce a lively and provocative examination of the Amish romance novel She discusses strategies that literary agents and booksellers use to drive the genre s popularity By asking questions about authenticity cultural appropriation and commodification *Thrill of the*

Chaste also considers Amish fiction's effects on Amish and non Amish audiences alike *Stronger Than Fiction* Shewanda LaRue Riley, 2021 My primary goals with this dissertation are to take a close look at how contemporary African American Christian fiction performs important literary and cultural functions and explore how these works reinforce or subvert perceptions of the contemporary African American Christian woman The specific texts that I analyze are chosen from 1997-2007 the earliest time period of publication of contemporary African American Christian fiction as they set the tone for African American Christian fiction literary works that have been published since that time The primary research question driving this project is whether contemporary African American Christian fiction has literary and cultural merit Moreover this dissertation explores how the complicated depictions of the African American woman in contemporary African American Christian fiction intersect and disrupt the boundaries between race gender and religion The overall focus is how in doing so these literary works reinforce what some could label a problematic contemporary African American Christian feminist ethos I examine historical and cultural forces that led to the creation of this literature and how this literature reflects and in a greater sense reacts to those forces My argument is that despite the best of intentions of the primarily female authors in some instances fall victim to patriarchal hegemonic forces in their depictions of contemporary African American Christian women Though intended to be positive and empowering the characterizations and themes of contemporary African American Christian fiction undermine the original intent of the literature to inspire contemporary African American Christian women
