Someone Michael Lucey, 2019-04-05 Imagine trying to tell someone something about yourself and your desires for which there are no words What if the mere attempt at expression was bound to misfire to efface the truth of that ineluctable something In Someone Michael Lucey considers characters from twentieth century French literary texts whose sexual forms prove difficult to conceptualize or represent The characters expressing these misfit sexualities gravitate towards same sex encounters Yet they differ in subtle but crucial ways from mainstream gay or lesbian identities whether because of a discordance between gender identity and sexuality practices specific to a certain place and time or the fleetingness or non exclusivity of desire Investigating works by Simone de Beauvoir Colette Jean Genet and others Lucey probes both the range of same sex sexual forms in twentieth century France and the innovative literary language authors have used to explore these evanescent forms As a portrait of fragile sexualities that involve awkward and delicate maneuvers and modes of articulation Someone reveals just how messy the ways in which we experience and perceive sexuality remain even to ourselves

The perfect guide to contemporary short story writing in South Africa, this book will be essential reading for researchers of African literature.

Sexual Futures, Queer Gestures, and Other Latina Longings Juana María

Rodríguez, 2014-07-25 Winner of the Alan Bray Memorial Book Prize presented by the GLQ Caucus of the Modern Language Association. Finalist for the 2015 LGBT Studies Award presented by the Lambda Literary Foundation. *Sexual Futures, Queer Gestures, and Other Latina Longings* proposes a theory of sexual politics that works in the interstices between radical queer desires and the urgency of transforming public policy between utopian longings and everyday failures. Considering the ways in which bodily movement is assigned cultural meaning, Juana María Rodríguez takes the stereotypes of the hyperbolically gestural queer Latina femme body as a starting point from which to discuss how gestures and forms of embodiment inform sexual pleasures and practices in the social realm. Centered on the sexuality of racialized queer female subjects, the book's varied archive includes burlesque, border crossings, daddy play, pornography, sodomy laws, and sovereignty claims. Seeking to bring to the fore alternative sexual practices and machinations that exist outside the sightlines of mainstream cosmopolitan gay male culture, Situating articulations of sexual subjectivity between the interpretive poles of law and performance, Rodríguez argues that forms of agency continually mediate among these various structures of legibility: the rigid confines of the law and the imaginative possibilities of the performative. She reads the strategies of Puerto Rican activists working toward self-determination alongside sexual performances on stage, in commercial pornography, in multi-media installations on the dance floor, and in the bedroom. Rodríguez examines not only how projections of racialized sex erupt onto various discursive mediums but also how the confluence of racial and gendered anxieties seeps into the gestures and utterances of sexual acts, kinship structures, and activist practices. Ultimately, *Sexual Futures, Queer Gestures, and Other Latina Longings* reveals, in lyrical style and explicit detail, how sex has been deployed in contemporary queer communities in order to radically reconceptualize sexual politics.

Cannibalizing Queer João Nemi Neto, 2022-02-08 Puts forward a new provocative history of queer cinema in Brazil. Through an analysis of contemporary Brazilian cinematic production, *Cannibalizing Queer: Brazilian Cinema from 1970 to 2015* discusses which queer representations are erased and which are acknowledged in the complex processes of cultural translation, adaptation, and devouring that defines the Brazilian understanding of sexual dissidents and minorities. João Nemi Neto argues for Brazilian cinema studies to acknowledge the

importance of 1920s modernism and of antropografia a conceptual mode of cannibalism to adopt and extrapolate a perverse form of absorption and raise the stakes on queer theory and postcolonialism and to demonstrate how they are crucial to the development of a queer tradition in Brazilian cinema In five chapters and two trailers Nemi Neto understands the term queer through its political dimensions because the films he analyzes represent characters that conform neither to American coming out politics nor to Brazilian identity politics Nonetheless the films are queer precisely because the queer experiences and affection explored in these films do not necessarily insist on identifying characters as a particular sexuality or gender identity Therefore attention to characters within a unique cinematic world raises the stakes on several issues that hinge on cinematic form narrative and representation Nemi Neto interviews and examines the work of Jo o Silv rio Trevisan and provides readings of films such as AIDS o furor do sexo expl cito AIDS the Furor of Explicit Sex 1986 and Dzi Croquetes Dzi Croquetes 2009 to theorize a productive overlap between queer and antropofagia Moreover the films analyzed here depict queer alternative representations to both homonormativity and heteronormativity as forms of resistance at the same time as prejudice and heteronormativity remain present in contemporary Brazilian social practices Graduate students and scholars of cinema and media studies queer studies Brazilian modernism and Latin American studies will value what one early reader called a point of departure for all future research on Brazilian queer cinema
