After The Sheikhs The Coming Collapse Of The Gulf Monarchies

Anis Ben Brik

After The Sheikhs The Coming Collapse Of The Gulf Monarchies:

After the Sheikhs Christopher Davidson, 2013-10-01 The Gulf monarchies Saudi Arabia and its five smaller neighbours the United Arab Emirates Kuwait Qatar Oman and Bahrain have long been governed by highly autocratic and seemingly anachronistic regimes Yet despite bloody conflicts on their doorsteps fast growing populations and powerful modernising and globalising forces impacting on their largely conservative societies they have demonstrated remarkable resilience Obituaries for these traditional monarchies have frequently been penned but even now these absolutist almost medieval entities still appear to pose the same conundrum as before in the wake of the 2011 Arab Spring and the fall of incumbent presidents in Egypt Tunisia and Libya the apparently steadfast Gulf monarchies have at first glance reaffirmed their status as the Middle East's only real bastions of stability In this book however noted Gulf expert Christopher Davidson contends that the collapse of these kings emirs and sultans is going to happen and was always going to While the revolutionary movements in North Africa Syria and Yemen will undeniably serve as important if indirect catalysts for the coming upheaval many of the same socio economic pressures that were building up in the Arab republics are now also very much present in the Gulf monarchies It is now no longer a matter of if but when the West's steadfast allies fall This is a bold claim to make but Davidson who accurately forecast the economic turmoil that afflicted Dubai in 2009 has an enviable record in diagnosing social and political changes afoot in the region

After the Sheikhs Christopher Davidson, 2012 **Muslim Archipelago** Ziauddin Sardar, Robin Yassin-Kassab, 2013 Merryl Wyn Davies unravels the paradox that is Malaysia and Indonesia Ziauddin Sardar reads the history of Kuala Lumpur from the window of his apartment Carol Kersten engages with a string of Indonesian intellectuals Nazry Bahrawi reads some classic Southeast Asian texts Ahmad Fuad Rahmat dissects a Malaysian demigod Andre Vltchek thinks Indonesian Islam is anything but tolerant and moderate Shanon Shah dabbles with Malay magic Rossie Indira laments the loss of classical Indonesian music Jo Kukathas weeps at the emergence of religious intolerance in Malaysia Linda Christanty ponders the genealogy of her Muslim name and Vinay Lal questions Malaysia's claims to be a genuinely pluralistic society Also in this issue Iftikhar Salahuddin visits the Dome of the Rock Hassan Mahamadallie is bowled over by a new biography of Malcolm X Mohammad Moussa laughs at Christopher Hitchens Samia Rahman watches Argo a short story by Nabeela M Rehman three poems by Marilyn Hacker and the top ten Malaysian obsessions

Salman's Legacy Madawi Al-Rasheed, 2018 A timely look at the personalities and factions contending for power in Riyadh as one princely order crumbles and another asserts itself

From Sheikhs to Sultanism Christopher M. Davidson, 2022-01-15 Muhammad bin Salman Al Saud and Muhammad bin Zayed Al Nahyan the respective princely strongmen of Saudi Arabia and the UAE have torn up the old rules They have spurred game changing economic master plans presided over vast anti corruption crackdowns tackled entrenched religious forces and overseen the mass arrest of critics In parallel they also appear to have replaced the old sheikhly consensus systems of their predecessors with something more autocratic more personalistic and

perhaps even analytically distinct These are the two wealthiest and most populous Gulf monarchies and increasingly important global powers Saudi Arabia is a G20 member and the UAE will be the host of the World Expo in 2021 2022 Such sweeping changes to their statecraft and authority structures could well end up having a direct impact for better or worse on policies economies and individual lives all around the world Christopher M Davidson tests the hypothesis that Saudi Arabia and the UAE are now effectively contemporary or even advanced sultanates and situates these influential states within an international model of autocratic authoritarianism Drawing on a range of primary sources including new interviews and surveys From Sheikhs to Sultanism puts forward an original empirically grounded interpretation of the rise of both MBS and MBZ

Battleground Christopher Phillips, 2024-02-27 The essential guide to geopolitics in the modern Middle East The Middle East is in crisis The shocking events of the war in Gaza have rocked the entire region More than a decade ago the Arab Spring had raised hopes of a new beginning but instead ushered in a series of civil wars coups and even harsher autocracies Tensions were exacerbated by the meddling of outsiders as regional and global powers sought to further their interests The United States for so long the dominant actor had stepped back leaving a vacuum behind it to be fought over Christopher Phillips explores geopolitical rivalries in the region and the major external powers vying for influence Russia China the EU and the US Moving through ten key flashpoints from Syria to Palestine Phillips argues that the United States overextension after the Cold War and retreat in the 2010s has imbalanced the region Today the Middle East remains blighted by conflicts of unprecedented violence and a post American scramble for power leaving its fate in the balance

Government and Politics of the Contemporary Middle East Tareq Y. Ismael, Jacqueline S. Ismael, 2023-09-18 This exciting new edition of the successful textbook for students of Middle Eastern politics provides a highly relevant and comprehensive introduction to the complexities of a region in constant flux Combining a thematic framework for examining patterns of politics with individual chapters dedicated to specific countries the book places the very latest developments and long standing issues within an historical context This third edition extends its analysis to post 2015 developments in the region as well as expanding the range of pedagogical features on offer Presenting information in an accessible and inclusive format the book offers Coverage of the historical influence of colonialism and major world powers on the shaping of the modern Middle East A detailed examination of the legacy of Islam Analysis of the political and social aspects of Middle Eastern life including alienation between the state and society poverty and social inequality and ideological crisis and renewal Case studies on countries in the Fertile Crescent Iraq Syria and Lebanon and Israel Palestine the Northern Belt Turkey and Iran and those West and East of the Red Sea Egypt and the members of the Gulf Cooperation Council A key introductory text for students of Middle Eastern politics and history at advanced undergraduate and postgraduate levels this new edition has been extensively updated to also become a timely and significant reference for policy makers and any motivated reader

The Resilience of Parliamentary Politics in Kuwait Courtney Freer, 2024 The first English language political history of Kuwaiti parliament this

book provides an unprecedented holistic treatment of grassroots contemporary Kuwaiti politics in English in over two decades incorporating the country's political dynamics into broader debates about the limits of authoritarianism and the practice of democracy in the Arab world particularly in oil wealthy states Author Courtney Freer uses the lens of parliamentary elections as a means of understanding the political ideologies that have dominated in Kuwait since independence As such it situates the dynamics of Kuwaiti politics within broader political science debates about whether democratic institutions in hybrid regimes are meaningful arenas for popular contestation or only serve to enhance autocratic rule Given the varying portrayals of Kuwait as robust authoritarianism upgraded authoritarianism or a noteworthy site of democratic participation *The Resilience of Parliamentary Politics in Kuwait* Parliament Rentierism and Society focuses on the ideologies that have mobilized political blocs rather than solely focusing on the institutions of political power themselves Freer includes extensive fieldwork and the use of Arabic and English primary sources to assess and examine the institutional setting that Kuwait presents and traces the dominant ideological strands in the country considering the comparative mobilizational potential of ascriptive identities like tribe and sect

The Palgrave Handbook of Contemporary Geopolitics Zak Cope, 2024-11-01 The Palgrave Handbook of Contemporary Geopolitics features expert geopolitical analysis from internationally renowned experts in the field Reflecting the need for global analysis of national and regional politics The Handbook highlights the wider strategic economic cultural and security geography of contemporary international relations The contributions underscore the complex interplay between sociopolitical processes at the national level and their articulation at the regional and global levels

Sectarian Gulf Toby Matthiesen, 2013-07-03 As popular uprisings spread across the Middle East popular wisdom often held that the Gulf States would remain beyond the fray In *Sectarian Gulf* Toby Matthiesen paints a very different picture offering the first assessment of the Arab Spring across the region With first hand accounts of events in Bahrain Saudi Arabia and Kuwait Matthiesen tells the story of the early protests and illuminates how the regimes quickly suppressed these movements Pitting citizen against citizen the regimes have warned of an increasing threat from the Shia population Relations between the Gulf regimes and their Shia citizens have soured to levels as bad as 1979 following the Iranian revolution Since the crackdown on protesters in Bahrain in mid March 2011 the Shia threat has again become the catchall answer to demands for democratic reform and accountability While this strategy has ensured regime survival in the short term Matthiesen warns of the dire consequences this will have for the social fabric of the Gulf States for the rise of transnational Islamist networks and for the future of the Middle East

Saudi Arabia in a Multipolar World Zakir Hussain, 2016-04-14 The Kingdom of Saudi Arabia has established itself as the twelfth largest economy in the world the largest West Asian economic power world's largest oil producer and a strong and capable force in international politics particularly in the Sunni Islamic world However at present it is at crossroads Should it continue as a kingdom or usher in the process of inclusive political representation This volume answers such questions and explores how the state is

coping with domestic regional and global developments to remain relevant in the changing times It provides a holistic overview of a slew of economic political cultural military and security policy measures that have been initiated by the government The work also offers a detailed analysis of Saudi Arabia s relations with three significant powers USA China and India and how they are evolving under new geopolitical and geostrategic dynamics This book will interest strategists policymakers researchers and students of international relations geopolitics political science and political economy as well as the informed reader

Tribal Reawakening and the Future of State-Building in Kuwait and Qatar Maryam

Al-Kuwari, 2025-01-01 This open access book approaches the history of tribes and their role in the formation of the modern states of Kuwait and Qatar by blending historical political and sociological perspectives Traditionally this subject has been approached from single perspective often picturing the tribe as a political and social entity that is opposed to the modern state In the Gulf context presenting and discussing the case studies of Kuwait and Qatar aims at revealing that the tribe played a salient role in the formation of the modern state in these two countries as well as in nation building both before the oil era and even after independence Moreover the book bridges an important gap that is often overlooked in GCC studies which explains how the tribe suddenly became a controversial factor in Gulf states and societies The book elaborates on tracing the roots of this transformation and in evaluating the role played by the state as it attempted to manipulate tribes to achieve political and other advantages only to trigger the rise of tribalism as a social and at times political force that undermines the legitimacy of the state The book also highlights the impacts of this transformation not only on the state but also on society as a whole with special emphasis on women in Kuwait and Qatar It is relevant to scholars and advanced students in areas of political sociology identity and gender comparative politics and for social scientists more broadly with a specific interest in the Middle East

Evolution of the Armed Forces of the United Arab Emirates Athol

Yates, 2020-12-10 While today the military of the United Arab Emirates is described admiringly as a little Sparta just 60 years ago the only security forces in the Emirates were the armed retainers of the Ruling Sheikhs and a small British led locally raised Arab force Through a combination of direct oversight by rulers investment in its nationals engagement of expatriates and the purchase of cutting edge military hardware the UAE Armed Forces has become arguably the most capable Arab military In the last decade it has also gained considerable experience through its military operations in Afghanistan Libya Iraq Syria and Yemen This book traces the little known history of the country s military from 1951 to 2020 It provides unparalleled detail on the constituent forces that evolved into the UAE Armed Forces in 1976 and how that unified force has evolved to the present It provides essential background information on how the country s geography demographics and political system have shaped its military the enduring roles of the military and the history of each military service It also details the political and command structure governing the military and its manpower and materiel characteristics The book concludes with an explanation of how the UAE has been able to develop such a highly capable military for its size in a

relatively short period of time The Evolution Of Qatari Foreign Policy Hichem Karoui, 2024-07-26 The research background of this book focuses on the emergence and evolution of Qatar's foreign policy from its historical foundations to its current global role. It examines how Qatar has transformed economically and strategically leveraging its oil and gas wealth to exert influence through soft power, media expansion and diplomatic relations. Past methods of analyzing Qatari foreign policy often centered on its economic transformation and strategic shifts without fully addressing the complexities of its geopolitical strategies and soft power initiatives. These approaches lacked a comprehensive view of Qatar's multifaceted foreign policy. This book is well motivated as it aims to provide a holistic understanding of Qatar's foreign policy evolution. The research methodology proposed in this study includes a detailed historical analysis, case studies of key events such as the Arab Spring and the 2017 Gulf Crisis, and an examination of Qatar's use of media diplomacy and investment as tools of influence. The tasks addressed by the methods in this study include understanding Qatar's strategic use of soft power, its diplomatic balancing act with major powers and its resilience during regional crises. The performance achieved by these methods supports the goals of providing a comprehensive analysis of Qatar's foreign policy evolution. Methods: Conducting a historical analysis of Qatar's transition from a British protectorate to an independent state. Examining the economic transformation brought about by the oil and gas boom and its impact on Qatar's strategic shifts. Analyzing Qatar's geopolitical strategy including its use of soft power and media expansion through Al Jazeera. Investigating Qatar's diplomatic relations with major powers and its role in regional disputes and mediation efforts. Assessing the impact of the Arab Spring and the 2017 Gulf Crisis on Qatar's foreign policy. Evaluating Qatar's investment strategies, sports diplomacy and preparations for hosting the FIFA World Cup 2022. Exploring Qatar's sustainable development goals, cultural diplomacy, educational initiatives, environmental policies, defense strategies, technological advancements, human rights challenges, regional cooperation, migration management and energy policies. Conclusion: The significance of this piece of work lies in its comprehensive analysis of Qatar's foreign policy evolution, highlighting the country's strategic use of its economic resources, media influence and diplomatic efforts to establish itself as a significant player on the global stage. Innovation point: The book provides a holistic view of Qatar's foreign policy integrating various aspects such as media influence, soft power and economic diplomacy. Performance: The book effectively demonstrates Qatar's strategic resilience and adaptability in the face of regional and global challenges. Workload: The extensive scope of the book covering multiple dimensions of Qatar's foreign policy indicates a high workload in terms of research and analysis.

Oil States in the New Middle East Kjetil Selvik, Bjørn Olav Utvik, 2015-07-16 Oil has been central to regime survival for oil states across the Arabian Peninsula and has been at the heart of their attempts to defuse the wave of Arab revolutions. However, in 2011, revolution hit Libya, the most oil dependent regime in the Middle East. The political storm winds that have swept this region have thrown into doubt the resilience of Arab rentier states and highlight how the political effects of oil vary across the oil producing countries. Oil States

in the New Middle East brings together leading experts to critically assess the centrality of oil and the relevance of Rentier State Theory in light of the post 2011 upheaval across the Middle East and North Africa. It combines overall reflections on the political dynamics in oil states with focused case investigations of individual countries. Taking as its starting point the centrality of oil in explanations of regime survival, the book analyses how the oil states have responded to and fared throughout the Arab popular upheavals, resulting in a critical assessment of the continued relevance of Rentier State Theory. While observers have asked how the uprisings varied between oil and non oil states, this book turns the comparative focus inward, arguing for a more fine grained understanding of the political effects of oil in different oil producing countries. This book would be of interest to students and scholars of Middle East North Africa and Gulf Studies, Oil and Politics as well as Comparative Politics and International Political Economy.

Evolving Security Threats and Identity in the United Arab Emirates Anna Reuß, 2025-09-26. This book examines and conceptualises the determinants of threat perceptions in the United Arab Emirates (UAE) and contributes to a better understanding of how a nation's self-conception shapes its perceptions of insecurity and emphasises the relevance of these dynamics for policymaking. It combines the societal approach of the English School of IR with securitization theory to offer a novel framework for analyzing threat perceptions. This book is relevant to students of Middle Eastern studies, Gulf studies, international relations, and scholars who are interested in theoretical perspectives.

Christianity in Oman Andrew David Thompson, 2019-10-31. This book explores the relationship between the distinctive Islamic beliefs (Ibadism) of Oman and how they define the experience of the church with regards to religious freedom. Oman is a nation with a long and glorious history of maritime trade stretching from China and India to the East coast of Africa. From sultan to shopkeeper, farmer to craftsman, the citizens of Oman embrace a surprising diversity of cultural heritage ranging from Baluchi, Persian, Yemeni, and East African. Yet there has hitherto been very little research about Christianity in this part of the world. Through the use of historical research, interviews, and theological discourse, Andrew David Thompson analyzes and reveals the distinctive experience of the Church in Oman.

Bedouins into Bourgeois Calvert W. Jones, 2017-05-26. An examination of how state-led social engineering in the United Arab Emirates is reshaping citizens for globalization and a post-petroleum future.

Public Policy Evaluation in the Middle East and North Africa Anis Ben Brik, 2025-06-13. This book examines the progress of the development of public policy evaluation in the Middle East and North Africa (MENA) region from multiple perspectives. It describes both past developments and the current state of evaluation across the region, focusing on how political regimes, administrative traditions, and policy advisory systems shape evaluation processes in different contexts. With contributions from a diverse list of international authors, it investigates the historical development of evaluation across the MENA region and analyses the political landscape, highlighting emerging trends and potential challenges that could influence the future of the field. An essential resource for researchers and practitioners in evaluation, public policy, and the MENA region, the book also provides students with the practical knowledge

and essential skills needed for careers in evaluation and policy analysis

A Political Economy of Arab Education

Mohamed Alaa Abdel-Moneim, 2015-09-07 The failure of reform policies in areas of critical importance to Arab populations such as health and education played a central role in igniting the Arab Awakening yet this policy perspective has been largely absent from recent studies of the region Arab regimes most reliant on repression to guarantee their survival were also those most vulnerable to mass politics Where threats to regime survival have been limited so have more meaningful reforms been possible finding an alternative to political change through focusing on soft policy areas such as education A Political Economy of Arab Education offers a comprehensive analysis of K 12 education systems in Arab countries deepening understanding of their administrative structures and outcomes and exploring how political considerations have impacted the ability of Arab regimes to engage in meaningful reform Taking a unique comparative political economy perspective it examines the reasons behind policy stagnation in Arab countries addressing the effects of size history and political stability on the design and implementation of policies and administrative structures Its informed analysis and comparison of education systems provides new insight into Arab regimes and highlights factors pulling them towards either stagnation or reform Examining the sustainability of reforms and establishing the benefits of engaging in meaningful change this book sheds light on why some regimes survived the Arab Spring while others crumbled and formulates convincing predictions on the potential for future regime change in the region This book will be of key interest to students and scholars of Middle Eastern Studies International and Comparative Education and Development Studies

After The Sheikhs The Coming Collapse Of The Gulf Monarchies Introduction

In today's digital age, the availability of After The Sheikhs The Coming Collapse Of The Gulf Monarchies books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of After The Sheikhs The Coming Collapse Of The Gulf Monarchies books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of After The Sheikhs The Coming Collapse Of The Gulf Monarchies books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing After The Sheikhs The Coming Collapse Of The Gulf Monarchies versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, After The Sheikhs The Coming Collapse Of The Gulf Monarchies books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing After The Sheikhs The Coming Collapse Of The Gulf Monarchies books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for After The Sheikhs The Coming Collapse Of The Gulf Monarchies books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic

texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, After The Sheikhs The Coming Collapse Of The Gulf Monarchies books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of After The Sheikhs The Coming Collapse Of The Gulf Monarchies books and manuals for download and embark on your journey of knowledge?

FAQs About After The Sheikhs The Coming Collapse Of The Gulf Monarchies Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. After The Sheikhs The Coming Collapse Of The Gulf Monarchies is one of the best book in our library for free trial. We provide copy of After The Sheikhs The Coming Collapse Of The Gulf Monarchies in digital format, so the resources that you find are reliable. There are also many Ebooks of related with After The Sheikhs The Coming Collapse Of The Gulf Monarchies. Where to download After The Sheikhs The Coming Collapse Of The Gulf Monarchies online for free? Are you looking for After The Sheikhs The Coming Collapse Of The Gulf Monarchies PDF? This is definitely going to save you time and cash in something you should think about.
